JUNG'S SEED ANNUAL FOR 1943

J. W. JUNG SEED COMPANY

Quality Seed Growers

RANDOLPH

WISCONSIN

Lombardy Poplar

LOMBARDY POPLAR — A widely used slender growing tree suitable for planting along drives and boundary lines, also useful for windbreaks and tall screen hedges. Well supplied with bright green foliage with silvery appearance on under side. Makes a rapid growth and is very hardy. **By express, not prepaid:** 4-5 ft. trees: 3 for 60c.; 12 for \$2.25. Heavy 5-6 ft. trees: Each 45c.; 3 for \$1.00; 6 for \$1.85.

Special Prices on Chinese Elm Trees

We have a fine stock of these popular fast growing trees which were grown here in our own nursery. These are straight, sturdy trees and not thin spindly seedlings. They are offered at such a low price that you can afford to set out shade trees or a windbreak at a very low cost.

Shipped by express, not prepaid:

| | 12 | 25 | 50 |
|-----------------|--------|--------|--------|
| 5 to 6 ft. | 2.00 | 3.75 | 7.00 |
| 4 to 5 ft. | \$1.65 | \$3.00 | \$5.75 |

Jung's Hardy Plant Collection

Easy to Grow. Hardy as an Oak Tree. Flowers from June to October.

This is a collection of hardy flowers, that once planted will last for years, and will increase in size and beauty from year to year.

It is made up of the following:

- 1 Moreton's Pink Lythrum
- 6 Giant Iris (all different)
- 3 Hardy Phlox (no two alike)

This fine collection of 10 sturdy field grown plants will be sent to you post-paid for only \$1.25.

1943

Our country is facing a very serious situation, probably never in its history has this been as critical as it will be in 1943.

It is the patriotic duty of everyone, who has space, to grow as much food in their gardens as possible. By all means plant a garden this year, canned vegetables will be high in price and many will probably be available only in limited quantities.

A good garden will supply you with health and wealth, also vegetables fresh from the garden are crisp, tender and full of vitamins.

In planting a garden you must have good seeds, for unless you plant good seeds the best soil and cultivation cannot produce a good crop.

You can order your seeds from Jung's with full assurance that you are getting seeds of the highest quality, seeds that will grow and produce a crop which will delight and please you in every way.

We have been growing and selling Seeds and Plants for 35 years and in this time have established an enviable reputation for quality and reasonable prices.

GREETINGS

1943

Here in one of the best sections of Wisconsin we own and operate over 800 acres of land devoted to growing Hybrid Corn, Pedigreed Seed Grain, Garden Seeds and Nursery Stock.

The growing of our seed crops is under the care of experienced men who have devoted many years to this kind of work, they use every care to see that the seeds and plants you receive from us are as good as is humanly possible to produce.

We cannot urge you too much to send your orders in early, many seeds are very scarce and this year there will be the greatest demand for garden seeds ever known in our history.

Last spring we were unable to fill many items at planting time and this situation will be even more serious this year, therefore **ORDER EARLY.**

Our thanks are expressed to our customers for their many orders of the past season. Your loyal patronage is appreciated and spurs us on to bend every effort in supplying you with Seeds and Plants that will grow and give you both pleasure and profit.

J. W. JUNG SEED COMPANY

Dickinson's Humus Inoculation

Will Increase Your Crops of
Beans, Peas and Sweet Peas

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crop, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Beans and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form, and will stick to the seeds, no water is necessary and it can be used a little at a time. Garden size will treat up to 15 lbs. of seed. Each 20c.; 3 for 50c. Bu. size for Beans or Peas 50c. Special pkt. for small gardens 10c.

VITAMIN B₁

This preparation has received wide publicity due to the remarkable results it has produced. You will be amazed at the size and beauty of flowers which you can grow by using this new discovery which is now very reasonable in price. Especially valuable for transplanting shrubs and plants as those treated will not wilt down but very little. Full directions on every box. Box of 48 Tablets (enough for 192 gal. solution) 25c.; 3 for 70c.

WAR GARDENS

FOR VICTORY

GROW VITAMINS AT YOUR KITCHEN DOOR

HiTox PLANT SPRAY

On our Seed Farms and Nursery we have tried out many different Plant Sprays and we find "HiTox" has given us by far the best results, especially for cucumber bugs.

This spray is deadly to insects but absolutely harmless to humans, birds and animals. Will not "burn" delicate leaves or tender flowers.

Easy to use as all that is necessary is to add water. Full instructions with each bottle or can.

"HiTox" costs a little more than many other sprays but you will find it the cheapest when results are compared.

| | | |
|------------------------------------|-------|--------|
| 1 Oz. Bottle (makes 3 gals. Spray) | | .35 |
| 6 Oz. Can (makes 18 gals. Spray) | | \$1.00 |
| 1 Pt. Can (makes 40 gals. Spray) | | \$1.75 |
| 1 Qt. Can (makes 80 gals. Spray) | | \$3.00 |

Please Note

If you require Garden Seeds in large quantities send for our wholesale or Market Gardeners Price List.

JUNG QUALITY GARDEN SEEDS

JIn the following pages you will find a complete but select list of both new and standard varieties of seeds, varieties which have been carefully tested and which we can fully recommend. All of these seeds are grown from carefully selected stocks and great care has been used to keep them pure; all have been carefully tested for germination. We make quality the first consideration for we know that without good seeds you cannot raise a good crop. Quality considered you will find our prices very reasonable.

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c.; oz. 15c.; 1/4 lb. 45c.; lb. \$1.50.

WASHINGTON ASPARAGUS

Jung's Northern Grown Bush Beans

GIANT STRINGLESS GREEN POD

Green Pod Bush Beans

GIANT STRINGLESS GREEN POD—Here is an absolutely stringless, giant podded bush bean. It combines extreme earliness, unusual hardness and great productiveness. The handsome pods are 6 to 7 inches long, very brittle and stringless even when fully matured, deep green in color and of the finest quality. One of the best varieties for either market or the home garden. Pkt. 8c.; 1/2 pt. 20c.; pt. 35c.; qt. 65c.

GIANT TENDERGREEN—Immense Yielder. **Giant Tender Pods**. Absolutely Stringless. A new green podded bush bean, very productive, absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, free from strings and of finest flavor. Bushes are unusually strong and vigorous, this variety easily ranks as the most desirable green podded bush bean. Pkt. 10c.; 1/2 pt. 22c.; pt. 40c.; qt. 70c.

BRITTLE WAX

The Seed Beans we offer are practically all of our own growing. They were produced from select stock seed, were thoroughly rogued and hand picked. You will find that our Northern Grown Beans will be ready to use earlier and also bear heavier crops of pods than the ordinary commercial stocks.

GIANT TENDERGREEN

BRITTLE WAX

The Earliest of ALL BUSH BEANS. Of such excellent quality that it might be termed "best of all"

The plants are very hardy and vigorous, of true bush growth, about 15 inches high and heavily laden with the long, straight, round and very solid pods, from five to seven inches long. The pods are of a rich, golden color, very tender and entirely free from strings at all stages of growth. It will stand longer than any other bean without becoming hard. Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 70c.

Donald E. Markwell, N. H.—Our garden, grown from your seeds, was the best in our neighborhood; we sure were well pleased.

SURECROP WAX

Wax Bush Beans

SURECROP WAX—A splendid early wax bean that will give you quality and quantity. Resistant to blight and rust, exceptionally hardy and produces remarkable crops. Pods are bright yellow, 6 to 7 in. long, thick, fleshy and free from strings. The quality and yield of this fine wax or butter bean are "tops." Large Pkt. 8c.; 1/2 pt. 20c.; pt. 35c.; qt. 60c.

TOP NOTCH GOLDEN WAX—A great improvement on the old Golden Wax as it produces pods that are larger and also of better quality. It is one of the earliest varieties. Bushes grow 12 to 15 in. tall, very robust and free from disease; a sure cropper even under unfavorable conditions. Pods 4 1/2 to 5 in. long, one-half inch broad, very fleshy, tender and stringless. It combines earliness, hardness and productiveness. Pkt. 8c.; 1/2 pt. 20c.; pt. 35c.; qt. 60c.

TOP NOTCH GOLDEN WAX

FAIRFIELD WONDER WAX

JUNG'S FAIRFIELD WONDER WAX—Without a Doubt the Finest Wax Bean Ever Introduced. It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please the most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods which are from 6 to 9 inches long, one-half inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 10c.; ½ pt. 25c.; pt. 40c.; qt. 70c.

BUSH BEANS—Continued

PENCIL POD WAX—

We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 8c.; ½ pt. 22c.; pt. 40c.; qt. 65c.

PENCIL POD WAX

PREMIUMS

See Page 16

BEST OF ALL GOLDEN WAX—One of the heaviest yielding wax Bush Beans, also one of the surest crops when other varieties were a failure. Best of All yielded a heavy crop. It is a very early variety, having withstood frosts which seriously checked other varieties. The bushes are literally covered with fine transparent yellow pods which are from 4 to 5 inches long, remarkably tender and brittle and it has no strings whatever. Plant it once and you will want it every year. Pkt. 8c.; ½ pt. 22c.; pt. 40c.; qt. 65c.

BEST OF ALL WAX

It will pay you to inoculate your Beans. See Page 1.

Bush Lima Beans

EARLY POTATO BUSH LIMA—

The earliest of all Lima Beans, by planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost; they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 8c.; ½ pt. 22c.; pt. 40c.; qt. 65c.

EARLY POTATO LIMA

WONDER BUSH LIMA

WONDER BUSH LIMA—A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 8c.; ½ pt. 25c.; pt. 40c.; qt. 70c.

FORDHOOK BUSH LIMA

FORDHOOK BUSH LIMA—

Fordhook is the big, almost round, seeded bush Lima that bears its pods in clusters of four to six. Each pod contains from three to five large plump beans that are so tightly packed that the ends of the beans are flattened. Of true bush type, the plants grow 16 to 20 in. tall, are well supplied with foliage, the pods are abundantly produced. The most popular of all Bush Limas, both for the family and market gardens. Pkt. 10c.; ½ pt. 25c.; pt. 40c.; qt. 70c.

Mrs. Alvin Robbins, Ind.—I have ordered seeds from Jung several times and have always found them most satisfactory and exactly as represented. They grow rapidly and produce abundant crops.

KY. WONDER WAX

SNOWFLAKE FIELD BEANS

Snowflake or 1200 to 1 Field Beans

Ripens Early. Immense Yielder. Handsome Appearance. Unequalled for Soups or Baking.

We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. **Pkt. 7c.; ½ pt. 30c.; qt. 55c. Not prepaid: Pk. \$1.50; Bu. \$5.50.**

IMP. KEN. WONDER

POLE BEANS

IMPROVED KENTUCKY WONDER—One of the earliest and best green-podded pole beans. Its wide popularity is well deserved as it is enormously productive, the pods hanging in great clusters from top to bottom of poles. Pods are 9 to 10 inches long, entirely stringless and cook up rich and buttery. A very sure cropper and may be planted with corn. **Pkt. 10c.; ½ pt. 22c.; pt. 40c.; qt. 65c.**

KENTUCKY WONDER WAX—The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. **Pkt. 8c.; ½ pt. 25c.; pt. 40c.; qt. 70c.**

HENDERSON'S EARLY LEVIATHAN LIMA—This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. **Pkt. 8c.; ½ pt. 25c.; pt. 40c.; qt. 70c.**

BORECOLE or KALE

Special Offer No. 1

You can assure yourself a continuous supply of crisp and tender beans by planting the following:

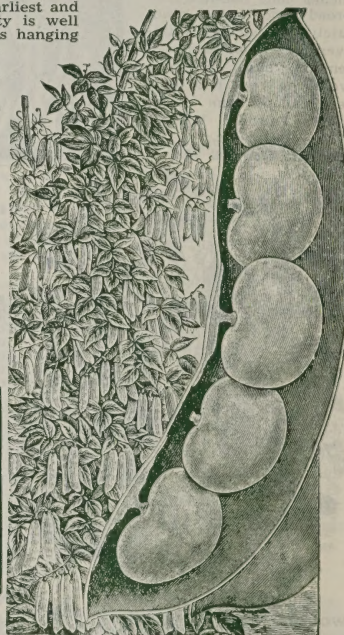

Giant Stringless Green Pod
Imp. Kentucky Wonder
Fairfield Wonder Wax
Best of All Wax
1 Pkt. of each for 30c.
½ Pt. of each for 80c.
1 Pint of each for \$1.45.
1 Qt. of each for \$2.75.

Borecole or Kale

DWARF CURLED—Useful for furnishing greens for boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the quality is improved by freezing. **Pkt. 8c.; ½ oz. 15c.; oz. 25c.**

BRUSSELS SPROUTS

HENDERSON'S LEVIATHAN

Brussels Sprouts

LONG ISLAND IMPROVED—The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the Sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. **Pkt. 12c.; ½ oz. 25c.; oz. 45c.**

Mrs. H. O. Stevens, Ind.—This is the fifth year I have ordered seeds from you and they are surely very fine. My garden is always early and good.

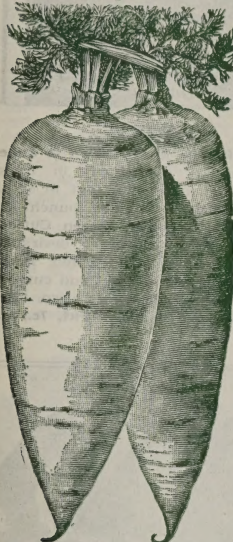

CARROTS

CORELESS or EARLY MARKET—A handsome half-long cylindrical stump-rooted carrot of good size and of a rich orange color. It grows to a large size, is smooth and the flesh is very close in texture with little core and a small taproot. It is a good carrot for all soils and under good cultivation it has yielded 20 to 25 tons per acre. It is very easily harvested. **Pkt. 10c.; ½ oz. 25c.; oz. 40c.; ¼ lb. \$1.35.**

CORELESS

E. A. Houston, Nebr.—Your seeds cannot be excelled, every seed seems to grow.

LARGE WHITE BELGIAN

DANVERS HALF LONG

JUNG'S SELECT DANVERS—A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety, for both home and market gardens; especially for hard or stiff soils where longer varieties will not thrive. **Pkt. 8c.; ½ oz. 15c.; oz. 25c.; ¼ lb. 95c.**

RED CORED CHANTENAY—A very desirable Carrot in every way, it is a great improvement over the well known Chantenay, especially in color, texture and quality of flesh. They grow very smooth, 5½ to 6 in. long, 2¼ in. thick at the crown and being stump rooted they are easy to dig. Flesh is reddish orange colored no light core, fine grained, sweet and tender and has a very delicate flavor. Its fine quality, beautiful appearance and heavy yield makes this one of the best carrots for either the home or market garden. **Pkt. 8c.; ½ oz. 15c.; oz. 25c.; ¼ lb. 90c.**

Etta M. Thomas, Ore.—I have grown wonderful gardens from your seeds in Ark. and Iowa and am now going to plant them in Oregon.

Mrs. Margaret Bond, Ind.—JUNG'S SEEDS produce better crops, we have used them for years and know we can depend on you good seeds.

Field or Stock Carrot

LARGE WHITE BELGIAN—This is the largest yielding stock carrot grown. Nearly half its length grows above the ground, making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. **Pkt. 5c.; oz. 15c.; ¼ lb. 40c.**

Klein Wanzleben Sugar Beet

This Beet is the result of years of methodical and persevering selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analysis showing that the average percentage of sugar obtained from this variety is about eighteen and its average yield may be stated to be 15 to 16 tons per acre but crops of 25 to 40 tons per acre have been obtained off it. Flesh finely grained and very sweet. **Pkt. 7c.; oz. 15c.; ¼ lb. 45c.; lb. \$1.40.**

Mrs. Myrtle Burke, Ill.—I have planted Jung's seeds for a number of years and am well satisfied with them.

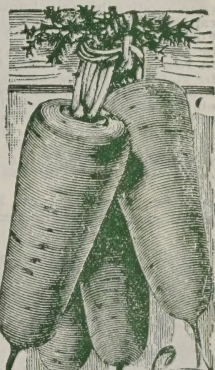

KLEIN WANZLEBEN SUGAR BEET

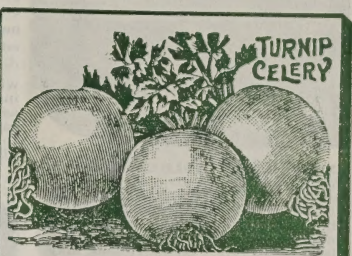

JUNG'S FIRST OF ALL

JUNG'S FIRST OF ALL—A remarkable handsome Carrot that is ready to use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. **Pkt. 8c.; ½ oz. 15c.; oz. 25c.; ¼ lb. 95c.**

Walter Lego, Ill.—We used your seeds and had fine plants, in fact the most satisfactory seeds we ever have bought.

CHANTENAY

Turnip Celery

This is an excellent vegetable. It produces large, turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables, for flavoring soups, or sliced and used as a salad. **Pkt. 8c.; ½ oz. 15c.; oz. 25c.**

A Booklet on Gardening Free with Orders of 25c or more if asked for on your order.

Celery Cabbage

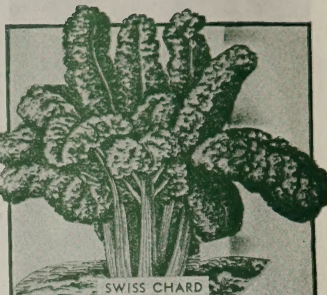

Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows, then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp, celery-like stalks, beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. **Pkt. 8c.; 1/2 oz. 12c.; oz. 20c.**

BROCCOLI

ITALIAN GREEN SPROUTING—One of the newer vegetables that is rapidly gaining in popularity. It is grown the same as cabbage or cauliflower and is ready to use in about 90 days after sowing. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. **Pkt. 8c.; 1/2 oz. 20c.; oz. 35c.**

SWISS CHARD

LUCULLUS—Plants grow 2 feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. **Pkt. 7c.; oz. 20c.; 1/4 lb. 60c.**

ENDIVE

GREEN CURLED—Mostly sown in June or July for fall use; plant in rows about one foot apart, thin out to 8 in. apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled, easily blanched and becomes crisp, tender and very fine flavored. **Pkt. 7c.; oz. 15c.; 1/4 lb. 50c.**

Cress or Peppergrass

An annual, making a good salad. Leaves are finely cut and feathery like a good parsley. It is dwarf and compact in growth. Very ornamental of quick growth, crisp and refreshing. **Pkt. 5c.; oz. 10c.**

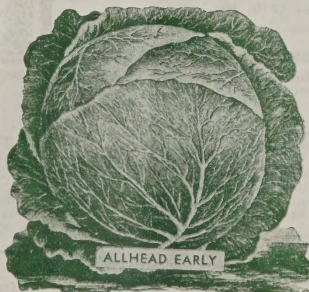

Mrs. Paul Zeleny, Minn.—We enclose order for more of your wonderful garden seeds, the cabbage was very nice.

CABBAGE

EARLY JERSEY WAKEFIELD—The standard pointed-headed Cabbage throughout the United States. The heads are uniformly hard and solid and are pyramidal in form, generally pointed at the end with few outside leaves. Having but few outside leaves it may be planted close so that more heads can be grown to the acre than with other sorts. It is exceedingly tender, fine grained and a cropper no early cabbage can approach it. Size is ideal for marketing. **Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.**

EXTRA EARLY GOLDEN ACRE—A wonderfully fine, extra early, round headed cabbage being ready for cutting ahead of Jersey Wakefield. The heads are of good size, very round, solid and everyone just alike. Plants grow very compact and may be set close together. Plant this cabbage for market and it will prove to be your "golden acre" as your crop will be ready to cut while prices are high. We offer an extra select stock of this finest extra early cabbage. **Pkt. 8c.; 1/2 oz. 18c.; oz. 35c.**

ALLHEAD EARLY—This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully one thousand more than is usual with large cabbage can be grown to the acre. **Pkt. 7c.; 1/2 oz. 17c.; oz. 30c.**

The cabbage seed we are offering was grown from selected stock and the heads were all carefully inspected before being set out. Our packets of Cabbage each contain enough seed to produce 500 plants.

W. J. Angerer, Mich.—We used your seeds last year and were greatly pleased with results especially the early Golden Acre Cabbage which produced such solid heads.

CABBAGE-Continued

RED DRUMHEAD—This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from seven to eight inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. **Pkt. 5c.; ½ oz. 12c.; oz. 20c.**

PERFECTION SAVOY—This is the hardest heading and best all-round SAVOY. Plants are of strong growth, having only a moderate amount of outer foliage growing closely around the solid heads. It is very sweet and crisp and always tender. The heads are beautifully blanchd and of the finest flavor. **Pkt. 8c.; ½ oz. 18c.; oz. 35c.**

Jung's Select Danish Ballhead or Hollander

A Grand Hard Headed Cabbage

This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads, exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequaled being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. **Pkt. 8c.; ½ oz. 18c.; oz. 30c.; ¼ lb. \$1.10; lb. \$4.25.**

SELECT FLAT DUTCH—It makes a large, round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sorts for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it is a splendid sort for giving unbounded satisfaction. **Pkt. 7c.; ½ oz. 15c.; oz. 25c.; ¼ lb. 90c.**

SELECT FLAT DUTCH

Protect your Cabbage from worms, bugs and plant lice by using "Hi-tox." See page 1

Disease Resistant Cabbage

The select strains of cabbage offered below are especially suited for sections infested with cabbage "yellows" where the regular strains will rot. You will find these varieties of superior quality.

MARION MARKET—One of the most popular and widely grown "yellows" resistant, early, round headed cabbage. May be classed as a very select Copenhagen Market as it is early and sure to produce large, round, solid heads. **Pkt. 8c.; ½ oz. 18c.; oz. 30c.**

RESISTANT GOLDEN ACRE—An extra fine extra-early Cabbage that has all the good qualities of Golden Acre and in addition is resistant to "yellows" and for this reason can be successfully grown in sections where this disease will destroy other varieties. Plants grow very compact and can be set close together. The heads grow to good size, are round, very solid and uniform in size and shape. **Extra Select Seed: Pkt. 10c.; ½ oz. 25c.; oz. 35c.**

DISEASE RESISTANT BALLHEAD This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. **Pkt. 8c.; ½ oz. 18c.; oz. 35c.**

"Quality First"

You will find Jung's Seeds to be of the highest quality. Utmost care is used to see that you will get seeds that will grow and produce profitable crops. Our packets are liberally filled with "full of life" seeds.

MARION MARKET

JERSEY QUEEN

EXTRA EARLY JERSEY QUEEN

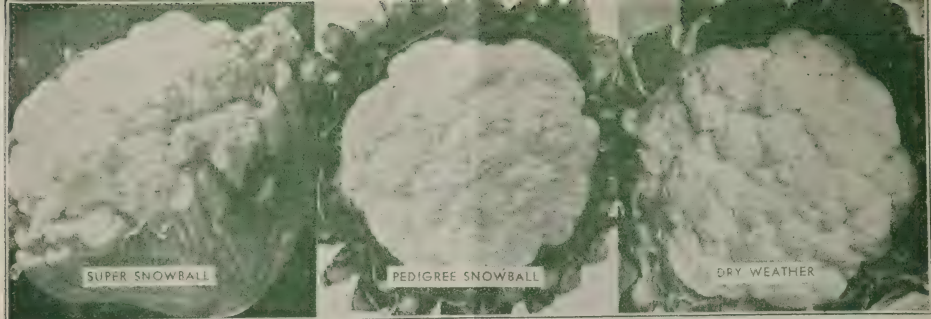

—A selection of the popular Jersey Wakefield, it retains the earliness and quality of the parent and in addition is resistant to "yellows", grows a compact plant and is sure to head. You will find this to be the best "resistant" pointed variety. **Pkt. 10c.; ½ oz. 18c.; oz. 30c.; ¼ lb. \$1.00.**

RESISTANT GOLDEN ACRE

DISEASE
RESISTANT
BALLHEAD

CAULIFLOWER

No effort is spared in the growing and breeding of our cauliflower seed. Regardless of what price you pay you cannot get seed that is more uniform in growth or surer to produce large, white solid heads. Give our seed a trial, you will not be disappointed.

Super Snowball

The Leading Early Cauliflower
Very Early. Sure to Head.

Growers wishing a Cauliflower that is early and sure to produce large, white solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. We offer select seed which is very scarce this year. Pkt. 25c.; 1/4 oz. \$1.40; 1/2 oz. \$2.25; oz. \$4.75.

Good seeds may cost a little more but this cost is very small when compared to the resulting crop. Plant Jung's Seeds.

CELERY

GOLDEN PLUME—This is a fine new celery that we can recommend without reserve. It is fully 2 week earlier than Golden Self Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 ft. tall and 1/4 in. thick. Has been blanched in the remarkably short period of 5 days. Select Seed: Pkt. 8c.; 1/2 oz. 20c.; oz. 35c.; 1/4 lb. \$1.25.

GOLDEN SELF BLANCHING—The best of all self-blanching varieties. It is without doubt the most popular celery grown. The ribs are perfectly solid, crisp, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self-blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanched to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. Pkt. 8c.; 1/2 oz. 25c.; oz. 45c.

UTAH No. 99—A very desirable selection of the new green type celery and contains more vitamins than the golden varieties. Plants are compact stalks broad and thick, exceptionally solid and crisp; of nutty flavor and fine quality, free from strings and fibre. Pkt. 10c.; 1/2 oz. 25c.; oz. 45c.; 1/4 lb. \$1.25.

WHITE PLUME—This is the earliest and most easily blanched celery. The plants grow rapidly and blanch easily during the summer months. Later in the fall the central stalks and leaves are of pure snowy whiteness even without earthing up; but stalks should be gathered together and earthed up as in the other varieties so as to produce close, attractive bunches. As for succulence, crispness and quality the White Plume is unequalled. Pkt. 5c.; 1/2 oz. 15c.; oz. 25c.

WHITE PLUME

SUPERB VEGETABLE SPECIALTIES

Select Detroit Dark Red Beet

This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. **Pkt. 8c.; oz. 25c.; 1/4 lb. 60c.; lb. \$2.00.**

Giant Sweet Spanish Onion

Giant in Size. Heavy Yields. Sweet Mild Flavor.

Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions, seeds sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It is globe shaped, has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. **We offer our special select strain of seed which was grown from only carefully selected bulbs. Pkt. 15c.; 1/2 oz. 35c.; oz. 60c.; 1/4 lb. \$2.10.**

Mrs. Fred Nelson, Mich.—Your garden seeds are unexcelled, would not think of planting my garden without them.

Fred J. Kiser, Ohio—You may take our repeat order as a testimonial of complete satisfaction.

New Colorado Cucumber

An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong rampant growers and bear bountifully. Fruits are 10 to 12 in. long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. **Pkt. 10c.; oz. 25c.; 1/4 lb. 70c. Immense Pods. Heavy Yields. Superb Quality.**

Giant Tendersweet Peas

A new main-crop Pea that is in a class by itself. Vines are strong and thrifty 24 to 30 in. tall, require no brush and bear the giant sized pods in profusion. Pods are 5 to 5 1/2 in. in length and contain 8 to 12 large bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the size, yield and quality of this splendid new Pea. **Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 70c.**

H. W. Leusner, Pa.—The seeds received from you last year were very satisfactory and did very well.

Bert Hodges, Texas—We have used your seeds for 2 years and have had the best garden we ever had.

GIANT SWEET SPANISH ONION

DETROIT DARK RED

JUNG'S WAYHEAD

JUNG'S IMPROVED Wayahead THE EARLIEST OF ALL TOMATOES
FIRST TO PRODUCE RIPE TOMATOES. GOOD SIZED FRUIT,
SMOOTH AND SOLID. BRIGHT RED COLOR.
FINE QUALITY

As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. Our strain of this tomato has all been grown from single plant selections and is highly improved. **Pkt. 15c.; 2 pkts. 25c.; 1/2 oz. 60c.; oz. \$1.00**

Jung's Super Select Wayahead Tomato

Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you seed saved only from the most select plants and first or crown-set fruits. Price of this super-select seed: **Pkt. 25c.; 1/4 oz. \$1.00; 1/2 oz. \$1.75; oz. \$3.25.**

Mrs. A. F. Sommers, Ohio—The Jung's Wayahead Tomato are the earliest and best I have ever had.

Mrs. Willard Clary, Va.—Am delighted with the Wayahead Tomato, had the first ripe ones June 19th. They are the earliest and most prolific tomato I ever saw.

Frank Beadle, Mich.—We had some of your Wayahead Tomatoes last year and they really did go "way ahead" of any others we have ever planted.

WISCONSIN BALLHEAD

Chicago Pickling Cucumber

The Most Popular and Widely Grown Pickling Variety. The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness. **Pkt. 8c.; oz. 20c.; 1/4 lb. 60c.**

Wisconsin Ballhead Cabbage

This new strain of cabbage is practically 100 per cent resistant to "yellows." It is a remarkably fine fall and winter cabbage being a good shipper and splendid keeper. The heads are round, weigh 6 to 8 lbs., and are very uniform in size and shape. We highly recommend this for either the home garden or market. **Pkt. 10c.; 1/2 oz. 18c.; oz. 30c.; 1/4 lb. \$1.15; lb. \$4.00.**

Fireball Garden Beet

This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. **Pkt. 8c.; oz. 20c.; 1/4 lb. 55c.**

Best of All Golden Wax Bush Bean

One of the heaviest yielding wax Bush Beans, also one of the surest croppers. Many times when other varieties were a failure Best of All yielded a heavy crop. It is a very early variety, having withstood frosts which seriously checked other varieties. The bushes are literally covered with fine transparent yellow pods which are from 4 to 5 inches long, remarkably tender and brittle and it has no strings whatever. Plant it once and you will want it every year. **Pkt. 8c.; 1/2 pt. 22c.; pt. 40c.; qt. 65c.**

Early Surehead Lettuce

Crisp and Tender. Easy to Grow. Sure to Head.

A specially selected strain of Lettuce that is ready to use early and sure to from heads being one of the best varieties for the home garden. Outer leaves much crumpled, heads are solid with well blanched creamy white heart. By planting this variety you can grow head lettuce as easily as radishes. Sow this seed early and thin out plants to stand 4 to 5 in. apart. **Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.**

Golden Dwarf Champion Tomato

The famous Golden Dwarf Champion owes its wide popularity to its stiff, vigorous growth, smooth fruit and fine color. Plants are bushy and compact with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. **Pkt. 8c.; 1/2 oz. 25c.; oz. 45c.**

GOLDEN DWARF CHAMPION

Pride of Wisconsin Musk Melon

A splendid new Musk Melon combining the fine quality of Honey Rock with the firm flesh and hard rind of Hearts of Gold and will ship well for long distances. The melons are oval in shape, weighing 3 to 4 lbs. The flesh is unusually thick, firm, deep orange colored, fine grained and remarkably sweet and sugary. The rind is very hard, of a pearly gray color and heavily covered with a distinct netting. If you wish to grow some fine melons either for home use or market you will make no mistake in planting this fine new melon. **Extra Select Seed; Pkt. 10c.; oz. 25c.; 1/4 lb. 75c.; lb. \$2.50.**

L. Kelderhouse, Mich.—Have used your seeds for many years and always find them as represented.

PRIDE OF WISCONSIN

"BUTTERCUP" The Quality Squash

Superb Quality. Excellent Keeper. Heavy Yields.

A splendid winter squash developed by Prof. Yaeger of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color, mature early, and are excellent keepers. Flesh is very thick, deep orange in color, very sweet, and entirely free from fibre of any kind. **The highest Quality Winter Squash. Pkt. 10c.; oz. 20c.; ¼ lb. 65c.**

Extra Early Honey Cream Sweet Corn

Dwarf in Growth, Requires Little Space, Deliciously Sweet and Tender. By far the most tender and delicious of all Sweet Corns. Make a planting of this fine corn and we are sure you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with delicious snowy white kernels. **Pkt. 10c.; ½ pt. 25c.; pt. 40c.; qt. 75c.**

Improved Stump Rooted Parsnip

A very fine new Parsnip that is short and thick being easy to dig especially in heavy soils. Roots grow 6 to 8 in. long, and 3 in. thick at the shoulder. They are smooth and of attractive appearance. Flesh is very fine grained, sweet and tender. The earliest of all Parsnips. **Pkt. 8c.; oz. 18c.; ¼ lb. 45c.; lb. \$1.50.**

Jung's Select Honey Rock Musk Melon

Sweet as Sugar. Solid as a Rock. Heavy Yields.

Handsome Appearance. Rapid Seller. Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is a main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. **Extra select seed saved only from hand selected melons. Pkt. 10c.; oz. 20c.; ¼ lb. 45c.; lb. \$1.50.**

Ex. Early Fireball Scarlet Globe Radish

A superb strain of extra early radish and if not sown too thick practically every plant makes a fine radish. The radishes are globe shaped, bright red, very uniform and have but few leaves. Flesh is pure white, crisp, solid and of delicious flavor. Well adapted for both garden and greenhouse. **Pkt. 7c.; oz. 15c.; ¼ lb. 35c.**

Quality Topper Tomato

A very good early Tomato that has about the finest flavor we have yet found in tomatoes. It is also a heavy yielder as the plants are resistant to wilt. Fruits are bright red, globe shaped, 3 to 3½ in. in diameter, smooth and solid. **Select Seed of our own growing: Pkt. 8c.; ½ oz. 25c.; oz. 45c.; ¼ lb. \$1.40; lb. \$4.00.**

PLENTIFUL BUSH BEAN

Plentiful Green Pod Bush Bean

This fine green podded bush bean combines quantity and quality. Grows strong and vigorous bushes that are quite resistant to disease; commences to bear early and continues for a long time if kept picked. Pods are a medium deep green 6 to 7 in. long, $\frac{1}{2}$ in. wide, very fleshy, free from strings and wonderful flavor. **Pkt. 8c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 70c.**

"Allheart" Cabbage Lettuce

A remarkably fine head lettuce for the home garden as it stands hot weather better than most other varieties. Plants make large firm heads almost as solid as cabbage, heads are light green outside while the inner portion is creamy yellow, very tender and of a delicious buttery flavor. Sow the seed early and thin out your plants to stand 6 to 8 in. apart in the rows. **Pkt. 7c.; oz. 20c.; $\frac{1}{4}$ lb. 60c.**

Best of All Beet

Unexcelled for Home or Market Gardens. Deep Red Throughout. No Light Zones. A new Beet that will please the most critical planter. Ready to use in 50 to 55 days. Beets are deep red in color with no white rings or zones, globe shaped and very tender and sweet. A splendid variety for pickling, bunching or canning as they are always smooth and uniform. We consider this one of the finest Beets for either the home or market garden. **Pkt. 8c.; oz. 25c.; $\frac{1}{4}$ lb. 60c.; lb. \$2.00.**

Cosberg Head Lettuce

A new Lettuce of superb quality that has the ability of forming heads, especially in warm weather where other varieties fail. Forms heads 4 to 5 in. long which bleach to a rich creamy white, crisp, tender and rich flavor. Give the plants room to head by planting thin. **Pkt. 8c.; $\frac{1}{2}$ oz. 15c.; $\frac{1}{4}$ lb. 75c.**

CRYSTAL APPLE

SALAD QUEEN TOMATO

COSBERG

Salad Queen Tomato

This is one of the most productive tomatoes as the fruit is produced in clusters. The fruits are always round and smooth, about 2 in. in diameter or just the right size to slice for salads or canning whole. Flesh is solid, deep red and of excellent quality. **Pkt. 8c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.**

CUCUMBER

Crystal Apple

(See cut below)

One of the most productive cucumbers, very vigorous vines that are resistant to cucumber bugs. Fruits are ivory-white, 3 to 4 in. long. Flesh is pure white and of mild sweet flavor, especially fine for salads and pickles. **Pkt. 8c.; oz. 25c.; $\frac{1}{4}$ lb. 75c.**

COSBERG

Salad Queen Tomato

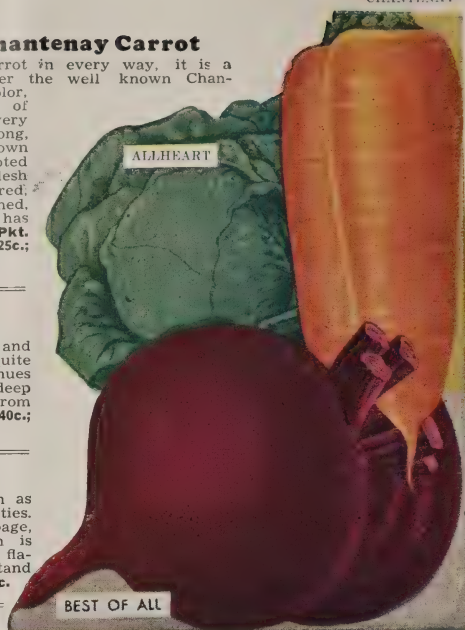

This is one of the most productive tomatoes as the fruit is produced in clusters. The fruits are always round and smooth, about 2 in. in diameter or just the right size to slice for salads or canning whole. Flesh is solid, deep red and of excellent quality. **Pkt. 8c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.**

CUCUMBER

Crystal Apple

(See cut below)

One of the most productive cucumbers, very vigorous vines that are resistant to cucumber bugs. Fruits are ivory-white, 3 to 4 in. long. Flesh is pure white and of mild sweet flavor, especially fine for salads and pickles. **Pkt. 8c.; oz. 25c.; $\frac{1}{4}$ lb. 75c.**

ALLHEART

BEST OF ALL

"Booklet on Gardening Free"

At considerable expense we have prepared a booklet of complete planting instructions on Vegetables and Flowers. A copy will be sent free when requested, with every order of 25c or more.

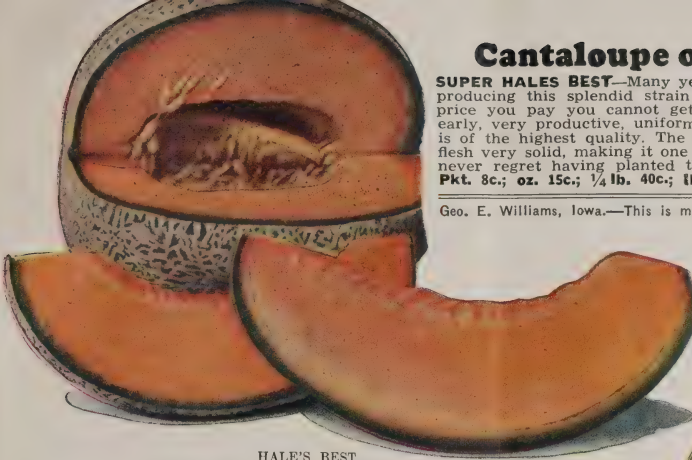

Jung's Earliest Tree Tomato

Jung's Earliest Tree Tomato

Enormous Yields. Bright Red. Early and Large.

A splendid variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about two feet and are stiffly erect until they become overloaded with fruit. The fruit is produced in clusters of three to five and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size, and are smooth and solid. Fruits have a solid, meaty center and no hard core and produces but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. **Pkt. 8c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.**

Mrs. Edgar Jeffers, W. Va.—Your seeds are the best I have ever used; we have had them 10 years and never had any that would equal them.

HALE'S BEST

Cantaloupe or Musk Melon

SUPER HALES BEST—Many years of extreme care were spent in producing this splendid strain of cantaloupe. No matter what price you pay you cannot get a better melon. It is extremely early, very productive, uniform in size and the deep orange flesh is of the highest quality. The melons are heavily netted and the flesh very solid, making it one of the very best shippers. You will never regret having planted this fine melon. **Extra Select Seed:** Pkt. 8c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.; lb. \$1.50.

Geo. E. Williams, Iowa.—This is my 20th order to you, 20 years in a row.

Mrs. F. Shearer, Pa.—Bought our seeds from you last year and had wonderful musk melons.

James A. Bettis, Ind.—This is the 5th year I have been ordering your seeds, I find them to be the best that money can buy.

GOLDEN HONEY SWEET

Golden Honey Sweet Water Melon

A Delicious Yellow-Fleshed Water Melon. Ripens Very Early.

A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green, rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. Pkt. 7c.; oz. 12c.; $\frac{1}{4}$ lb. 35c.

"Golden Gem" The Earliest Sweet Corn

Extra Early. Luscious Quality. Heavy Yielder. Profitable for Early Markets.

A wonderful new sweet corn that will appeal to all lovers of truly delicious corn. It has the luscious sweet flavor of Golden Bantam and is fully a week earlier. Although extremely early the ears are of good size, 6 to 7 in. long, and contain 8 rows of delicious tender kernels. The stalks grow only $2\frac{1}{2}$ to 3 ft. tall and often bear two ears. As the stalks are dwarf it can be planted quite close and a great many ears grown on a small piece of ground. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 70c.

TOMATO

Red Giant or Rutgers

A superb main crop tomato that will delight and please you with a crop of beautiful extra large tomatoes. Fruits are globe-shaped, deep red in color, very smooth and often weigh 8 oz. and over. Flesh is solid, contains few seeds and is of highest quality. Plants are strong and healthy. Outstanding in vigor, size and productiveness. Pkt. 10c.; $\frac{1}{2}$ oz. 25c.; oz. 40c.; $\frac{1}{4}$ lb. \$1.20.

Coreless or Early Market

A handsome half-long variety, the shape of which is well shown in the illustration. They average 6 inches in length by $1\frac{1}{2}$ inches in diameter and are ready for use quite early. The skin is very smooth and clean and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand carrot are increasing every year. Pkt. 10c.; $\frac{1}{2}$ oz. 25c.; oz. 40c.; $\frac{1}{4}$ lb. \$1.35.

GOLDEN GEM

RED GIANT TOMATO

CORELESS

Victory Garden Collection

Enough Seeds for the Average Family Garden

20 Big Pkgs. of the Choicest Varieties of Vegetables for \$1.40

This Collection is probably the greatest bargain we have ever offered to our customers. It is made up of the following select varieties:

| | |
|------------------------------------|--------------------------------|
| 2 oz. BEANS, Top Notch Wax | 1/4 oz. LETTUCE, All Cream |
| 2 oz. BEANS, Stringless Green Pod | 1/4 oz. LETTUCE, Wawayhead |
| 1 oz. BEET, Fireball | 1/4 oz. ONION, Yellow Globe |
| 1/2 oz. CARROT, Danvers | 1/4 oz. PARSNIP, Half Long |
| 1/4 oz. CUCUMBER, Earliest of All | 4 oz. PEAS, Blue Bantam |
| 1/4 oz. CUCUMBER, Chicago Pickling | 4 oz. PEAS, Honey Sweet |
| 2 oz. SWEET CORN, Golden Bantam | 1/4 oz. RADISH, Scarlet Globe |
| 2 oz. SWEET CORN, White Delicious | 1/4 oz. RADISH, White Icicle |
| 1/8 oz. CABBAGE, Jersey Wakefield | 1/2 oz. SPINACH, Bloomsdale |
| 1/8 oz. CABBAGE, Wis. Ballhead | 1/8 oz. Pkt. TOMATO, John Baer |

To make this a still greater bargain we are including a pkt. of Double Nasturtiums, Indian Summer Zinnias and a copy of "How to Grow the Finest Vegetables and Most Beautiful Flowers."

New Asparagus "Paradise"

A new vigorous growing Asparagus that will produce a normal crop one year earlier than any other variety. It is rust resistant and suitable for either canning or freezing. The stalks are truly giant in size, six to eight stalks will weigh a pound. You will be amazed at the size and quantity of this fine new Asparagus. Order early as we have only a limited quantity of plants this year. **1 yr. old Roots: 25 for 45c.; 50 for 80c.; 100 for \$1.50; 2 yr. old Roots: 25 for 75c.; 50 for \$1.40; 100 for \$2.25.**

Nellie Schwaab, Wis.—Everything I have received from you has been very satisfactory. The grapes are bearing. (See page 62)

Mrs. Slatten Jamesport, Mo.—We all like your seeds and can always depend on them for a good garden.

PARADISE ASPARAGUS

Giant Red Rhubarb "MacDonald"

A few rhubarb plants should be in every garden as it is the first plant in the spring to produce material for pies, sauce and canning. You will be delighted with the fine large deep red stalks of this variety. Stalks have a thin skin, are very tender and do not require as much sugar as ordinary kinds. **Strong divisions: Each 25c.; 3 for 65c.; doz. \$2.50.**

Richard Priem, Wis.—Raspberries received from you were excellent plants. (See page 63)

Mrs. L. Verotich, Mich.—I have such a good garden with your seeds that my neighbors are surprised and wonder.

RHUBARB

Wonderful Everbearing Raspberry Indian Summer

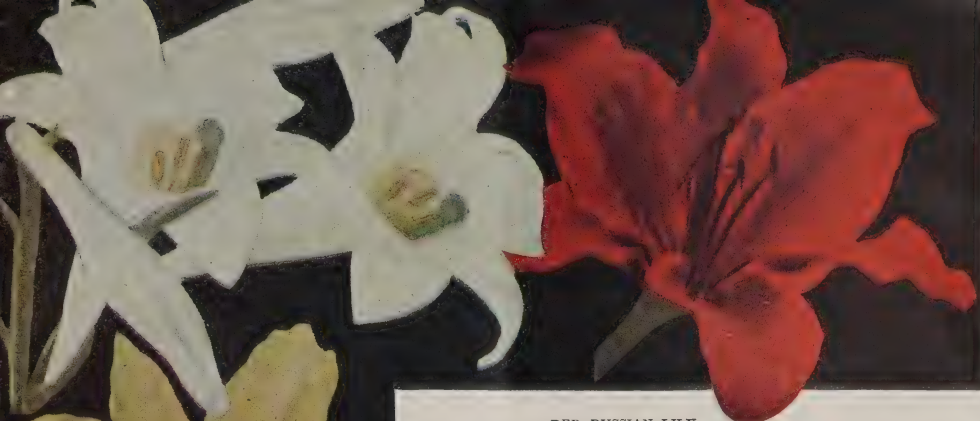

From trials on our own farms we found this new Everbearing Raspberry so much better that we have discontinued all other varieties. It is a heavy yielder both in early summer and fall, the berries are of large size and excellent quality. Bushes are very vigorous and hardy. **Extra Select plants: 6 for 50c.; doz. 90c.; 25 for \$1.50; 100 for \$4.95, postpaid.**

Mrs. Otto Lutz, Pa.—Received Berry Bushes and Shrubs in fine condition, the most perfect and healthiest plants I ever received.

Mrs. Robert Chamberlain, N. J.—We have had the most wonderful growth and production from your berry plants and your garden seeds every year. My garden is usually the best in this section and I give your seeds the credit.

INDIAN SUMMER

RED RUSSIAN LILY

Hardy Lilies

New Everblooming Wonder Lily

Easy to Grow. Sure to Bloom. Rivals Easter Lilies for Beauty.

This marvelous new Lily has been a sensation the past season. It is a continual bloomer, sending up new spikes throughout the season. The stalks grow strong and very erect, 2 to 3 ft. tall and carry from 6 to 8 long, trumpet-shaped flowers. The flowers are very large, delightfully fragrant and look much like Easter Lilies except that the outside is slightly shaded with rose. You will never regret having planted some of these wonderful new Lilies. **The bulbs we offer are extra strong and will bloom this summer. Each 30c.; 3 for 75c.; doz. \$2.75.**

EVERBLOOMING
WONDER LILY

YELLOW DAY LILY

Hardy Yellow Day Lily

A perfectly hardy yellow lily that needs no protection and will thrive in any good soil and will succeed in either sunny or shady locations. A clump of these fine lilies makes a fine show in any garden or border with their many tall stems of fragrant wax-like, clear yellow blooms. Grows 2 to 3 ft. tall and produces 6 to 10 flowers on a stalk. **Each 20c.; 3 for 50c.; doz. \$1.50.**

Mrs. Z. Chabre, Mont.—The shrubs and lily bulbs from you last year grew and made good progress even in this short and severe season.

SUNSET LILY

Red Russian Lily

You must see this wonderful Lily in bloom to realize how beautiful it is. The first year it will have from 4 to 10 flowers on a stalk, the second year as high as 25 flowers on a plant. The large flowers are orange-red in color and very showy. Grows 2 to 3 ft. tall, blossoms in June. One of the most easily grown lilies and is very hardy. **Each 25c.; 3 for 65c.; doz. \$2.25.**

REGAL LILY

The Beautiful Regal Lily

A magnificent new lily that is sure to become popular as it is hardy, easy to grow and produces the most gorgeous blossoms. The flowers are of pure white inside, flushed with golden yellow in the throat and stained pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Blossoms in July. **We offer large, 3-year, blooming bulbs which should not be confused with small sizes often offered at low prices. Each 25c.; 3 for 60c.; doz. \$2.00.**

NOTICE

Do not confuse our Lilies with some that are offered at "bargain" prices which usually are small inferior stock.

All of the Lilies we send out are strong select bulbs which are sure to bloom this summer.

Pardalinum Giant or Sunset Lily

One of our most hardy and easiest grown Lilies. Very vigorous and robust, growing to a height of 5 to 6 ft., and flowers profusely. The petals are a fiery sunset red shading to a beautiful yellow inside and are dotted with dark brown spots. Does well in either full sun or partial shade. This lily will add rare brilliance to your garden, its wonderful beauty must be seen to be appreciated. **Large blooming size bulbs: Each 30c.; 3 for 75c.; doz. \$2.50.**

Special Lily Offer

One strong bulb of each of the five fine Lilies on this page for \$1.10; 3 of each for \$3.00.

Mrs. P. J. Black, Ill.—My Wonder and Regal Lilies were beautiful.

FREE SEEDS

This year we have something unusually fine to send our customers as a premium—two mixtures of superb flower seeds. With an order of \$1.00 you may have your selection of one pkt.; with an order of \$2.00 or more you may have a pkt. of each.

Superb Bedding Flowers

This mixture is made up of easily grown annuals and will commence to bloom early in the summer and continue until late in the fall. You will be amazed at the great variety and brilliant colored flowers that can be grown from a packet of this grand mixture of bedding flowers.

Select Bouquet Flowers

Much time and care was taken in preparing the formula for this packet of seeds. It is made up of flowers suitable for bouquets and that will supply you all through the summer and fall. Only seeds of the highest quality are used in this mixture and the grand flowers it will produce will please and delight you beyond your fondest hopes.

How to Make A Garden

To assist you in getting the utmost good out of your garden we have prepared a booklet of instructions on how to plant and care for vegetables and flowers. You will find much valuable information in this little book. A copy will be sent FREE if requested, with every order of 25c or more.

Special Premiums

As a special inducement to have you order from Jung's again this year we offer as a Special Premium some choice bulbs and shrubs.

If your order amounts to \$2.00 or over you may have 3 Rainbow Gladioli; if it amounts to \$3.00 or more you may have 6 Rainbow Gladioli; while if it amounts to \$5.00 or more you may have your choice of 12 Gladioli, a Persian Lilac or a Rosy Plume Spirea.

Only one Premium will be allowed on an order and Premium must be selected when order is sent in. You will find Coupon on back of order sheet.

Beautiful Persian Lilac

Hardy and Graceful

One of our best Lilacs. It is very hardy and is sure to bloom, almost always the year after being planted. Flowers are charming and graceful and delightfully fragrant. Profuse bloomer. You may have one as a Premium. See offer above.

Rosy Plume Spirea

A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy pink flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. You may have one of these fine Shrubs as a Premium. See Offer above.

Order Early

By ordering early you will get what you want and have it on hand when you wish to plant.

BEDDING FLOWERS

The Cost of the Best Seeds is very small when compared to the resulting crop.

GIANT RAINBOW GLADIOLI

Giant Rainbow Gladioli

Easy to Grow. Sure to Bloom. Giant Flowers.

We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous color of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days. You may have some of these beautiful Gladioli as a Premium. See offer above.

PERSIAN LILAC

IMP. LONG GREEN

IMPROVED LONG GREEN
Deep Green Color. Fine for Pickling or Slicing. This is one of the best and most popular standard varieties and you will find our stock to be a very fine strain. The cucumbers are a rich dark green, grow 12 to 16 inches in length and are of the highest table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and making sweet pickles when the fruits are ripe. Pkt. 8c.; oz. 25c.; ¼ lb. 75c.

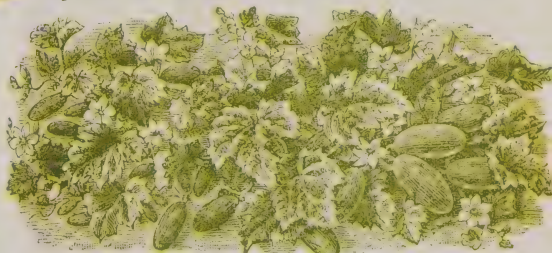

AMERICAN CLIMBING—A fine cucumber for small gardens as you can grow them on a trellis or fence; also an excellent variety to grow like other varieties. Comes into bearing quickly and is very prolific, as many as 40 fruits having been grown on a single vine. Full grown fruits will measure 12 to 16 inches long. Flesh is pure white, tender and of delicate flavor. When young the fruits make very attractive pickles. Pkt. 7c.; oz. 15c.; ¼ lb. 45c.

EARLIEST OF ALL

EVERBEARING—This is a very early variety and extremely prolific. If the fruits are kept gathered, vines will continue in bearing throughout the season. The fruits are of a rich, dark green color, averaging 4 to 5 inches in length. Owing to its productiveness it is a fine variety to plant for producing small pickles. Pkt. 7c.; oz. 20c.; ¼ lb. 60c.

EARLIEST OF ALL—By planting this variety you can have cucumbers ready to use when others are only in blossom. Not only is it extra early but it also produces fruit of fine quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are kept picked. Pkt. 8c.; oz. 20c.; ¼ lb. 65c.

EVERBEARING

JUNG'S FAIRFIELD GIANT

Jung's Select Cucumbers

JUNG'S FAIRFIELD GIANT or LONGFELLOW—The vines are unusually vigorous in growth and produce an enormous crop of handsome fruits. They are of a deep green color and grow from 12 to 18 inches long, being one of the handsomest cucumbers grown. When the fruits are from 6 to 8 inches in length, or just the right size for slicing, they are practically solid, there being hardly a trace of seed to be found. The pure white flesh is very firm, sweet and crisp and of the finest flavor. The fruits are very long and slim, which together with their deep green color will make them bring the top prices on all markets. Pkt. 10c.; oz. 25c.; ¼ lb. 75c.

STRAIGHT EIGHT—Unexcelled for Shipping, Slicing or Pickling.—This fine new cucumber received the All American Gold Medal as one

AMERICAN CLIMBING

of the most outstanding vegetables of the year. It is one of the finest shipping cucumbers as the fruits are deep green, free from objectionable light striping and is very productive. The cucumbers run very uniform in size, usually about 8 in. long, 1½ in. in diameter, well rounded but not tapered ends. A fine cucumber for either home or market garden as it yields heavily and can be used for shipping, pickling or slicing. Pkt. 8c.; oz. 25c.; ¼ lb. 75c.

Merle W. Litton, III.—Have used your seeds for 20 years and have never had a failure.

STRAIGHT-EIGHT

DILL

This herb is used in large quantities in the making of Dill Pickles; also for flavoring vinegar. Pkt. 7c.; oz. 25c.

WHITE WONDER

WHITE WONDER—A wonderfully good slicing cucumber. In color it is a beautiful pure snow white. Grows to good size, usually 8 to 10 inches long and is very uniform. Its smooth clear surface makes this an ideal pickle. The firm, crisp flesh with its pleasing flavor is just right for slicing or in salads. A package of seeds yields Cucumbers in abundance for pickling and slicing. Pkt. 8c.; oz. 25c.; ¼ lb. 75c.

Luscious Tender Sweet Corn

Our stocks of Sweet Corn are mostly of our own growing and are of extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be the first on the market with Sweet Corn of quality plant some of this seed.

Our Sweet Corn is grown on our seed farms where Stewart's Disease or wilt is unknown.

JUNG'S EXTRA EARLY GOLDEN BANTAM

The Best, the Largest of all Early Sweet Corns. Retaining its Delicate Tenderness Even When a Little Old. This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits of the earliest planting. The stalks are dwarf in growth averaging four feet in height. The ears are from 5 to 7 inches long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by every one admitted to be the richest flavored Sweet Corn. The small stalks can be planted closely together. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled. Pkt. 8c.; ½ pt. 22c.; pt. 35c.; qt. 65c.

JUNG'S EXTRA EARLY HONEY CREAM

Requires Little Space. Deliciously Sweet and Tender.

By far the most tender and delicious of all Sweet Corns. Make a planting of this corn and we are sure you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with delicious snowy white kernels. Pkt. 10c.; ½ pt. 25c.; pt. 40c.; qt. 75c.

JUNG'S EXTRA EARLY FORTUNE

This variety originally came from Canada and at our Fairfield Farm trials it was the earliest of all. There is no product of the garden so eagerly waited for as the first sweet corn of the season. Early Fortune is the real tender, juicy sweet corn for use before the summer has really commenced. On account of its extreme earliness, Early Fortune is especially adapted for planting in northern latitudes and in high altitudes where other varieties fail entirely. The stalks do not grow very large but have two and often three unusually large ears. Ears are about seven inches long and well filled with sweet and tender grains. Pkt. 7c.; ½ pt. 22c.; pt. 35c.; qt. 65c.

Mrs. C. Marrack, Cal.—Your Honey Cream is the best eating corn I have ever tasted.

EARLY WHITE DELICIOUS

Large Ears, Early Maturity, Superb Quality.

One of the largest eared, sweetest flavored early varieties. Grows a strong, vigorous stalk, many producing two ears. Ears are 7 to 9 in. long and contain 12 to 14 rows of pearly white grains which are remarkably sweet and tender. Pkt. 7c.; ½ pt. 20c.; pt. 32c.; qt. 60c.

GOLDEN OR BANTAM EVERGREEN

This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam. In crossing these two excellent varieties none of the good qualities have been lost, rather it surpasses them in sweetness and tenderness. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ear and prolonged season make it the favorite both in the home garden and for fancy market trade. All lovers of Sweet Corn must at least give Bantam Evergreen a trial. Pkt. 8c.; ½ pt. 22c.; pt. 35c.; qt. 65c.

WHITE EVERGREEN

The Leading Late Variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowell's. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender grain and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 6 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk. Pkt. 7c.; ½ pt. 20c.; pt. 35c.; qt. 60c.

Mrs. Maek F. Ritchie, Mont.—We had some of your Golden Bantam Sweet Corn last year and it was at least two weeks earlier than any here.

Special Offer No. 4

For a long supply of tender delicious Sweet Corn plant the following:

Jung's Ex. Ea. Golden Bantam

Jung's Ex. Early Fortune Early White Delicious

Golden Evergreen White Evergreen

1 Pkt. of each for 35c. 1 Pt. of each for \$1.85.

½ Pt. of each for \$1.00. 1 Qt. of each for \$2.95.

Crisp Tender Lettuce

EARLIEST WAYHEAD—This is our quickest growing and most attractive extreme-early Lettuce producing handsome solid heads fully one week earlier than Black Seeded Tennis Ball. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the heads is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. The quality of this variety is unequaled among the early sorts. **Pkt. 7c.; oz. 20c.; ¼ lb. 60c.**

JUNG'S BEST OF ALL

EARLY SUREHEAD—A specially selected strain of Lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and as soon as well started thin out plants to stand 4 to 5 in. apart in the rows. **Pkt. 8c.; ½ oz. 15c.; oz. 25c.**

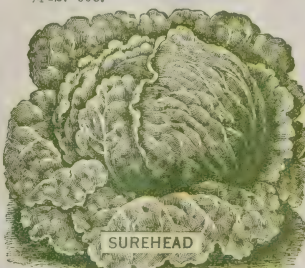

ICEBERG

JUNG'S ALL CREAM—This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative quality. The leaves grow upright, the upper part of the outer turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. **Pkt. 8c.; oz. 25c.; ¼ lb. 65c.**

JUNG'S BEST OF ALL—A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resistor. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. **Pkt. 7c.; oz. 18c.; ¼ lb. 50c.**

SELECT GRAND RAPIDS—A well known forcing variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. **Pkt. 8c.; oz. 20c.; ¼ lb. 60c.**

SUREHEAD

ICEBERG—The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curving strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick drying and always crisp and tender, whether grown in early spring or in the hot days of summer. The heads are of good size. **Pkt. 7c.; oz. 25c. ¼ lb. 65c.**

CABBAGE LETTUCE • Allheart—This magnificent Lettuce stands hot weather better than any of the rich butter varieties. Plants make firm heads nearly as large and almost as solid as a cabbage. The heads are light green outside while the inner blanched portion is creamy yellow and of a delicious rich buttery flavor. **Pkt. 7c.; oz. 20c.; ¼ lb. 60c.**

SELECT GRAND RAPIDS

You should grow Lettuce largely for your table! Nothing is more wholesome, and if you once acquire the habit you will wonder how you ever enjoyed a dinner without this delightful salad.

CHICKEN OR RABBIT LETTUCE

Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. **Pkt. 7c.; oz. 15c.; ¼ lb. 50c.**

CHICKEN OR RABBIT LETTUCE

Mangels

MAMMOTH LONG RED—The earliest crop-
per. This mangel is enor-
mously productive. The flesh is red, of very
fine texture and quality, containing less
water and more sugar than any other vari-
ety except it be the Half Long Sugar,
making it the most nutritious and milk pro-
ducing. Sheep and other stock thrive bet-
ter when fed on it picking out pieces of it
in preference to all others. **Oz. 12c.; 2 oz.**
20c.; 1/4 lb. 35c.; lb. \$1.35.

GOLDEN TANKARD—A smooth yellow-
fleshed Mangel; roots are of large diam-
eter, tapering quickly to the bottom which
is quite broad with only a small taproot.
It yields an enormous crop on good soil and
can be closely grown in rows. No root crop
is a better paying investment for farmers to
grow than Mangels. **Oz. 10c.; 1/4 lb. 30c.;**
lb. \$1.10.

Mustard

GIANT CURLED—The leaves are large,
light green with a tint of yellow, much
crimped and frilled at edges. The plant is
upright, or slightly spreading in growth.
This variety is highly esteemed in the South
for the market as well as the home garden
on account of its vigorous growth, hardi-
ness and good quality. **Pkt. 7c.; oz. 12c.**

Musk Melons

You will find our melon seeds to be unusually fine and
true to type. All of the melons are hand selected from crown
set fruits and we are confident that better seed cannot be
had at any price.

This seed will produce a very superior crop of melons that
ripen evenly and are uni-
form in size and appearance.
Try this seed, we know you
will be more than pleased;
our sales of this select seed
are increasing every year.

BANANA MUSK MELON

BANANA—A remarkably fine
melon that looks and tastes
like a banana. The fruits
grow 14 to 18 in. long, flesh is
deep orange colored, solid and
sweet, and spicy in flavor.
Try a few of these melons in
your garden this year, any
which you don't eat can be
sold at a good price. **Pkt. 8c.;**
oz. 20c.; 1/4 lb. 50c.

Leon E. Weidman, Wis.—Since
1933 I have purchased my gar-
den seeds from the Jung Seed Co.
and have always been satisfied.

EARLIEST RIPE

GROUND CHERRY

True Yellow Ground Cherry

These plants are low and spreading and
produce their luscious fruits in great
abundance. Excellent for pies and make
delicious preserves as the fruit has a
strawberry flavor. Of easy culture and
will succeed in most any garden. **Pkt. 7c.;**

Leek

LARGE AMERICAN—Most highly es-
teemed for flavoring soups, stews, etc.
The plants are of vigorous growth and
have extra long stems which blanch to a
snowy whiteness. Cultivate the same as
for onions. **Pkt. 10c.; 1/2 oz. 25c.; oz. 45c.**

Okra

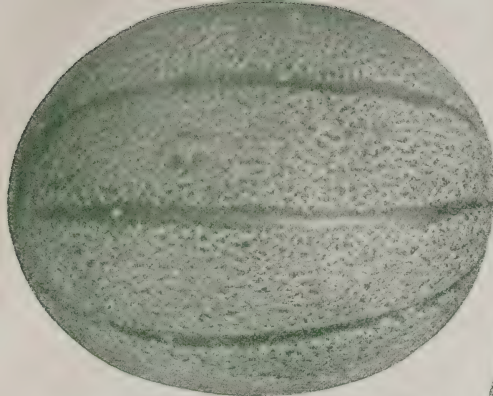

WHITE VELVET—The long, slender pods
of Okra are very delicious when sliced
and cooked in soups. While this is its
chief use it can be boiled and served like
other vegetables. The pods should be
gathered while young as they are then
very tender. **Pkt. 5c.; oz. 10c.**

JUNG'S BIG PROFIT

JUNG'S BIG PROFIT—An excellent early main-crop
melon. Very vigorous in growth, the foliage is of
such firm texture that vines resist the attacks of in-
sects and blight. The melons are slightly oval and
of uniformly large size, very fine in appearance as
they are distinctly ribbed and well covered with a
coarse gray netting. Flesh is a rich orange salmon
color, very thick, fine grained and of delicious qual-
ity. The seed cavity is so small that there is little
tendency towards cracking open at the stem end.
Extra select seed: **Pkt. 8c.; oz. 25c.; 1/4 lb. 65c.; lb.**
\$2.40.

EARLIEST RIPE—A new extra early Musk Melon
which is especially suitable for sections where sea-
sons are short. Melons are slightly oval, 5x6 in., dis-
tinctly ribbed, well netted and run remarkably uni-
form in size and shape. The thick flesh is deep or-
ange salmon in color, very fine grained, and of very
high quality. This fine new melon combines earli-
ness, superb quality and fine appearance. Seed
scarce, order early. **Pkt. 10c.; oz. 25c.; 1/4 lb. 80c.**

EXTRA EARLY KNIGHT

JUNG'S SPECIAL EXTRA EARLY KNIGHT

Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2½ to 4 pounds. The skin is green ribbed and netted, the flesh deep and thick and light green in color, inclining to yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor, sell rapidly at high prices. **Pkt. 8c.; oz. 15c.; ¼ lb. 40c.**

Giant Early Wonder Musk Melon

Mammoth Size, Superb Quality, Beautiful Appearance. An Excellent Melon for the Home or Market Garden.

A new Musk Melon combining extra large size, fine appearance and superb quality. Although of the largest size it ripens early (85 to 90 days). Melons are slightly oval in shape, 8 to 10 in. long and 6 to 7 in. in diameter, rind heavily netted, a sure indication of quality. Flesh is very thick, deep orange in color, fine grained and very sweet and delicious. **Extra Select Seed: Pkt. 10c.; oz. 25c.; ¼ lb. 60c.; lb. \$2.00.**

GIANT EARLY WONDER

NORTHERN SWEET

Water Melons

EXTRA EARLY NORTHERN SWEET

A new extra early watermelon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Can., has been grown to maturity in 75 days. Not only is it the earliest variety but is also of very good quality; flesh is bright

red, crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. **Pkt. 8c.; oz. 12c.; ¼ lb. 30c.; lb. \$1.10.**

Fight Melon Bugs with Hitox—See Page 1.

FORDHOOK EARLY

FORDHOOK EARLY

This is an extra early watermelon that is of good size and quality. The fruits are of large size, rather short and blocky in form with large diameters. Flesh is bright red, crisp, sweet and of splendid quality and continues to improve after ripening. The heart is large, there is no seed cavity and very few seeds.

The vines are of strong, vigorous growth, and sets large melons in good numbers. Skin is dark green with occasional faint stripes of light green. **Pkt. 7c.; oz. 12c.; ¼ lb. 30c.; lb. \$1.00.**

Dixie Queen

Large in Size, Superb in Quality, Handsome in Appearance

A superb new Water Melon that will delight the most critical grower, has been one of the most popular shipping melons for the past few years. The fruits are almost round in shape, of good size (30 to 40 lbs.), rind is tough which makes it a good shipper. Flesh is richly colored, very sweet and juicy, and melons seem to be all heart as the seeds are small. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. **Pkt. 8c.; oz. 15c.; ¼ lb. 40c.; lb. \$1.25.**

DIXIE QUEEN

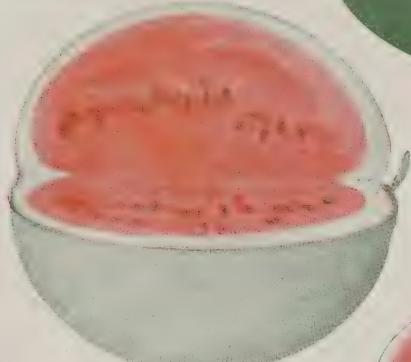

WATER MELONS -Continued

J. W. Perry, N. Y.—Used your Cantaloupe and Water Melon seed last year and was very well pleased. The water melons were especially fine.

HALBERT HONEY

HALBERT HONEY—The very finest melon in cultivation for home use or nearby markets. A melon that has no equal in beauty, quality and productiveness. The melons are smooth and regular in outline, 14 to 18 inches long, 6 to 8 inches in diameter. Color of the rind is a clear, glossy deep green. The flesh is a beautiful crimson, extending to within half an inch of the rind which is so tender that it will not stand shipping a long distance unless carefully handled. The first melons ripen early and the vines continue to develop fine fruit throughout the season. The sweet flesh melts away in your mouth like honey. **Pkt. 7c.; oz. 12c.; ¼ lb. 30c.**

KING WINTER MELON

King Winter Melon

By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 in. in diameter and sell well at all seasons. Flesh is bright red and very sweet. **Pkt. 7c.; oz. 15c.; ¼ lb. 35c.**

IMP. KLECKLEY SWEETS NO. 6

Special Offer No. 9

If you wish to raise a fine lot of choicemelons plant the following:

**JUNG'S BIG PROFIT HALE'S BEST
HALBERT HONEY FORDHOOK EARLY**

KING WINTER MELON

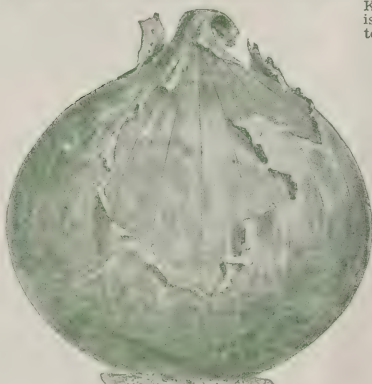

1 Pkt. of each for 25c.

1 Ounce of each for 65c.

Wilt Resistant Water Melon

In many sections of our country ordinary strains of Water Melons often fail due to fusarium wilt. This destructive plant disease may be present in the soil for many years and so far as is known cannot be successfully controlled. To combat this disease State Colleges have developed strains that are resistant to this ailment.

IMPROVED KLECKLEY SWEETS NO. 6 (Wilt Resistant)—A great improvement on the old Pride of Muscatine. It has the resistant quality of the Pride of Muscatine and the quality of the best strains of Kleckley Sweets. In addition it is also a splendid shipper as the rind is tough. The melons are oblong in shape, about 22 inches long and 10 to 12 inches in diameter. **Pkt. 8c.; oz. 15c.; ¼ lb. 35c.; lb. \$1.25.**

GIANT SWEET SPANISH

GIANT SWEET SPANISH—It is no longer necessary to pay high prices for large sized sweet onions when you can grow them in your own garden by planting Jung's Select strain of this popular onion. This onion grows to very large size, specimens having been grown weighing 2 lbs. The bulbs are globe shaped and have a very small neck, a sure indication of fine quality. The skin is a beautiful light straw color; on account of their large size and handsome appearance they always sell at a premium over other varieties. The flesh is pure white, tender and very mild and of delicate flavor, can be eaten raw like an apple. **Pkt. 15c.; ½ oz. 35c.; oz. 60c.; ¼ lb. \$2.10.**

Jung's Select Onion Seed

We make a specialty of **HIGH GRADE ONION SEED**. It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be far the cheapest when you compare the resulting crop.

EARLY YELLOW GLOBE

An excellent globe shaped, early maturing onion, also a good yielder and splendid keeper and often produces a good crop when other varieties fail. Bulbs grow 2½ in. in diameter; skin deep yellow; flesh pure white, solid and of excellent quality. **Pkt. 10c.; ½ oz. 25c.; oz. 40c.; ¼ lb. \$1.50; lb. \$5.50.**

EARLY YELLOW GLOBE

THREE TRUE GLOBE ONIONS

The Southport Globe Onions have increased wonderfully in public favor during the past few years and they well deserve their popularity. In almost all markets they invariably bring top prices. They are not only of handsome appearance, remarkable solidity and good keepers, but also fully equal in yield to the best strains of any variety.

SELECT SOUTHPORT YELLOW GLOBE

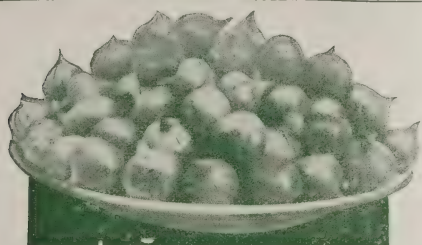

This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging nine or ten inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping qualities. Pkt. 12c.; 1/2 oz. 30c.; oz. 50c.; 1/4 lb. \$1.65; lb. \$6.00.

SELECT SOUTHPORT WHITE GLOBE

The most beautiful onion grown, being of symmetrical globe shape with a smooth satin-like skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference and is solid and heavy; the flesh is purest white, close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White Portugal or Silverskin. As soon as ripe the bulbs should be stored in a cool, dark or dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. Pkt. 12c.; 1/2 oz. 30c.; oz. 55c.; 1/4 lb. \$2.00.

SELECT SOUTHPORT RED GLOBE

A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 1000 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, thus insuring thorough and regular ripening and curing. You will make no mistake in giving this onion a trial. Pkt. 10c.; 1/2 oz. 25c.; oz. 45c.; 1/4 lb. \$1.75.

VICTOR ONION SETS

Victor Onion Sets

The finest thing ever offered in Onion sets and will no doubt displace all other sets. The common sets when grown during the summer often run to seed, these sets instead of running to seed will mature a large and handsome bulb of yellow or golden color, very solid and excellent keeper. Those who have used the sets before are now planting them entirely. We guarantee them to give satisfaction or will refund your money. Pt. 25c.; qt. 35c.; 4 qts. \$1.25, postpaid.

Golden Globe Onion Sets

The ideal onion set for people who wish to grow large onions that will keep throughout the winter. These sets will produce beautiful deep yellow, globe-shaped onions that are remarkably good keepers, planted on rich soil and given sufficient room onions weighing 1 pound can be grown. In our trials the past summer not one set threw any seed stalks. Our stock of these new onion sets is limited, order early. Pt. 25c.; qt. 40c.; 4 qts. \$1.35

SILVERSKIN OR WHITE PORTUGAL

A leading white, flat onion. The bulbs attain a good size, ripen evenly and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. Pkt. 12c.; 1/2 oz. 30c.; oz. 50c.; 1/4 lb. \$1.90.

MOSS CURLED PARSLEY

PARSLEY

MOSS CURLED—The leaves are of an extra dark color. It is very productive and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 7c.; oz. 15c.

TURNIP ROOTED—This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 7c.; oz. 15c.

FANCY GOURDS

GOURDS

FANCY MIXED—An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. **Pkt. 7c.; 1/4 oz. 15c.**

VINE PEACH

Grows on a vine the same as a melon. The fruits have the size, shape and color of an orange. The flesh is snow white and makes excellent preserves or sweet pickles, may also be sliced and fried like egg plant. Fruit will keep a long time after picking. **Pkt. 7c.**

KOHL RABI

EARLY PURPLE VIENNA—This vegetable is grown for its turnip-shaped bulb which grows above the ground. Excellent for soups or cooked in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. **Pkt. 8c.; 1/2 oz. 25c.; oz. 45c.**

WHITE VIENNA—This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about two inches in diameter. **Pkt. 8c.; 1/2 oz. 25c.; oz. 40c.**

BABY DELIGHT

Black Beauty Egg Plant

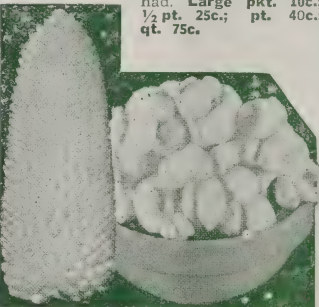

The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruits which weigh from one to three pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear eight to ten immense fruits before being killed by frost. **Pkt. 8c.; 1/2 oz. 25c.; oz. 40c.**

EGG PLANT

POP CORN

HYBRID BABY RICE—If you want the best Pop Corn plant this new Hybrid. It surpasses all others in yield, quality and popping expansion. A quart of this corn will make 20 qts. after it is popped and for flavor, tenderness and freedom of unpopped kernels it is unexcelled. Nothing better to be had. **Large pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 75c.**

HYBRID BABY RICE

Children's Collection

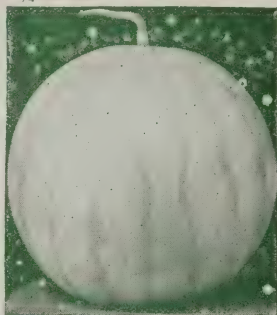

Let your children have a garden. It will teach them how to do useful things besides producing something of interest and value. A liberal pkt. of each of the following will be sent for only 30c:

GOURDS—Fancy Mixed
POP CORN—Hybrid Baby Rice
PEANUTS—Early Virginia
WATER MELON—Climbing
RAINBOW FLOWER GARDEN

Richard Learned, Vt.—I am a 4-H boy and planted your seeds last year. Made a fine record with them, won three ribbons.

CITRON

COLORADO PRESERVING—A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. **Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.**

CITRON

PEANUTS

EARLY VIRGINIA—This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. **Pkt. 7c.; pt. 25c.; qt. 65c.**

Extra Early Water Melon

BAEY DELIGHT or CLIMBING—Persons having small gardens may have watermelons of their own growing as this melon will climb up a trellis or fence but may also be grown like other varieties. The vine is very vigorous in growth, the heavy foliage nearly concealing the fruit. The first melons ripen very early and the healthy vines keep on bearing heavily until end of the season. The rich carmine red flesh is always solid and of exceptionally sweet flavor. **Pkt. 8c.; oz. 20c.**

Sweet Luscious Garden Peas

GIANT PODDED EARLY—An exceptionally early pea, as early as Alaska with pods one-fourth larger. Vines grow medium height, very robust and productive. Pods $3\frac{1}{2}$ to 4 in. long and contain 7 to 8 large peas. A very fine extra early pea that can be sown as early in the spring as the soil can be worked. **Pkt. 8c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 60c.**

BLUE BANTAM—A splendid new pea of sturdy, dwarf growth, one of the large podded early dwarf peas. The vines grow 14 to 16 inches tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to $4\frac{1}{2}$ in. long and contain from 8 to 10 very large dark green

peas of superb quality. They mature a little earlier than Gradus with pods fully as large; they require no brush or support. You will plant this variety every year after once trying them out. **Pkt. 8c.; $\frac{1}{2}$ pt. 22c.; pt. 35c.; qt. 65c.**

SELECT LITTLE GEM—One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a good indication that it is giving satisfaction. Vines grow 14 to 16 inches tall, require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gem." **Pkt. 7c.; $\frac{1}{2}$ pt. 22c.; pt. 35c.; qt. 60c.**

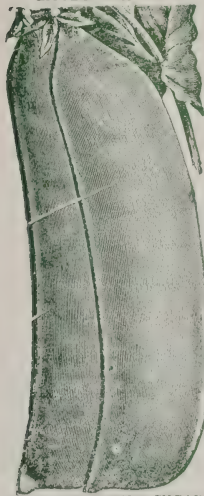

LITTLE MARVEL—The vines are of dark even growth, averaging fifteen inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about four inches in length, are square at the bottom and well filled with six to seven large deep green peas. The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. **Pkt. 8c.; $\frac{1}{2}$ pt. 22c.; pt. 35c.; qt. 65c.**

Mrs. Elmer May, Ind.—I am very much pleased with your seeds and can depend on them. I have used them for 7 years now. We especially like the Little Gem peas.

It Pays to Inoculate Your Peas—See Page 1

LITTLE GEM

MAM. MELTING SUGAR

Special Offer No. 7

To have a supply of fresh tender peas for a long period of time use the varieties offered here. Giant Podded Early may be sown very early and the others as soon as the soil is warm.

| | |
|---------------------------------------|-------------|
| PODDED EARLY | LITTLE GEM |
| BLUE BANTAM | EVERBEARING |
| JUNG'S HONEY SWEET | |
| 1 Pkt. of each for 35c. | |
| $\frac{1}{2}$ Pt. of each for \$1.00. | |
| 1 Pt. of each for \$1.85. | |
| 1 Qt. of each for \$3.00. | |

EDIBLE PODDED PEAS

MAMMOTH MELTING SUGAR—This variety is far superior to all others of the edible class of garden peas, not only in size but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the edible kinds. The pods are used the same as snap or string beans and will also make excellent pickles. Full grown pods measure five inches long and are so tender and brittle that they snap like glass; they have no strings. **Pkt. 8c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 70c.**

EVERBEARING

EVERBEARING—A fine second-early or main crop pea which combines quality and yield and will continue a long time if the pods are kept picked. It has a remarkable habit sometimes forming as many as six talks which accounts for its great yields. The pods are of good size and contain from eight to ten large peas which are of remarkable fine quality. **Pkt. 7c.; $\frac{1}{2}$ pt. 20c.; pt. 32c.; qt. 60c.**

Two Splendid Main Crop Peas

GIANT TENDERSWEET

GIANT TENDERSWEET. Immense Pods, Heavy Yields, Superb Quality—A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall, require no brush and bear the giant sized pods in profusion. Pods are 5 to 5½ in. in length and contain 8 to 12 large, bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the size, yield and quality of this splendid new Pea. **Pkt. 10c.; ½ pt. 25c.; pt. 40c.; qt. 70c.**

JUNG'S HONEY SWEET (See inside front cover)—One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey". They grow a very healthy stocky vine about 18 inches high and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer never failing to produce a crop of the giant pods. **Pkt. 8c.; ½ pt. 22c.; pt. 35c.; qt. 65c.**

PRIVATE STOCK

Jung's Select Parsnips

IMPROVED HALF LONG—This variety is an improvement on the old Hollow Crown forming roots thicker and shorter than that variety and is also more easily gathered. The flesh is white, of fine texture, free from core and stringiness and of the finest flavor when cooked. This parsnip is one of the heaviest croppers and we recommend it both for garden and field culture. **Pkt. 7c. oz. 15c.; ¼ lb. 35c.; lb. \$1.30.**

JUNG'S PRIVATE STOCK—This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored, cooking tender, sweet and rich. **Pkt. 8c.; oz. 18c.; ¼ lb. 40c.; lb. \$1.50.**

Earliest Garden Collection

14 Big Pkts. of the Earliest Vegetables for \$1.00

If you wish to have things in your garden very early, far ahead of your neighbors, plant this special collection. It is made up of our very earliest varieties of Northern Grown Seeds which are unexcelled for earliness, hardness and productivity. This collection contains 14 full sized packets as follows:

| | |
|----------------------------|------------------------------|
| BEANS—Top Notch Golden Wax | ONION—Giant Sweet Spanish |
| BEET—Early Wonder | PEAS—Extra Early Marvel |
| CABBAGE—Golden Acre | RADISH—Jung's Rapid Red |
| CARROT—First of All | PARSNIP—Jung's Private Stock |
| CUCUMBER—Earliest of All | SPINACH—King of Denmark |
| SWEET CORN—Ex. Ea. Fortune | SQUASH—Table Queen |
| LETTUCE—Earliest Wayhead | TOMATO—Jung's Wayhead |

If bought at regular catalog price the above would cost \$1.40 but as a special offer we will send the above 14 full sized packets of Earliest Seeds for \$1.00. Booklet of Culture Instructions free with each collection.

Select Peppers

WORLD BEATER—The very best extra large pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 inches long by $3\frac{1}{2}$ to 4 inches in diameter; flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. **Pkt. 7c.; $\frac{1}{2}$ oz. 18c.; oz. 30c.**

CALIFORNIA WONDER—A magnificent pepper resembling Chinese Giant in its large size and "blocky" form of fruits, full grown peppers will measure $4\frac{1}{2}$ in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market gardens. **Pkt. 8c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.**

EARLY GIANT—By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. It ripens right after Harris Earliest, which is the earliest pepper grown; fruits average 5 in. long by $3\frac{1}{2}$ in. in diameter, of a deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of pleasant flavor. Probably one of the most profitable varieties to grow for market. **Pkt. 8c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.**

OSHKOSH. The Best Yellow Pepper—A very distinct and desirable large fruited pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers." The flavor is mild and exceptionally sweet. Fruits average $4\frac{1}{2}$ in. in length by $3\frac{1}{2}$ in. in diameter, broad at base and taper slightly to a blunt point; plants grow compact and are very productive. **Pkt. 10c.; $\frac{1}{2}$ oz. 25c.; oz. 45c.**

OSHKOSH

SUNFLOWER

MAMMOTH RUSSIAN—Single heads measure twelve to twenty-two in. in diameter and contain an immense quantity of seed which is highly valued by all farmers and poultry breeders who have tried it as an excellent and cheap food for fowls. They eat it greedily, fatten well on it and attain a bright, lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Every farmer should plant some of the seed in any waste piece of ground any time from early spring to the middle of July. **Oz. 8c.; $\frac{1}{2}$ lb. 25c.; lb. 40c.; 5 lbs. \$1.50, postpaid.**

Mammoth
Russian Sunflower.

PIMIENTO — This variety grows peppers that are of large size and is largely used for mangoes, salads and stuffing. Flesh is very thick, mild and sweet, color bright red when ripe. **Pkt. 5c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.**

LONG RED CAYENNE—This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. **Pkt. 5c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.**

Mrs. Carl Myrstor, Mont.—I think your seeds are unexcelled and their produce have a special excellence in flavor. I have always preferred Jung's seeds.

What Our Customers Say:

Mrs. Tom McConnell, Wis. — I was so well pleased with my seed and plants I ordered from you last year. Everything grew fine.

Henry A. Tilton, Ill.—Have used your seeds and plants for several years and found them all very satisfactory.

Mrs. Henry Pask, Wis.—Your garden seeds sure are fine. We have a lovely garden. All your seeds grew fine.

Mrs. Wm. Erickson, Wis. — must say your seeds and plants are the finest of any.

Tender Crisp Radishes

We take much pride in our select stocks of Radish seed. It is grown from carefully selected roots and will produce Radishes of mild flavor and with less leaves than the seed usually offered.

JUNG'S RAPID RED—This we find to be the quickest maturing of them all, Radishes having been grown in the short period of 18 days. It is attractive color and small tops make it especially desirable for forcing. The flesh is pure white, very crisp and tender. If you want to be the first on the market with Radishes that will command fancy prices then plant "JUNG'S RAPID RED." Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.

FIREBALL SCARLET GLOBE—A fine bright red radish of quick growth, especially fine for bunching; often ready for market in 20 days. The radishes are globe shaped, deep red and have but few leaves. Flesh white, firm and crisp and of mild flavor. Free from hollow and pithy center. Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.

CRIMSON GIANT GLOBE—This new variety is suitable for both forcing and growing outdoors. It is a fine shaped, bright red Radish, growing quickly to large size (see illustration). The Radish is a deep globe in shape and 1 1/2 inches in diameter. Skin is thin and tender and of a deep crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow centers and pithy fibre. Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.

FRENCH BREAKFAST—An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 inches long and is decidedly stump rooted. A splendid variety for the table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.

PERFECTION EXTRA EARLY—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the top shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 6c.; oz. 12c.; 1/4 lb. 30c.

Mrs. E. J. Jelfrics, Mich.—We are exceptionally pleased with your Jung's Rapid Red Radish seed. Just two weeks ago today I planted a package of these seeds and last evening we had our first radishes from them. They were delicious and so tender.

WOOD'S EARLY FRAME

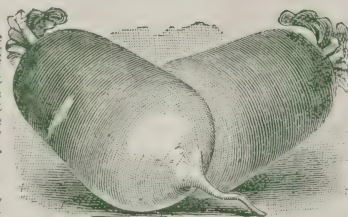

WOOD'S EARLY FRAME—This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.

Special Offer No. 8

To have a continuous supply of the finest Radishes plant the following:
WHITE ICICLE WOOD'S EARLY FRAME
PERFECTION EARLY JUNG'S RAPID RED
CRIMSON GIANT GLOBE
1 PKT. OF EACH FOR 25c.
1 OZ. OF EACH FOR 50c.

Winter Radish

CHINESE ROSE—This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point, rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 5c.; oz. 10c.; 1/4 lb. 35c.

CHINA ROSE WINTER

Mrs. A. Johnson, Pa.—We had very good success with your seeds last year. We had better radishes than we ever had before.

SELECT WHITE ICICLE

SELECT EARLY WHITE ICICLE—Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 inches long and are ready for use in about 25 days after sowing. Pkt. 7c.; oz. 12c.; 1/4 lb. 30c.

Jung's Glorious Flowers

Make Your Flower Garden a Joy All Summer

GIANT FANCY ASTERS

Asters

JUNG'S GIANT FANCY WILT RESISTANT

This is a well balanced mixture of the very finest Asters of wilt resistant strains. Regardless of what price you pay better seed cannot be had. It contains all colors and many of the flowers will be 4 to 5 in. across and borne on stems 2 to 3 ft. long. **Pkt. 10c.; 3 pkts. 20c.; 1/8 oz. 25c.**

JUBILEE GEM

Carnations

GIANT EVERBLOOMING MIXED

—A select strain of Carnations that will bloom the first summer and produce large double flowers of rare beauty. Plants may be taken up in the fall and potted and they will continue to bloom during the winter. **Pkt. 10c.; 3 pkts. 25c.**

Centaurea

JUBILEE GEM—A new type of the popular "cornflower" or bachelor button. Grows only 8 to 10 in. tall and the deep blue flowers fairly cover the bushes. Unexcelled for borders as they commence to flower very early and continue in bloom for weeks. **Pkt. 7c.; 1/8 oz. 15c.**

CARNATIONS

Bachelor's Button or Centaurea

JUNG'S FANCY MIXED—This is perhaps one of the most popular and indispensable annuals. Grows to a height of 2 ft., and produces its large, long stemmed flowers for a very long time. May be sown early in the spring, in a few weeks they come into flower continuing until hard frosts. We offer a very select strain containing many beautiful colors. **Pkt. 7c.; 1/8 oz. 15c.**

CENTAUREA OR BACHELOR BUTTON

ANNUAL DAISIES

Cosmos

JUNG'S SUPERB MIXED

Probably one of the finest Cosmos mixtures to be had. Made up of such grand varieties like Sensation, Early Flowering, Golden Flare, etc. Will supply you with grand flowers from early summer until frost. Many of the flowers will be 4 to 5 in. across and are borne on long stems, just grand for bouquets. **Pkt. 8c.; 1/8 oz. 15c.**

JUNG'S SUPERB COSMOS

CALIFORNIA POPPY

Mrs. Henry Pask, Wis.—Had wonderful compliments on your Zinnias and Sweet Peas.

Annual Painted Daisies

Easily grown annuals that produce some of the best color combinations known in flowers. They are as easily grown as poppies and remain in bloom for a long time. As the flowers are produced on long stems they make splendid bouquets and will last for a long time. Do not sow the seed too thick as the plants require room to give best results; they should be 12 to 15 in. apart each way. **Pkt. 7c;**
2 pkts. 10c.; 1/8 oz. 15c.

AN. CANTERBURY BELLS
TOP—AN. PAINTED DAISIES

California Poppy

GIANT HYBRID MIXED—You will be highly delighted with the profusion size and wonderful new colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to Oct. Colors include orange, rose, crimson, lavender and many other new shades. Very easy to grow; height 12 in. **Pkt. 8c.; 2 pkts. 15c.**

Mrs. Fred Wolf, Mich.—I have the most beautiful flowers this year it has ever been my pleasure to raise, thanks to the quality of Jung's seeds and plants.

Mrs. Elizabeth Hagerly, N. Y.—I was very much pleased with my flower garden from your seed last year. I had many kinds of flowers no one else had.

CARNATION PINKS

Carnation Pinks

FANCY MIXED—The rare beauty of these fine annuals rival Carnations and come into flower in 6 to 8 weeks after sowing. Plants grow 12 to 15 in. tall and bloom profusely for a long period of time. Well suited for beds, borders and bouquets. **Pkt. 8c.; 1/8 oz. 20c.**

E. N. Francisco, Iowa—Your seeds grow and produce well, they cannot be beat.

Howard Payne, Ohio—We have found JUNG'S seed to be the best of all.

CALLIOPSIS

EVERLASTING FLOWERS

Everlasting Flowers

GIANT MIXED—These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants grow about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. **Pkt. 8c.; 2 pkts. 15c.**

Calliopsis

GOLD CREST—This fine annual is easy to grow and sure to bloom. Commences to bloom early and continues to flower for a long time. The rich golden flowers are 2 1/2 to 3 in. across, semi-double, with a reddish bronze-zone. Well suited for bouquets. **Pkt. 8c.;**

Annual Canterbury Bells

ANNUAL FANCY MIXED—You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will bloom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. **Pkt. 8c.; 2 pkts. 15c.**

Scabiosa

GIANT FANCY MIXED—A hardy and easily grown annual well suited for beds or bouquets. Bushes grow 2 1/2 ft. tall and are in flower from early summer until frost. The flowers are borne on long wiry stems, are of large size and exquisite colors. Our seed is a highly improved strain selected for large flowers and wonderful colors. **Pkt. 8c.; 2 pkts. 15c.**

GIANT FANCY SCABIOSA

CALENDULA

DWARF MARIGOLD

Calendula

ORANGE KING—One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. Also makes a fine plant for pot culture blooming freely in winter. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. **Pkt. 7c.; 1/8 oz. 15c.**

Dwarf Marigolds

FANCY DWARF MIXED—There are few, if any, of the low growing annuals that produce such a profusion of flowers for a long period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. **Pkt. 8c.; 1/8 oz. 15c.**

LARKSPUR

New Giant Double Larkspur

EXQUISITE MIXED—A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of color is unexcelled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remains in flower for a long time if kept picked. **Pkt. 8c.; 1/8 oz. 20c.**

Beautiful Bedding Petunias

BRILLIANT BEAUTIES—A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 8 to 12 in. high, and commence to bloom when only a few inches high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive in heat and dry weather plant some of these grand Petunias. **Pkt. 8c.; 2 pkts. 15c.; 1/8 oz. 35c.**

BRILLIANT ROSE—If you wish a flower bed that is bright and cheery throughout the summer and fall plant some of these brilliant Petunias. Plants grow compact, 8 to 12 in. tall, they commence to bloom when only a few inches tall and are a blaze of color from early summer until hard frosts. Flowers are of good size and a live rose red color. **Pkt. 10c.; 3 pkts. 25c.; 1/8 oz. 50c.**

FLAMING VELVET—One of the most showy Bedding Petunias. Plants are a mass of striking color from early summer until late fall. The large flowers are a beautiful shade of deep velvety maroon-red, very rich and showy. **Pkt. 10c.; 3 pkts. 25c.; 1/8 oz. 50c.**

Order Early

We cannot urge you too strongly to send your orders early this year. If you wait until planting time many varieties will be sold out, also parcel post, express and freight service are taxed to capacity. You can avoid disappointments by ordering early.

BRILLIANT ROSE PETUNIAS

ORDER EARLY

FLAMING VELVET

BRILLIANT BEAUTIES

INDIAN SPRING

Annual Hollyhock

INDIAN SPRING — Semi-double fringed flowers from delicate pink to rosy carmine, are freely produced on 4 to 5 ft. stalks the first season. Seeds sown in March will bloom in August. Plants will live over winter and flower again the following year. **Pkt. 10c.; 2 pkts. 15c.**

STOCKS

Super Double Stocks

JUNG'S FANCY DOUBLE MIXED — One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 feet and produce long spikes of double flowers, many of them 2 inches across. Colors include white, rose, blue, crimson, and yellow. Our seed is a superb select strain. **Pkt. 8c.; 3 pkts. 20c.**

Mrs. E. A. Alexander, Wis.—

"With Jung's seeds for our garden We're pretty sure to know We'll have a Victory garden Jung's seeds are sure to grow. Just like the birds in the spring we're back with another order like in years gone by."

W. H. Austin, N. C.—We have used your seeds for 6 years and there are none better.

Mrs. Chas. Lawrence, Ohio—I have been very much pleased with your wonderful seed. Also the prompt service.

"Quality First"

You can rely upon the Quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seeds.

CHRISTMAS KOCHIA

Christmas Kochia

A great improvement on the old variety as this new strain retains its beautiful color until late in the winter while the old variety dried up in September. The bushes are a mass of dense live green in summer while after frost it turns to rosy claret red and is highly ornamental after all other shrubs are dead and the effect of this color against the snow is certainly a beautiful sight. The plants grow 3 to 4 feet high and very dense and symmetrical from the start. **Pkt. 7c.; 2 pkts. 10c.; 1/4 oz. 15c.**

"There is a Difference"

Seeds may look alike but the flowers you grow depend very largely on the seeds you sow. We use extreme care in growing our flower seeds so that you will get seeds that will grow and produce flowers of rare beauty. A booklet on Growing Flowers is free for the asking with every order of 25c or more. **Do You Want One?**

RUFFLED GIANT ZINNIAS

DWARF DOUBLE HYBRID NASTURTIIUMS

Double Nasturtiums

DWARF MIXED—Now you may have these wonderful sweet scented double Nasturtiums in a wide range of colors in true bush form. The plants grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well-formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. **Pkt. 7c.; 1/2 oz. 12c.; oz. 20c.**

BLUE MOON SCABIOSA

Scabiosa

BLUE MOON—One of our most showy blue garden annuals. Plants grow 18 to 24 in. tall and produce an abundance of bloom for a long period of time. Flowers are of large size, a beautiful blue, and being borne on long stems are ideal for bouquets. **Pkt. 10c.; 2 pkts. 15c.; 1/4 oz. 25c.**

Zinnias

RUFFLED GIANTS—A great improvement on former Fantasy types. The long petals are quilled, curled and pointed with no centers of flowers showing. Flowers are remarkably large, 4 to 4 1/2 in. across and are borne on long stems. The seed we offer covers a wider range of rich color than most Zinnias. You will be delighted with the grand new Zinnias. **Pkt. 15c.; 2 pkts. 25c.**

Mrs. Robert Kinney, Wis.—I have been more than satisfied with Jung's seeds other years.

HEAVENLY BLUE M. GLORY

PEARLY GATES

CRIMSON RAMBLER

Grand New Morning Glories

CRIMSON RAMBLER—Compared to the popular Scarlet O'Hara you will find this strain to be fully as bright in color, a better grower and even a more profuse bloomer. One of the best red Morning Glories. **Pkt. 8c.; ¼ oz. 20c.**

HEAVENLY BLUE—A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3½ to 4 inches across and in color are dark sky-blue with a white throat. Very profuse bloomers and remain in flower for a long time. **Pkt. 8c.; 2 pkts. 15c.; ¼ oz. 25c.**

PEARLY GATES—A fitting mate for Heavenly Blue except for color. Flowers are of giant size, abundantly produced and a rich satiny white color. Comes into flower early and blooms for a long time. **Pkt. 15c.; 2 pkts. 25c.**

GIANT FANCY MIXED—A superb mixture of the above varieties and also some of the ruffled strains, truly a superb mixture. **Pkt. 8c.; ¼ oz. 20c.**

Giant Fancy Marigolds

By planting this seed you can have all the beautiful new Marigolds at small expense. This mixture contains seeds of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. **Pkt. 8c.; 2 pkts. 15c.; ½ oz. 20c.**

GIANT FANCY MARIGOLDS

Carnation Centaurea

CARNATION FLOWERED MIXED—The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 inches across and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a long time in water. **Pkt. 8c.; 2 pkts. 15c.**

Gaillardia

FINEST MIXED—One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 inches across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow **Pkt. 7c.; 2 pkts. 10c.**

Double Portulaca

GIANT DOUBLE MIXED—A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. **Pkt. 10c.; 3 pkts. 20c.**

CARNATION CENTAUREA

GAILLARDIA

DOUBLE PORTULACA

POMPOM ZINNIAS

Fancy Pompon Zinnias

SUPERS MIXED — These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact and bushy and are loaded with the beautiful perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnias has been greatly improved and is becoming very popular. **Pkt. 8c.; 2 pkts. 15c.**

Mrs. M. T. Burrows, Pa.—Had a fine garden and beautiful flowers from your seed last year.

JUNG'S SUPER GIANT ZINNIAS

Velvet Flower or Salpiglosis

GIANT FLOWERED MIXED—Undoubtedly one of the most attractive annuals and for richness of colors they are unsurpassed. Splendid for either beds or bouquets, they are as easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. **Pkt. 8c.; 2 pkts. 15c.**

Snapdragon

MASTADON MIXED—These wonderful Snapdragons are truly giant in size and must be seen to be appreciated. They produce spikes of flowers 2 ft. long and many of the single flowers will be 1 to 1½ in. across. Our mixture is composed of the very best colors and a bed will supply you with cut flowers throughout the summer and fall. **Pkt. 8c.; 3 pkts. 20c.**

Giant Early Sweet Peas

EARLY SPENCERS MIXED—A new type of Sweet Peas having the large waved flowers of the Giant Spencers but coming into flower fully three weeks earlier and will then continue to blossom for a long time. The vines are vigorous growers and produce a mass of flowers on long stems, often 3 to 4 flowers on each stem. Our mixture contains all the finest colors of the large ruffled strains. **Pkt. 8c.; ½ oz. 15c.; oz. 25c.**

Mrs. Chas. E. Judie, Wis.—Have planted Jungs Garden and Flower Seeds for 8 years and have always been pleased.

Jung's Super Giant Zinnias

Our sales on the truly Giant flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

CANARY BIRD—A lovely shade of primrose or lemon, very large flowers and holds its color for a long time. **Pkt. 10c.**

DREAM—A very attractive and desirable shade. Light lavender, changing to purple. **Pkt. 10c.**

EXQUISITE—One of the most pleasing as regards form and size. Light rose with deep rose center. **Pkt. 10c.**

METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. **Pkt. 10c.**

John Helser O—We have found no better seeds than Jungs.

ORIOLE—Well worthy of the beautiful bird for which it was named. Immense orange and gold bicolor flowers which change color as the flowers grow older. **Pkt. 10c.**

POLAR BEAR—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. **Pkt. 10c.**

SPECIAL ZINNIA OFFER

1 Pkt. of each of these 6 Grand Zinnias for 40c.

Jung's Super Giant Mixed Zinnias

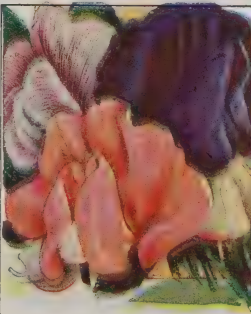

This is one of the finest Mixtures of Zinnia to be had. It contains seed of all those shown besides many other colors. If you want glorious color around your house from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for livening up any room. **Pkt. 8c.; 3 pkts. 20c.; ¼ oz. 40c.**

VELVET FLOWER

Mastodon Snapdragons

Early Spencer Sweet Peas

BRILLIANT BEAUTIES

Dwarf Nasturtiums

BRILLIANT BEAUTIES MIXED—The plants are of vigorous growth, erect habit and beautiful rounded form. They are of quick growth, begin to bloom early in the summer and continue to bloom until killed by frost. So greatly diversified are the colorings that it seems almost impossible to find two plants bearing flowers alike. The flowers are not only wonderfully brilliant but also of large size. **Pkt. 7c.; ½ oz. 10c.; oz. 15c.**

Portulaca

EVERBLOOMING MIXED—A great favorite for bedding, edging, and window boxes. Will grow and bloom in hot, dry locations where almost any other plant would die. Blooms profusely from early summer until autumn. For brilliant color a bed of these easy growing flowers is a sight to behold. **Pkt. 8c.; ½ oz. 25c.**

TULIP POPPY

SNAPDRAGON

New Snapdragon

RUST-PROOF MIXED—In many sections rust destroyed these plants before they flowered. This new strain is very resistant to rust and you may grow these favorites to perfection. It will produce very large flowers in a wonderful range of bright, rich colors. **Pkt. 10c.; 3 pkts. 25c.**

Tulip Poppy

A very desirable hardy annual, seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. **Pkt. 8c.; 2 pkts. 15c.**

Giant Spencer Sweet Peas

These new Sweet Peas are of enormous size, which with their charming colors and waved or fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured 2½ inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

AUSTIN FREDERICK—A magnificent flower of a pleasing shade of bright lavender. Flowers are beautifully waved or ruffled and borne 3 and 4 on long stems.

PINKIE—The largest flowered rich rose-pink. Long stems often bearing four flowers. One of the best.

KING WHITE—The grandest of all white Sweet Peas, remarkable for its glistening whiteness and large size.

MARY PICKFORD—Appropriately named, as it is one of the most beautiful, giant flowered sweet peas. Color is a dainty cream-pink blending towards salmon. Grows vigorous vines and blooms very profusely.

ROYAL PURPLE—A beautiful rich deep purple and the best in its class. Flowers of large size borne on long stems and produced in great profusion.

ROYAL RED—The flowers of this grand variety are of heavy texture, of grand size and beautifully waved. Flowers are a rich scarlet that glisten in bright sunlight.

WARRIOR—Beautiful fluted maroon flowers of large size and true waved or fluted style. Very vigorous growers.

PRICE of any above Sweet Peas: Pkt. 8c.; ½ oz. 15c.; oz. 25c.

Special Sweet Pea Offer

One large pkt. of each of the 7 fine Giant Spencer Sweet Peas listed on this page for only 25c.

EVERBLOOMING SWEET PEAS

Jung's Giant Everblooming Sweet Peas

This superb Sweet Pea mixture is made up of both early and late Giant Spencers and will remain in flower for many weeks. It has been made with extra care from the finest large flowering Spencers and will produce a well balanced color effect. All dull and undesirable colors have been omitted making this as fine a mixture of Sweet Peas as it is possible to produce. **Pkt. 8c.; ½ oz. 12c.; oz. 20c.; ¼ lb. 45c.**

Inoculating your Sweet Peas will produce larger and finer flowers. See page 1.

BEAUTY BUSH

Beauty Bush

There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are deep pink and the flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. **Strong 2 yr. field grown plants: Each 35c.; 2 for 95c.**

PHILADELPHUS

ORDER EARLY

SPIREA V. H.

ORNAMENTAL SHRUBS

All of our Shrubs are 2 and 3-yr. field grown plants and have been transplanted several times which gives them very heavy roots. There is a great difference between these and the 1 yr. rooted cuttings that are sometimes offered at low prices. Order your shrubs early, we will send them out at the proper time.

New Butterfly Bush

ISLE DE FRANCE—This wonderful new Butterfly Bush is a rare beauty with its brilliant rosy-purple flowers, also delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bears a spike of flowers 9 to 12 in. long. Blooms from July until hard frosts. **Strong plants that will bloom this year: Each 30c.; 3 for 75c.**

ISLE DE FRANCE

Snowball Hydrangea

These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilacs and remains in flower until August, does fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. **Strong 2 yr. plants: Each 30c.; 3 for 80c.**

GOLDEN ELDER

Golden Elder

A valuable plant for producing contrast if planted with other shrubs as it has bright golden foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. **Extra strong 2 yr. plants: Each 25c.; 3 for 70c.**

SNOWBALL HYDRANGEA

FORSYTHIA

DUETZIA

FLOWERING QUINCE

RED BARBERRY

PERSIAN LILAC

Beautiful Flowering Shrubs

(Shown above in natural colors)

RED LEAVED BARBERRY—A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting especially when planted with a background of green shrubs; may also be planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. **Select 2 yr. plants: Each 30c.; 3 for 75c.; 12 for \$2.90.**

SNOW GARLAND DUETZIA—A valuable and beautiful shrub which grows 3 to 4 ft. tall and may be used as a single shrub or planted in front of taller shrubs. Flowers are pure white and a bush in full bloom is a mound of glistening whiteness. **Each 25c.; 3 for 65c.; doz. \$2.25.**

GOLDEN BELL FORSYTHIA—A handsome hardy shrub that grows 5 to 6 ft. tall. Few if any of the early flowering shrubs can surpass the splendor and brilliancy of a Forsythia in full bloom. Flowers are a bright golden yellow and completely cover the bush. One of the first shrubs to blossom, after the first few days of spring they break forth in full flower which remain for weeks. **Strong 2 yr. plants: Each 25c.; 3 for 65c.; doz. \$2.25.**

PERSIAN LILAC—One of our most popular and beautiful Lilacs. Bushes make a rapid, graceful growth and are excellent for use either as a shrub or for a hedge. Flower heads very large, beautifully formed, bright lilac color and very fragrant. A very profuse bloomer, very hardy. **Strong 2 yr. plants: Each 25c.; 3 for 65c.; doz. \$2.25.**

SCARLET FLOWERING QUINCE—A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. **2 yr. field grown plants: Each 25c.; 3 for 70c.; doz. \$2.50.**

Mrs. Fred Riggelman, W. Va.—Was so well pleased with the shrubs bought of you last year so am sending for more.

Improve Your Home Like This By Planting Jung's Shrub Collection

JUNG'S IDEAL SHRUB COLLECTION

27 Strong 2 Yr. Field Grown Shrubs and Vines for \$4.25 Postpaid

- | | |
|------------------------------|------------------------|
| 2 FORSYTHIA—Golden Bell | 4 SPIREA—Van Houttei |
| 2 HYDRANGEA—Pan. Grandiflora | 2 SPIREA—Rosy Plume |
| 2 PERSIAN LILAC | 2 SPIREA—Anth. Waterer |
| 2 ROSES—Hansa and Hugonils | 2 GOLDEN ELDER |
| 2 RED LEAVED BARBERRY | 2 REBEL PRIVET |
| 2 BUSH HONEYSUCKLE | 1 CLIMBING HONEYSUCKLE |
| 1 BUSH CHERRY | 1 SNOWBERRY |

Mrs. S. F. Middleton, Mo. — Jung's Ideal Shrub Collection I bought last year was indeed satisfactory, every shrub grew.

F. A. Pherson, Wash. —The Beauty Bush and Duetzia from you are just perfect.

These are all strong 2 yr. old field grown shrubs and vines. At catalog prices they would cost \$6.00 but as a special offer they will be sent to you all charges prepaid for only \$4.25.

Michael J. Guidas, Pa.—All the shrubs bought from you last year are—well they just couldn't be beat.

DOGWOOD

Cornus or Dogwood

These are especially valuable for the brilliancy of the bark and berries. The beautiful coloring of the bark is especially attractive during the winter. The berries are a great attraction for birds. They are very hardy, rapid growers and succeed in sun or shade.

RED BRANCHED—The stems and twigs are deep blood red. Grows 6 to 8 ft. tall, with clusters of fine white flowers succeeded by a fall crop of ornamental berries.

YELLOW BRANCHED—Very similar to the above except that the branches are bright yellow.

Price of above: Strong 2 yr. 18-24 in. plants: Each 25c; 3 for 60c.

Hedge Plants

Japanese Barberry

Colors Wonderfully in the Fall.

One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any taste. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold white; during the winter they are covered with bright red berries. This variety does not spread rust. Strong bushy 2 yr. plants: Each 25c; 3 for 55c; 12 for \$1.60; 25 for \$2.90.

HYDRANGEA PAN, GRANDIFLORA

Pan. Grandiflora Hydrangea

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy and Attractive.

If you can have but one shrub let it be one of these Hydrangeas you will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July, they open pure white, later changing to pink. We offer only field grown plants of the true Giant Flowered type. Each 30c; 3 for 80c; doz. \$3.00.

JAPANESE BARBERRY

Hardy Amoor River Privet

This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plant until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation plantings next to buildings, can be pruned or sheared to suit your fancy, the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. We offer strong 2 yr. transplanted plants of our own growing. 3 for 35c; 12 for \$1.00; 50 for \$3.75; 100 for \$6.95. Heavy 3 yr. plants: 12 for \$1.50; 50 for \$4.50; 100 for \$8.75.

Notice

All of our Shrubs are 2 yr. field grown plants, not one year rooted cuttings. Remember this when comparing prices.

Regel or Fern Privet

A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense, the branches grow horizontally, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations, and entrances. Strong 2 yr plants: Each 25c; 3 for 60c; 12 for \$2.25.

REGEL PRIVET

AMOUR RIVER PRIVET

EVERBLOOMING HONEYSUCKLE

Everblooming Honeysuckle

SCARLET BEAUTY—We consider this to be one of our very best hardy climbers, also never bothered by insects or disease. Early in June the large fragrant flowers cover the vines and are then produced until late in the fall. If you wish a hardy and beautiful vine that will not disappoint you let it be Scarlet Beauty. **Select plants that will bloom this year: Each 35c.; 3 for \$1.00.**

Mrs. P. Neely, Ky.—May I take this opportunity to thank you for the strong, stocky shrubs you sent me, am well pleased and all are growing splendidly.

Tamarix

HISPIDA—This is the hardiest and best variety. Will grow 8 to 10 ft tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery-blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in wet or dry places. **Strong 13-24 in. plants: Each 25c.; 3 for 65c.**

TAMARIX

AN. WATERER SPIREA

Anthony Waterer Spirea

The Best Everblooming Red Shrub. A popular and handsome shrub forming round bushes 2½ to 3 ft. in height and width, widely used for borders or planting in front of tall shrubs. Produces wide heads or clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. **2 yr. plants: Each 30c.; 3 for 75c.; 12 for \$2.90.**

HONEYSUCKLE

Bush Honeysuckle

FIREBALL—A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grows 8 to 9 ft tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. **Select 2 yr. plants: Each 30c.; 3 for 75c.; doz. \$2.25. Extra large 3 yr. plants: Each 40c.; 3 for \$1.00; doz. \$3.25.**

New Lilac

CANADA GEM—A grand new lilac that is hardy as an oak and rivals the best French Hybrids for grace and beauty. It comes into bloom after our native varieties are through and remains in flower a long time. The flower heads are of immense size almost like Hydrangeas. We consider this one of the finest hardy shrubs you can have on your lawn. Will not spread like common lilacs. **Strong 2 yr. plants: Each 60c.; 3 for \$1.60.**

Shrub Collection No. 8

One select plant of each of the following fine hardy Shrubs and Vines for \$1.18.

Red Beauty Bush Honeysuckle
Scarlet Beauty Climb. Honeysuckle
Pan. Grandiflora Hydrangea
Persian Lilac

HARDY WIEGELA

Hardy Wiegela

ROSALIE—This is one of the hardiest and most profuse bloomers; here in our nurseries it has withstood 29 below zero. In June the bushes are completely covered with deep rose pink flowers and often flowers again late in the summer. It grows 6 to 8 ft tall, will thrive in partial shade or full sun and may be planted singly or with other shrubs. You will never regret planting this grand new Wiegela. **Strong select plants: Each 35c.; 3 for \$1.00.**

Alice Runeberg, Ill.—I've always had first quality seeds and plants from you.

A. Lesterson, Mich.—Received my shrubs in good condition and am well pleased with them.

B. J. McKigney, Minn.—The shrubs bought from you last year were wonderful.

CAN GEM LILAC

ROSY PLUME SPIREA

Rosy Plume Spirea

A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy pink flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. **Strong 2 yr. plants Each 25c.; 3 for 60c.; 12 for \$1.85.**

FERN LEAVED SPIREA

Fern Leaved Spirea

A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flowers similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendid. **Each 28c.; 3 for 75c.; doz. \$2.75.**

VIBURNUM

Golden Leaved Mock Orange

One of the Best Golden Leaved Shrubs. It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush, perfectly hardy and grows to a height of 4 to 5 ft. **Each 35c.; 3 for 95c.**

Mrs. Robt. Hurst, Conn.—All the shrubs that I've ordered from you have grown very nicely and we like your quick service.

GOLDEN MOCK ORANGE

Bush Bittersweet

A beautiful hardy shrub which will grow 6 to 8 ft. tall. In spring it is covered with a mass of bright yellow flowers, followed by brilliant rose colored berries (like bittersweet) which remain on the plants until mid-winter. Leaves color up beautifully in the fall. **Strong 2 yr. plants: Each 30c.; 3 for 75c.**

BUSH BITTERSWEET

"Skyrocket" Rose

A new Rugosa Rose hardy as an oak and a most profuse bloomer. Unusually beautiful when in bud as these are long and pointed, later they open into beautiful semi-double flowers which completely cover the bush. You will be delighted with this fine rose. **Select Plants: Each 45c.; 3 for \$1.25.**

C. W. Flaig, III.—The shrubs and plants which you furnished me this spring far surpassed my expectations. They did exceptionally well the first year.

Mrs. Wm. Thierfelder, Wis.—All your seeds did so well. The shrubs are the best I ever bought.

Otto Wiedholz, Wis.—Purchased Shrubs and Vines from you and must say everything turned out excellent.

Giant Red Berried Viburnum

One of our hardy, useful and beautiful shrubs growing to a height of 5 to 6 ft. They have handsome brilliant green foliage which forms a rich setting for large broad heads of white flowers in June which are later followed by great clusters of crimson berries that remain on the bushes until late winter. **Extra Strong 2 yr. Plants: Each 30c.; 3 for 80c.; doz. \$2.53.**

Giant Bridal Wreath

The finest of all Spireas. A splendid hardy, rapid growing shrub, 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers which are delightfully fragrant. A very hardy attractive shrub that is sure to please. **Select 2 yr. Plants: Each 30c.; 3 for 75c.**

GIANT BRIDAL WREATH

CHINA ROSE TREE

FRENCH LILAC

RED LEAVED PLUM

China Rose Tree

A very hardy, handsome ornamental tree that grows to a height of 6 to 8 ft., and is ideal for planting on a lawn as a specimen or in the rear of a shrub planting. It bears a wealth of double delicate pink flowers very much like roses. Comes into bloom very early even before the leaves appear. **Strong 2 to 3 ft. trees: Each 45c.; 3 for \$1.25.**

French Lilac

The French Lilacs have larger clusters and are even more fragrant than the common varieties. They make strong sturdy bushes and may be grown in tree form by pruning. You will be delighted with the immense trusses of lilac blue flowers of this fine Lilac. **Extra Strong Plants. Each: 40c.; 3 for \$1.00.**

Red Leaved Plum

This may be classed as one of the best red leaved shrubs, especially fine for planting among other shrubs as the deep red foliage shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest color. Perfectly hardy and will grow 6 to 8 ft. tall. **Strong 2-3 ft. plants: Each 45c.; 3 for \$1.25.**

Tree Hydrangea

We know of no other shrub that will equal the tree Hydrangea for the length of time they are in flower and rare beauty of flowers. It is unsurpassed as a specimen shrub for lawns. We offer the giant flowered type, they will bloom the first year and on rich soil the flowers heads will be of immense size. The flowers open up a pure white and later change to pink, commences to bloom in July and remain in flower until winter. **Select 2-3 ft. Trees: Each 60c.; 3 for \$1.50.**

TREE HYDRANGEA

ORDER EARLY

MAY DAY TREE

Beautiful Flowering Trees

Red Bud or Judas Tree

A beautiful medium sized ornamental tree with large heart shaped leaves. Blooms early in the spring, before the leaves appear, covering the branches with rosy-pink pea-shaped flowers. **Select 3-4 ft. trees: Each 60c.; 3 for \$1.60.**

May Day Tree

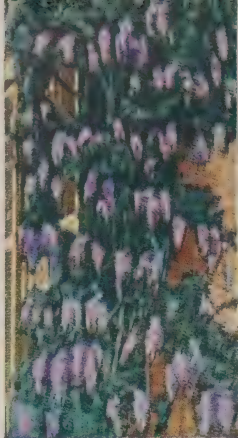

A flowering tree of superb beauty useful for either the lawn or boulevard as it will grow to a good size, 20-25 ft., and is perfectly hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. The fruit is also used for jelly. **Strong 3-4 ft. trees: Each 50c.; 3 for \$1.25. Large 4-5 ft. trees: Each 75c.; 3 for \$2.00.**

The Glorious "Hopa Crab"

Probably the most beautiful of the flowering crabs and is very hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. The fruit is also used for jelly. **Strong 3-4 ft. trees: Each 50c.; 3 for \$1.25. Large 4-5 ft. trees: Each 75c.; 3 for \$2.00.**

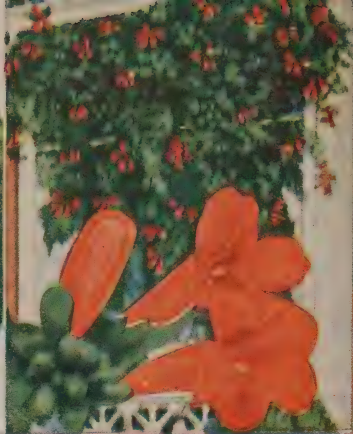

HOPA CRAB

WISTERIA

SILVER LACE VINE

TRUMPET VINE

Hardy Climber

Wisteria

HARDY PURPLE—A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. **Strong 2 yr. old plants: Each 30c.; 3 for 75c.**

Silver Lace Vine

This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. Perfectly hardy, very fast growing and will cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during Aug. and Sept. the vines are a fleecy cloud of bloom of white color. **Select 2 yr. plants: Each 30c.; 3 for 75c.**

Trumpet Vine

A vigorous growing, hardy vine, well supplied with heavy fern-like foliage and remain in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. **Strong plants: Each 25c.; 3 for 65c.**

Engelman's Ivy

A very desirable variety as it is much hardier than Boston Ivy withstanding heat and severe cold much better. It is a type of Ivy which has been long wanted as it has shorter joints and handsome foliage and is well supplied with tendrils that cling to the wall very tight. **Each 25c.; 3 for 70c.; 12 for \$2.50.**

ENGELSMAN'S IVY

PRICES!

In comparing prices please bear in mind that, except where noted, we pay the postage; also all our shrubs are 2 and 3 yr. field grown plants, not 1 yr. rooted cuttings as are often offered at bargain prices.

Clematis-Jackmanni

One of our most popular and beautiful climbers. Flowers when fully open are 4 to 5 inches in diameter, deep violet purple with rich velvety appearance. When in full bloom the entire plant is a mass of solid color; they remain in flower over a long period. **Strong 2 yr. field grown plants: Each 60c.; 3 for \$1.50.**

Mrs. Clifford Castner, N. Y.—Have used your seeds for several years and your shrubs are extra nice.

Mrs. Wm. Sutheimer, Wis.—Received the shrubs and plants and want to tell you how pleased we are, they are larger than I expected.

New Hardy Rose

DR. ECKENER—One of the newest and most beautiful hardy Rugosa Roses. Flowers are of good size, double, of a wonderful buff-pink color, overlaid with a rich, golden sheen. One of the most fragrant roses. **Strong 2 yr. field grown plants: Each 45c.; 3 for \$1.25; 12 for \$4.50.**

DR. ECKENER

Please Note

Owing to extra expense in filling and packing we cannot accept orders for Shrubs, Vines and Plants unless they amount to 75c or more.

CLEMATIS

GOLDEN ROSE OF CHINA

Dwarf Rambler Rose F. J. Grootendorst

A cross between Rugosa and Baby Rambler that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red and very fragrant. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. **Select Plants: Each 40c.; 3 for \$1.00; 12 for \$3.75.**

GROOTENDORST

"Hugonis" or Golden Rose of China

A wonderful new rose from China that is perfectly hardy and very showy even when not in blossom as the foliage is very fine or fernlike, deep green and very glossy. Very useful for planting with other shrubs or for show plants when planted singly. The bushes grow 4 to 5 ft. tall and when in full bloom are a mound of glistening gold, the branches drooping gracefully with a mass of blossoms. The long densely flowered branches may be cut for table bouquets without detriment to the bushes as the new growth produces the flowers. **Strong 2 yr. plants: Each 30c.; 3 for 75c.; doz. \$2.50.**

Hardy Rugosa Roses

These roses are very hardy and can be grown in any part of the U. S. They were produced by crossing the hardy Rugosa Rose with some of the best double everblooming varieties. They have perfectly double flowers, bloom at frequent intervals throughout the season and are highly fragrant. They are absolutely hardy and are not susceptible to many diseases and insects that attack other roses. Once planted they are permanent, about all they require is to keep the soil worked around the bushes and occasionally a little well rotted manure well spaded in. They grow dense heavy bushes, 3 to 5 ft. tall and are well supplied with heavy shiny foliage.

BELLE POITEVIN—Grows a strong, vigorous bush and branches freely, every tip laden with large double flowers of a live, clear pink color. Buds are long and have an exquisite perfume. **Strong Plants: Each 35c.; 3 for 85c.; 12 for \$3.25.**

HANSA—One of the finest of the hardy Rugosa Roses, growing a strong healthy bush that bears the large handsome flowers in great profusion. Flowers are large, very full and double and a rich maroon red in color. A bush of these roses is a grand sight when in bud or bloom. **Strong Plants: Each 35c.; 3 for 85c.; 12 for \$3.25.**

HARRISON'S YELLOW—One of the hardiest yellow Roses. When in full bloom the plant is simply a mass of gold. Foliage is fern-like and very attractive. **Strong 2 yr. Plants: Each 35c.; 3 for 90c.**

SIR THOMAS LIPTON—A pure white Rugosa Rose, flowers are very double and borne in profusion throughout the season. A beautiful fragrant rose. **Strong 2 yr. Plants: Each 35c.; 3 for 85c.; 12 for \$3.25.**

Greg A. Hartmann, Minn.—My order of Roses and Iris proved very satisfactory.

TOP—BELLE POITEVIN HARRISON'S YELLOW
SIR THOMAS LIPTON HANSA

Special Offer No. 14

Cme Strong 2 Year Field Grown
Plant of each of these 7 Fine Roses
and 1 White Glory Spirea
for \$2.00 Postpaid

Climbing Rose

RED DOROTHY PERKINS—A splendid new climbing rose remarkable for its brilliant fiery red flowers and the great masses of blossoms that are produced in clusters of 6 to 8 flowers each. The flowers are very double and much larger in size than the ordinary Rambler Roses. The vines are vigorous growers, leaves glossy and deep green and are practically immune from disease and insect attacks. **Select 2 yr. Plants: Each 30c.; 3 for 80c.**

White Glory Spirea

The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes a beautiful shrub even when not in bloom. Bushes are a mound of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. **Strong bushy plants: Each 30c.; 3 for 85c.**

PLEASE NOTICE

When comparing prices please bear in mind that we sell only 2 yr. strong field grown Rose Bushes. We do not offer small 1 yr. grafts such as are often offered at low prices.

RED DOROTHY PERKINS

WHITE GLORY SPIREA

Two Grand New Hardy Plants

Blue Spirea

CARYOPTERIS — A rare new plant of unusual charm and beauty, a real aristocrat for your garden. This hardy plant grows 18 to 24 in. tall and from Aug. until frost will bear an abundance of the beautiful blue flowers. **Strong field grown plants that will bloom this year.** Each 45c; 3 for \$1.25.

Moretons Lythrum

Another grand hardy perennial that will delight all flower lovers. Very thrifty and vigorous and produces long spikes of closely set bright rose flowers. Especially fine for bouquets. Plants remain in flower for 6 to 8 weeks. **Strong field grown blooming size plants:** Each 30c; 3 for 75c.

BLUE SPIREA

Notice

Owing to the extra expense of filling and packing plants and shrubs we cannot accept orders for these items unless they amount to 50c or more.

Shrubs and Plants in order to grow must be properly taken care of from the time they are taken up until they reach the planter. We have spent much money for proper equipment and storage facilities. From the time the plants are taken up in the field the roots are protected from sun and air until they reach you.

Do not compare our shrubs with those offered as bargains, usually they are inferior in size and often stand around stores or counters for many days and the life is gone.

LYTHRUM

Hibiscus or Mallow Marvel

The beautiful perennials bloom in late summer when flowers are scarce. The plants grow 3 to 4 ft. tall and may be planted among shrubs or used as a background. Flowers are large and showy, 4 to 5 in. across, most of them bright red. **Strong Plants: 3 for 40c; doz. 1.25.** We can also offer select seed in mixed colors at 10c per pkt.

IBISCUS

Tritoma

PFITZERI or RED HOT POKER—Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from Aug. to Oct. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. **Extra strong plants: 3 for 45c; 6 for 80c; doz. \$1.50; 100 for \$8.50.**

Hardy Phlox

These may be classed as one of our best summer flowering perennials. They are very hardy, easy to grow and suitable for a wide variety of soils. All of our plants are strong field grown and not small rooted cuttings.

PAINTED LADY—Soft silvery pink shaded salmon, bright red eye. Large flowers, continuous bloomer.

MRS. JENKINS—A favorite variety as it is pure white and blooms for a long period.

FIREBRAND—Bright vivid scarlet, large and showy. One of the best.

ENCHANTRESS—Lovely bright pink with dark eye. Medium height, profuse bloomer.

Any of the above: 25c each; 3 for 60c; doz. \$1.75. Mixed colors: 3 for 40c; doz. \$1.25.

TRITOMA

ENCHANTRESS

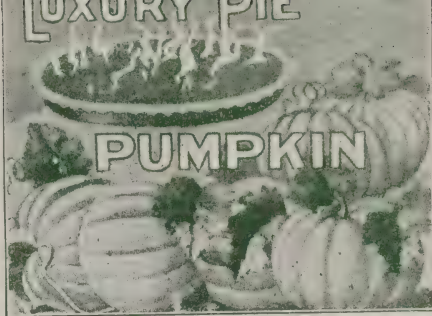

MRS. JENKINS

FIREBRAND

PUMPKINS

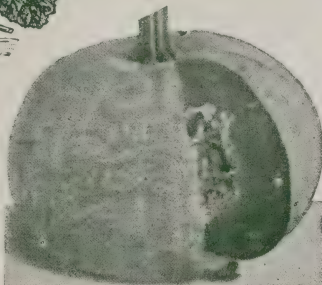

LUXURY PIE—This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about ten inches in diameter, almost globe shaped and ripens early. The skin is finely netted and in color a beautiful golden russet, which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. **If you want some delicious pies for Thanksgiving day plant LUXURY PIE.** Pkt. 7c.; oz. 12c.; ¼ lb. 35c.

TRUE MAMMOTH—This is a true Mammoth Pumpkin. Fruits grow to enormous size, specimens have been grown weighing 100 pounds and over. The skin is a light yellow russet color; flesh very thick, bright yellow, and fine grained, sweet and tender and of excellent quality for pies. If you wish to see just how large a pumpkin you can raise try this variety. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.; lb. \$1.50.

Bush Pumpkin

A new type of Pumpkin that grows in a compact bush instead of long vines so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes and may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies. Pkt. 7c.; oz. 15c.; ¼ lb. 45c.

BUSH PUMPKIN

BIG TOM FIELD PUMPKIN—Also known as Connecticut Field. Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 inches in diameter, round or oval in form. The skin is smooth and hard, of a reddish color, slightly ribbed with thick, rich orange flesh. It is the hardest of all pumpkins and is good for pies. This variety is grown extensively for stock feeding and is generally planted with the corn. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; lb. 85c.

Orie A. Leach, Mo.—Ordered seeds from you last year and was more than pleased.

"Book on Gardening Free"

At considerable expense we have prepared a booklet of complete planting instructions on Vegetables and Flowers. A copy will be sent free, when requested, with every order of 25c or more.

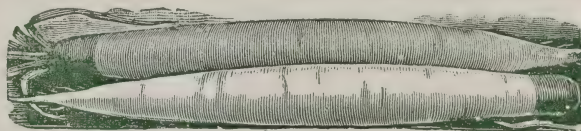

LONG STANDING BLOOMSDALE

SPINACH

KING OF DENMARK—This is a handsome variety, the leaves being of an exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide dark green leaves are wrinkled like a savoy cabbage and are of the finest quality. It produces nearly twice the bulk of crop as the ordinary sort and will remain in prime condition for a very long time. Pkt. 8c.; oz. 15c.; ¼ lb. 30c.; lb. \$1.10.

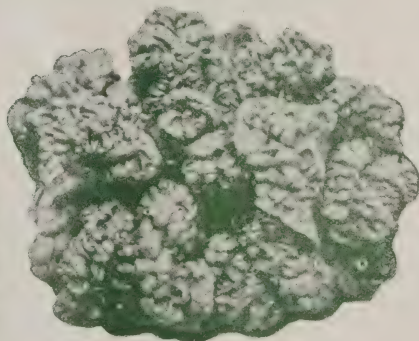

LONG STANDING BLOOMSDALE—A remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. Pkt. 7c.; oz. 15c.; ¼ lb. 30c.; lb. \$1.10.

SALSIFY

Mammoth Sandwich Island Salsify

One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. Pkt. 7c.; oz. 15c.; ¼ lb. 45c.; lb. \$1.60.

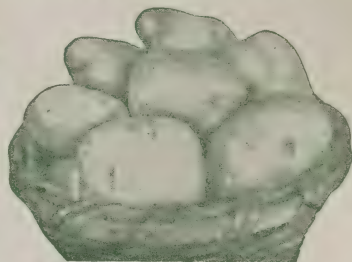

KING OF DENMARK

Jung's Northern Grown Potato Eyes

Many of our customers who wish to get some of our pure bred seed potatoes but do not feel like paying the express or freight charges on a small quantity can now try them out at small expense by planting our select Potato eyes. These eyes are cut from select potatoes, treated with Semesan Bel, and we guarantee them to reach you in good condition. In this way you can try our potatoes at very small ex-

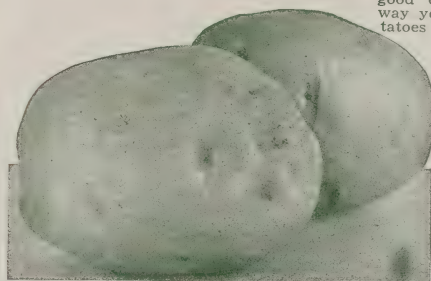

EARLY

pense as we pay all postage charges. We can supply our select hand cut eyes of the varieties listed below as follows: 100 for \$1.10; 200 for \$1.75; 500 for \$3.50, postpaid. No less than 100 eyes of any one variety. State when you wish same shipped.

RED RIVER EARLY OHIO—The most popular and widely grown extra early potato. Skin light pink in color, flesh is pure white and of the best cooking quality.

CHIPPEWA—A new main crop potato developed by the U. S. Dept. of Agriculture. One of the heaviest yielding main-crop varieties, earlier than Rural New Yorker and of better quality. Oval shaped, skin is velvety white, eyes very shallow.

Mrs. Jennie Aldrich, N. H.—Received the Potato Eyes all right. They are all up and I am very much pleased, also with the other seeds.

CHIPPEWA

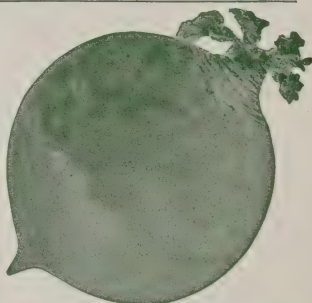

RUTA BAGAS

IMPROVED PURPLE TOP YELLOW—A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth, round and solid with a small tap root. Flesh highly colored, fine grained and very sweet. **Pkt. 7c.; oz. 12c.; ¼ lb. 30c.; lb. \$1.10.**

PERFECT MODEL—A highly improved Ruta Baga that is giving satisfaction wherever grown. A heavy yielder, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. **Pkt. 8c.; oz. 15c.; ¼ lb. 35c.; lb. \$1.25.**

PERFECT MODEL

IMP. PURPLE TOP YELLOW

SQUASH

MAMMOTH WHITE BUSH—An early maturing bush summer squash which will bear throughout the season if kept picked. Squashes are pure white and of large size. Flesh is thick and of very fine quality. **Pkt. 5c.; oz. 10c.; ¼ lb. 30c.**

GIANT STRAIGHTNECK—A new highly desirable summer squash that is replacing the older crookneck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck, the neck is heavier and gives more edible squash and is easier to prepare for the table. **Pkt. 7c.; oz. 15c.; ¼ lb. 25c.**

COCOZELLE—The most delicate and finest flavored Summer squash. Of compact bush growth, the vines yield heavily of fruit averaging 14 inches long and 5 inches in diameter, dark green in color with the yellow and green stripings. Used when 10 inches long and perfectly green. **Pkt. 7c.; oz. 15c.; ¼ lb. 40c.**

MAM. WHITE BUSH

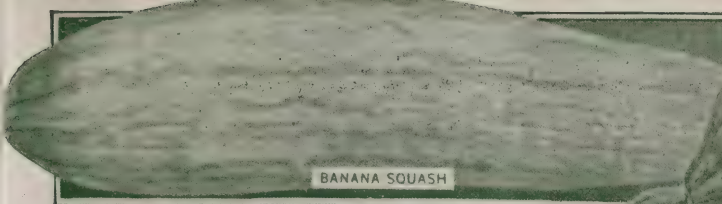

COCOZELLE

STRAIGHTNECK

Mrs. Ira Anderson, Ill.
—I am an old customer of yours and I'm very partial to Jung's seeds and plants I think I've never had anything of yours that did not grow.

BANANA SQUASH

TABLE QUEEN

Superb Winter Squash

THE GREAT BANANA SQUASH—This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is even better quality, more prolific and earlier in ripening. The color is grayish green, shell soft so that it can be cut with a knife. It grows from 18 to 30 inches long, and 6 to 8 inches in diameter. It is very prolific and a shy seeder which accounts for the high price of seed. Flesh is of deep orange color, entirely free from fibre or stringiness. Cooks up perfectly smooth and of the most delicious flavor. **Pkt. 8c.; oz. 18c.; ¼ lb. 50c.**

TABLE QUEEN—A squash that will suit the most exacting taste. Unexcelled for either baking or pies. If you want something in extra fine "eats" cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills produce enough for an average family. **Pkt. 7c.; oz. 15c.; ¼ lb. 40c.**

IMPROVED HUBBARD—This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow; fine grained, very dry, sweet and rich flavored; keeps perfectly throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartiness of the shell but the latter peculiarities are largely determined by the soils in which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be a pure Hubbard. **Pkt. 8c.; oz. 18c.; ¼ lb. 50c.**

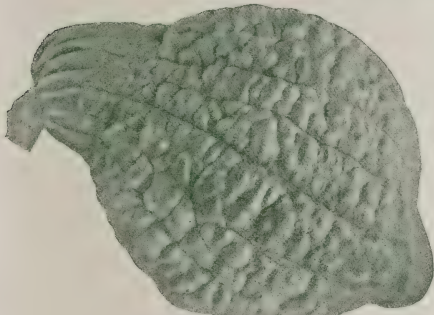

GOLDEN HUBBARD—An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known Hubbard which it closely resembles in every respect except in color, which is a bright, golden yellow. **Pkt. 7c.; oz. 12c.; ¼ lb. 35c.**

FIGHT SQUASH BUGS WITH HITOX—SEE PAGE 1

DELICIOUS

NEW DELICIOUS—For table quality there is no other Squash that can be compared with Delicious in sweetness and richness of flavor. Excellent for Fall as well as for Winter use, keeping until late in the Spring. Fruits are of medium size, weighing from 5 to 10 pounds. The rind is dark green, mottled in lighter shades. The flesh is dark orange, very fine grained and thick. **Pkt. 8c.; oz. 25c.; ¼ lb. 60c.**

GOLDEN HUBBARD

New Giant Oxheart Tomato

THE LARGEST OF ALL TOMATOES. Superb in Quality. Firm, Solid Flesh. If you wish to surprise your friends with truly large tomatoes plant Oxheart, single fruits have been grown weighing 2 lbs. each. The fruits are oxheart shaped, deep pink in color and are almost all solid meat as they contain but few seeds. The size and quality of this new tomato will delight and please you. **Pkt. 12c.; ½ oz. 35c.; oz. 60c.**

Mrs. Effie Hill, Kans.—Planted a pkt. of your Giant Oxheart Tomatoes last year and several weighed over 3 lbs., such nice smooth, solid tomatoes I never raised before.

Mrs. Walter E. Loekner, Nebr.—Last year I planted your John Baer Tomato and had them from July until freezing weather.

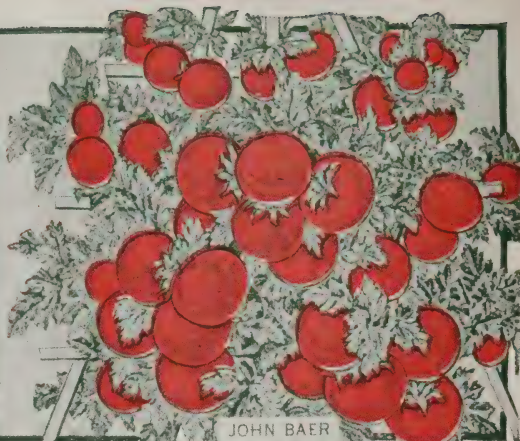

Avoid Disappointment. Order Early!

GIANT OXHEART

GIANT EVERBEARING

JOHN BAER

Jung's
Northern Grown

Tomato Seed

Jung's Private Stock "John Baer"

This is a widely grown and very popular early Tomato. First fruits ripen early and it continues to bear for a long time. Plants are vigorous growers and bear the large, smooth red fruits in great quantities. It has always been a great favorite with our customers. Market gardeners, with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, produce a larger crop and more solid fruit than seed grown further south. Plant JUNG'S JOHN BAER once and you will not be without it again. Price of seed of our own growing: Pkt. 8c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.30; lb. \$4.75, postpaid.

SUPER SELECT JOHN BAER—For gardeners who want something extra special we offer seed of this fine tomato that was saved from a few extra choice plants. This seed is only from the earliest or crown-set fruits. Sure to please. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00; 1/4 lb. \$3.00.

MARGLOBE OR CORELESS—We consider this the most ideal main-crop tomato as it is wilt-resistant and produces a larger crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet, globe-shaped tomato, fruits are very smooth, free from core and often weigh one pound each. We offer select seed of our own growing. Pkt. 8c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.25.

SUPER SELECT MARGLOBE OR CORELESS—This seed has been saved only from the first or crown-set fruits. The plants were especially selected for producing large early ripening tomatoes. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00; 1/4 lb. \$3.00.

GIANT EVERBEARING—A wonderful tomato that commences to ripen early and continues to bear throughout the season. The later fruit is just as perfect as the first. It has been tried out in all parts of the U. S., and on different soils and always proved successful. The plants make strong vines that produce surprisingly large numbers of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem. Fruits are a bright glossy red, flesh is solid, contain few seeds and are of exceptionally fine flavor. Choice seed of our own growing: Pkt. 7c; 1/2 oz. 20c; oz. 35c; 1/4 lb. \$1.25.

R-lph Wright, Ill.—
Have used your tomatoes for 7 years and they cannot be beat.

SUPREME EARLY

Jung's Supreme Early

Extra Early, Solid Smooth Fruits, Resistant to Rust and Wilt.
A wonderful new extra early tomato which we are pleased to offer to our customers. The vines are of medium growth, free from disease and bear over a long period. Fruits are of good size, globe shaped, very smooth and bright scarlet in color, ripening well to the stems. Fruits are very solid making it an excellent shipper. Select Seed of our own growing: Pkt. 8c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.40.

WHITE WONDER—A wonderful tomato which has creamy-white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads, it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seed of our own growing. Pkt. 8c; 3 pkts. 20c.

WHITE WONDER

CLIMBING TOMATO

JUNG'S GIANT CLIMBING—Enough tomatoes for an average family can be grown from a small space by planting this vigorous tomato and supporting the plants on stakes or a trellis. Vines will grow 6 to 8 ft. tall and bear tremendously. Fruits are very large in size, smooth, solid, deep red in color and ripen up evenly to the stem. May also be grown like ordinary varieties but be sure to give the plants plenty of room. **Seed:** Seed of our own growing. Pkt. 10c.; ½ oz. 25c.; oz. 45c.

John E. Matthews, III.—The Giant Climbing Tomatoes are all you claim for them.

TRUCKER'S FAVORITE—Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color, always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unexcelled for slicing or cooking. As a dependable main crop Tomato Trucker's Favorite cannot be beaten. Pkt. 7c.; ½ oz. 20c.; oz. 39c.; ¼ lb. \$1.10.

EARLY WHITE MILAN

PURPLE TOP WHITE GLOBE

FANCY MIXED PRESERVING

TOMATOES—Continued

FANCY MIXED PRESERVING—In a packet of this seed you will receive a fine assortment of the different small fruited varieties such as Red and Yellow Pear, Plum, Cherry and Peach. These tomatoes are all of unusually sweet, rich flavor and excellent for making preserves. As they are such prolific yielders a few plants will supply an average family. Pkt. 8c.; 2 pkts. 15c.

EARLY OXHEART—We have spent years in developing this extra early strain of the famous Oxheart tomato. It grows a very compact plant and ripens two to three weeks earlier. The fruits are of good size and fine quality. It will produce an even heavier crop than the regular Oxheart. Pkt. 8c.; ½ oz. 35c.; oz. 60c.

Mrs. W. B. Ginger, Va.—I have always found Jung's Seed the best and always have tomatoes before anyone else.

OXHEART

TRUCKER'S FAVORITE

TURNIPS

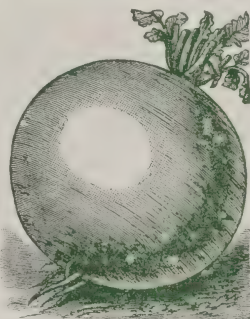

GOLDEN BALL—Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact, we consider it the best turnip for table use. Pkt. 7c.; oz. 15c.; ¼ lb. 35c.; lb. \$1.10.

EXTRA EARLY WHITE MILAN—A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 7c.; oz. 15c.; ¼ lb. 35c.; lb. \$1.25.

PURPLE TOP WHITE GLOBE—This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure six inches and more in diameter, being of perfect globe form. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 5c.; oz. 15c.; ¼ lb. 30c.; lb. \$1.10.

"Quality Seeds"

From good seeds only can good crops be grown. The cost of the best seeds is very small when compared to the resulting crop. With Jung's it's "Quality First."

GOLDEN BALL

JUNG'S SCARLET GEM

Jung's Select Flower Seeds

The same care and time used in growing our garden seeds also enters into the production of our flower seeds. They are grown from the most select stocks, carefully tested for germination, in fact you will find Jung's Flower Seeds to be equal to the best offered anywhere. With every order of 25c or more we send a booklet on growing flowers free.

RUFFLED GIANTS

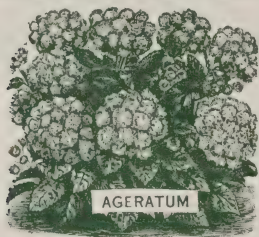

BUTTERFLY PLANT

Asters

JUNG'S SCARLET GEM—The most attractive of all Asters being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. **Pkt. 10c.; 1/4 oz. 50c.**

JUNG'S RUFFLED GIANTS—Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 2 weeks if given fresh water. **White, Rosy Red, Salmon, Violet, and Mixed. Pkt. 10c.; 1 Pkt. of each color for 35c.**

AGERATUM

SCARLET RUNNER BEAN

BALSAM

Ageratum

DWARF BLUE PERFECTION—One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful, bright blue flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf compact growth, 9 to 12 in. tall. **Pkt. 5c.; 1/8 oz. 20c.**

Bush Balsam

DEFIANCE MIXED—A favorite quick growing annual. The plants form symmetrical well branched erect bushes about two feet high. The branches are well covered with beautiful double flowers. The colors include white, rose, scarlet, crimson, purple, lilac and violet. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. **Pkt. 7c.; 1/8 oz. 15c.**

Blue Lace Flower

A beautiful and interesting annual which seems to have been lost sight of in the last few years. It blooms most profusely from July till November, plants grow about 18 in. high and have as many as 50 flowers open at one time, color an exquisite pale lavender. **Pkt. 8c.; 2 pkts. 20c.**

Scarlet Runner Bean

One of our fastest growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. **Large Pkt. 7c.; oz. 15c.**

J. E. Reynoldson, S. Dak.—Had the finest Asters I ever raised from your seed last year.

Mrs. S. Prochazka, Ohio—The Carnations which we had from you last year were beautiful. (See page 29)

Mrs. Jos. Lonney, Ill.—We have used your seeds and plants and like them very much.

BLUE LACE FLOWER

BABY'S BREATH

Order Early

CHINESE WOOLFLOWER

Dahlias

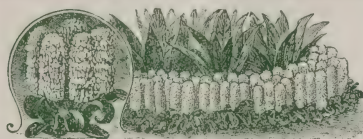

JUNG'S FANCY MIXED—The Dahlia still holds its place as "king" of all outdoor autumn flowers and they may be grown to the greatest perfection from seed blooming the first summer. As easy to grow from the seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. **Pkt. 10c.; 3 pkts. 20c.**

DAHLIAS

Baby's Breath or Gypsophila

GIANT PARIS MARKET—These hardy annuals produce feathery sprays of tiny, pure white star-like flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets. Successive plantings should be made if you wish a supply throughout the season **Pkt. 5c.; 1/4 oz. 15c.**

LITTLE PRINCE

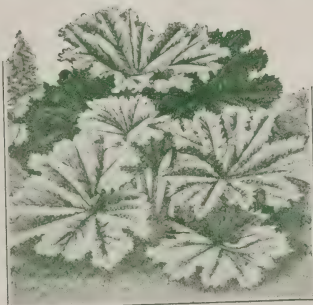

Candytuft

FANCY MIXED—These Candytufts are very profuse bloomers and come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. **Pkt. 7c.; 1/8 oz. 15c.**

LITTLE PRINCE—This is a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance **Pkt. 7c.; 1/8 oz. 20c.**

Chinese Woolflower

The plants average 2 feet in height branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall. Very much used for winter decoration. **Pkt. 8c.; 3 pkts. 20c.**

CASTOR OIL BEAN

Castor Oil Bean

Our fastest growing ornamental plant, very useful for backgrounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. **Large Pkt. 7c.; oz. 20c.**

Cannas

CROZY'S HYBRIDS—Very showy bedding plants with their tropical foliage and immense flowers borne on stalks three to seven feet high in all brilliant colors. Cannas are easily grown from seed. For best results pierce the seed and soak in warm water, then sow in a warm place or hotbed. Seeds sown in March or April produce a brilliant bed by July. **Pkt. 8c.; 3 pkts. 20c.**

Mrs. Hazel I. Mc Claran, Colo.—My Butterfly plant and Sweet Peas made bouquets for several weddings. They were the most beautiful I ever grew and bloomed the most profusely.

FANCY MIXED CANDYTUFT

COCKSCOMB

Cockscomb

GIANT PRIZE MIXED—Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. **Pkt. 8c.; 1/8 oz. 25c.**

Mrs. J. L. Larson, Wis.—Your plants are always just excellent and seeds are always so reliable and produce first quality plants.

Mrs. Ed. Klug, Iowa—I have always found your seeds to be the best.

Geo. Grant, Wis.—We have had wonderful flowers from the seed bought of you.

CANNAS

CLARKIA

Clarkia

GIANT FANCY MIXED—For rare gracefulness and beauty few annuals will surpass Clarkias, suitable for either the border or bouquets. They grow erect to a height of 2 feet and the branches for their entire length are covered with double flowers resembling carnations or rosettes. **Pkt. 7c.; ½ oz. 15c.**

EVERBLOOMING LILY

Everblooming Wonder Lily

A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white inside, slightly tinged deep rose on the outside. They grow 3 to 4 ft. tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. **Pkt. 10c.; 3 pkts. 25c.; 2 yr. Blooming Size Bulbs: Each 30c.; 3 for 75c.; doz. \$2.50.**

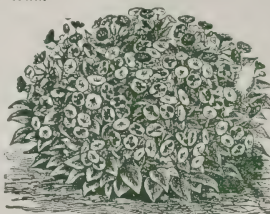

MOLTEN FIRE

Garden Pinks

FAIRFIELD FINEST MIXED—These hardy annuals may be ranked among the fairest gems of our flowers as few can equal them in beauty or profusion of blooms. They are of the richest and most varied colors. They may be sown in the open ground when danger from frost is over and in a few weeks they are masses of bloom continuing so until frost. Our mixture includes the best single and double sorts. **Pkt. 7c.; ½ oz. 20c.**

J. Pierre Lamirande, Mass.—We have bought seeds from you ever since we first started and have splendid luck with everything. The flowers we raise from your seed are the talk of the town.

FOUR O'CLOCK

Four O'Clock

FINEST MIXED—No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to a height of two feet and blooms in early morning and evening and rival the choicest garden flower in color. It is one of the most brilliant and showy plants that can be grown with little or no trouble. **Pkt. 8c.; ¼ oz. 15c.**

Lavatera

ROSY MORN — These handsome flowers should be grown by every flower lover. Plants grow 2 ft. in height and produce a mass of charming rose-pink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems they are very useful for vases and bouquets. It is easy to grow and sure to please. **Pkt. 5c.; ½ oz. 15c.**

Nigella—Love-in-a-Mist

Love-in-the-Mist

NIGELLA—A lovely free flowering annual suitable for either beds, borders or bouquets. It grows to a height of 12 to 15 in., foliage is fine and dainty and blooms very profusely. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed of flowers may be had by sowing these and California Poppies in the same bed. **Pkt. 5c.; ¼ oz. 15c.**

Molten Fire

TRICOLOR—A wonderfully fine ornamental plant that is sure to attract attention wherever grown on account of its brilliant color. Plants grow rapidly and have bronze colored foliage until the plants attain a height of about 2 ft. when the tips of the branches open up like gigantic poinsettias taking on a bright scarlet and gold color. **Pkt. 10c.; 3 pkts. 20c.**

GARDEN PINKS

Mrs. Ella Rhodes, Wash.—We sure like your seeds, especially the Lavatera which were so lovely and greatly admired. All of your seeds came up so quick.

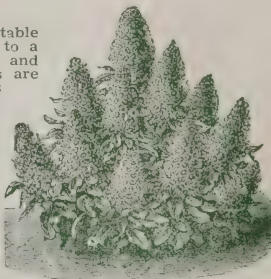

LAVATERA

Mignonette

BISMARCK—One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flower spikes are of giant size, measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. **Pkt. 8c.; 2 pkts. 15c.**

FINEST MIXED—A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. **Pkt. 7c.; ½ oz. 15c.**

MIGNONETTE

GIANT FANCY PANSIES

DEFIANCE PETUNIAS

Petunias

DEFIANCE MIXED — This strain bears grand substantial flowers of the largest size in profusion. The flowers frequently measure five inches across; the colors are indescribably rich and varied. Most of the flowers are fringed beautifully and have open throats. All are distinctly veined especially in the throat portion and in many the throat is darker than the outer portion of the petals, imparting a rich velvety effect. Some of the colors are rich and gorgeous while others are of lovely delicate shades. **Pkt. 20c.; 3 pkts. 50c.**

SALVIA BONFIRE

Pansies

JUNG'S GIANT FANCY MIXED—This "Fancy Mixture" contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long, stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, cream, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. The compactly rounded plants are of sturdy habit and bear gigantic flowers profusely and continuously. **Pkt. 25c.; 1/8 oz. \$1.00.**

Nicotiana

CRIMSON BEDDER—A splendid bedding plant being bright in color and remaining in bloom for a long time. Flowers are a deep rich red and very fragrant. Free flowering bushes grow to a height of 12 to 15 in. **Pkt. 10c.; 3 pkts. 25c.**

CRIMSON BEDDER

Climbing Nasturtiums

JUNG'S GIANT CLIMBING—This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or brush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 ft. tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. **Pkt. 5c.; 1/2 oz. 10c.; oz. 15c.**

DWARF PHLOX

Dwarf Phlox

NANA COMPACTA MIXED—This splendid race of dwarf annual Phloxes cannot be overpraised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. They succeed everywhere and are in universal favor for summer growing flowering purposes. Bushes are dwarf and compact, six to eight inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red with white eye and many other shades. **Pkt. 12c.; 1/8 oz. 60c.**

GROWING FLOWERS

A booklet of valuable instructions on growing vegetables and flowers will be sent free if requested, with every order of 25c or more.

Brilliant Salvia

BONFIRE—One of the finest Salvias and the grandest bedding plant known. The plants grow very bushy attaining a height of about 30 inches and single plants often carry 100 spikes measuring 10 to 12 inches in length. The flowers are of a brilliant, dazzling scarlet and from the time they first begin to flower the plants are a continuous blaze of color until killed by frost. We know no other flower that will equal the gorgeous effect of a row or bed of these Salvias when in full bloom. Why pay from 50 to 70 cents per dozen for these plants when you can raise at least 50 plants from a pkt. of our seed. **Pkt. 12c.; 1/8 oz. 65c.**

Phlox Drummondii

GRANDIFLORA MIXED—This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large that they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. For a mass of splendid colors no flowerer will give a more satisfactory return for so little cost. **Pkt. 10c.; 1/8 oz. 40c.**

PHLOX DRUMMONDI

ICELAND POPPIES

Poppies

ICELAND MIXED.—Hardy perennials that bloom the first season. The fragrant, elegant satin-like flowers are produced from June until October on stems 2 in. long and are excellent for cut flowers as they last fully a week. Our seed includes the most beautiful colors. **Pkt. 10c.; 3 pkts. 20c.**

HARDY SWEET PEA

Hardy Sweet Pea

JUNG'S FANCY MIXED.—The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweet-pea like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. **Pkt. 8c.; 3 pkts. 20c.**

Miss Inez Bailey, Pa.—The flowers I grew from your seeds last year were beautiful, never saw such lovely Scabiosas.

VERBENA

Order Early Avid Disappointment

Most seeds and plants are scarce and if you wait too long many items will be sold out. **ORDER EARLY.**

Pyrethrum

AUREUM.—One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall, foliage is an attractive golden color contrasting well with other green foliaged plants. **Pkt. 8c.; 1/8 oz. 15c.**

PYRETHRUM

Sweet Alyssum

LITTLE GEM.—Free flowering, handsome annuals for beds, edgings, etc. This variety is very dwarf and blooms profusely forming a mass of solid pure whiteness throughout the summer. Excellent for either beds, borders, or edgings; try it once and you will always want it. **Pkt. 7c.; 1/8 oz. 20c.**

BUSH SWEET PEA

Bush Sweet Peas

DWARF or BUSH MIXED.—Many people wish to grow Sweet Peas but do not care to bother with putting up a trellis or support. By planting this new strain you can grow fine large flowers without support as the plants grow but 15 out to 18 in. tall and will delight you with their abundance of fine large flowers for a long time. Our strain is made up of fancy large flowering strains and will give splendid results. May also be sown in pots for winter blooming. **Pkt. 10c.; 1/2 oz. 20c.; oz. 35c.**

Verbena

FAIRFIELD FAMOUS MIXED.—We offer you a giant flowered mixture of these beautiful annuals. The trusses measure 9 to 12 inches in circumference and the individual florets on well grown plants measure one inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. A mass of bloom from July until heavy frosts. **Pkt. 8c.; 1/8 oz. 35c.**

SATIN FLOWER

Satin Flower

An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Blossoms shiny like satin, deep rose colored and remain in blossom a long time. **Pkt. 8c.; 2 pkts. 15c.**

SWEET ALYSSUM

Sweet William

HARDY ANNUAL MIXED.—The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rose-pink, etc., many of which are edged with white. Splendid for beds or borders. **Pkt. 7c.; 1/8 oz. 15c.**

ANNUAL SWEET WILLIAM

YELLOW CHRYSANTHEMUM

A New Aster

YELLOW CHRYSANTHEMUM — The rarest and newest Aster, being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. Flowers are produced so numerous that a plant looks like a golden dome. **Pkt. 10c.; 3 pkts. 25c.**

SPIDER PLANT

YELLOW CALLA

Yellow Calla Lily

The most satisfactory Calla to grow either in pots or in the garden as they are easy to grow and sure to bloom. Flowers are large in size and a rich deep yellow color. Foliage deep green with creamy white spots. **Blooming size bulbs: Each 30c.; 3 for 75c.; doz. \$2.75.**

Chas. E. Harlan, Mich. — Received my seeds and plants and am well pleased with them. The roots on your plants are perfect.

Baby Golden Glow

A most charming annual growing about 15 to 18 inches high, bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground, affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. **Pkt. 8c.; 2 pkts. 15c.**

BABY GOLDEN GLOW

SUMMER POINSETTIA

Summer Poinsettia

An easily grown annual, growing 18 to 24 in. tall. About the middle of the summer the top center leaves turn to a rich orange scarlet resembling a Poinsettia. Also useful for bouquets. **Pkt. 8c.; 3 pkts. 20c.**

Spider Plant

ROSE QUEEN—Plants grow to a height of 3½ ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, backgrounds or planting among other shrubs. Remains in full flower from early in summer until killed by hard frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty room. **Pkt. 8c.; 2 pkts. 15c.**

Angel or Magic Lily

A grand summer flowering bulb, producing with great freedom large Amarillis-like pure white fragrant blossoms. A most wonderful plant as the flowers are so large and handsome. Bulbs send up tall stems, which bear several of the large flowers. Bulbs may be taken up in Oct. and after a few weeks rest, potted and flowered in the house in winter. We know you will be highly pleased with this fine lily. **Each 25c.; 3 for 60c.; doz. \$2.25.**

ANGEL LILY

Dwarf Iris

A dwarf strain of Iris growing only 6 to 8 in. tall and are very useful as borders for tall Iris, flower beds; also desirable for rock gardens. They come to bloom very early and spread freely forming a solid mass of color.

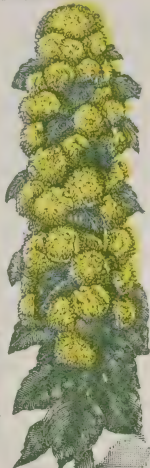

DR. POTTER—Deep purple, free flowering.

BETTY PRESBY—Light yellow, profuse bloomer.

Price of above: 6 for 40c.; doz. 75c.; 25 for \$1.25.

DWARF IRIS

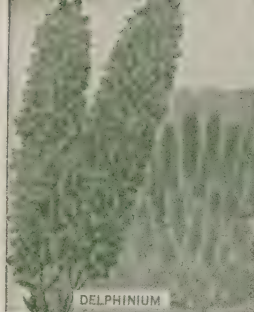

SUNFLOWER

Sunflower

SUN GOLD—Grows 4 to 5 ft. tall. Perfectly double. Color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. **Pkt. 8c.; 3 pkts. 20c.**

Mrs. Pete Rasch, Wis. —We always have a lovely garden from your seeds as they all grow.

Mrs. R. Kinney, Wis. —I have been more than satisfied with Jung's seeds.

DELPHINIUM

GAILLARDIA

STOKESIA

LUPINES

HARDY PERENNIALS

We offer a list of the most popular perennials, varieties that are easy to grow and sure to please.

AQUILEGIA or HONEYSUCKLE

GIANT FANCY HYBRIDS—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong, thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations hardly two plants producing flowers that are exactly alike.

DELPHINIUMS

FANCY BLUE HYBRIDS—These graceful flowers rank among the fairest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. Well established plant that should have a place in every border or garden. They for cutting and very graceful for bouquets.

GAILLARDIAS

GIANT FANCY HARDY—A very desirable and showy hardy that should have a place in every border or garden. They thrive in almost any place and are a plant of beauty from spring until fall. Our strain will produce giant crimson and gold flowers that make unusual striking bouquets.

CANTERBURY BELLS

GIANT FLOWERED MIXED—These hardy biennials are old time favorites but are becoming more popular every year. They grow stately bushes 2 to 3 ft. tall and produce a profusion of the handsome bell-shaped flowers. They make a brilliant show and are well suited for either gardens, borders or mixed among shrubs. We offer a superb mixture.

COREOPSIS

GRANDIFLORA MIXED—These fine hardy perennials are sometimes called yellow daisies. The beautiful rich golden flowers are borne on long graceful stems. They flower for a long period of time and will blossom the first year if started early.

FOX GLOVE

MAMMOTH FLOWERED MIXED—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flower heads are often 3 ft. long. Colors range from pure white and shell-pink to deep rose and many are beautifully spotted.

CHINESE LANTERN

This is a highly ornamental and interesting plant grown for its bright colored balloonlike fruits or husks that cover the bush in late summer or autumn. The fruits are about 1 1/2 in. in diameter, bright orange red when ripe and on account of their shape and texture are called "Chinese Lanterns". Branches with the fruits may be dried and make splendid material for winter bouquets.

HOLLYHOCKS

DOUBLE ROSE FLOWERED MIXED—These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 7 ft. tall, for planting among shrubbery or backgrounds they are unequalled. We offer a superb mixture of the best double flowering varieties.

PLATYCODON

GRANDIFLORA MIXED—An extra good, very hardy and free flowering perennial. They form branching plants 1 1/2 to 2 ft. tall and produce large blue and white bell-shaped flowers. They remain in flower from June to October and will thrive in sunny or shady places. One of the best hardy perennials.

SWEET WILLIAM

GIANT PERFECTION MIXED—Popular hardy perennials that are splendid for beds or borders. They produce large heads or clusters of flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time. We offer an extra select strain.

SHASTA DAISY

SHASTA DAISY

GIANT WHITE—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

SPECIAL OFFER

Any Perennials on this page: Pkt. 7c.; 3 pkts. 20c.; 6 pkts. 35c. One pkt. of each, 13 in all, for 65c.

H. Clyde Hoover, Ohio—Well pleased with your seeds and service these many years.

TUBEROUS BEGONIAS

Summer Flowering Bulbs

Fancy Tuberos Begonias

The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes on a shady porch or on the shady side of your home. They commence to flower early in the summer and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. Each 30c.; 3 for 75c.; 12 for \$2.75.

Giant Hybrid Ranunculus

The largest and most gorgeous strain ever offered. Produces giant double and semidouble flowers, 2 in. and more across in shades of red, yellow and pink. May be grown in the garden like gladioli. Extra select bulbs, in mixed colors: 6 for 40c. 12 for 75c.; 100 for \$4.90.

Mrs. A. J. Charpentier, Minn.—This is the 6th year I have purchased your seeds and shrubs; they always give wonderful results.

Select Peonies

Peonies are the first large flowers to come into flower in the spring and rival Roses for beauty and popularity. They produce their large beautiful flowers in great masses. are very hardy and are not bothered by insects.. For best results they should be planted early in the spring or early fall. The plants we offer are strong divisions and should not be compared with light plants that are often offered at low prices. Planting instructions are sent with all plants.

EDULIS SUPERBA—Comes into flower early, often open for Decoration Day. Very large, deep rose-pink flowers that are unusually fine for cutting. Grows sturdy and blooms profusely. Each 30c.; 3 for 75c.

FESTIVA MAXIMA—This fine Peony combines enormous size with wondrous beauty. Color pure white with trace of carmine specks on center petals. The most popular white variety, comes into flower very early. Each 35c.; 3 for 85c.

KARL ROSENFELD—Large flowers of semi-rose type, almost a perfect globe when fully open; deep velvety red in color and borne on long straight stems. The plant grows strong and tall and each stem bears one of the brilliant flowers. An ideal variety for either landscape planting or cut flowers. Each 35c.; 3 for 85c.

MONS. JULES ELIE—An exquisitely beautiful Peony. Giant sized flowers that are flesh pink shading deeper pink towards the center. One of our largest and most beautiful varieties resembling a giant pink chrysanthemum. Each 35c.; 3 for 90c.

THERESA—One of the highest rated Peonies and considered the world's best pink Flowers of enormous size, rich satiny pink, rose type, with a delightful fragrance. Equally fine for landscape or show, a regal variety sure to please. Each 40c.; 3 for \$1.00.

Special Peony Offer

One strong plant of each of these 5 Superb Peonies for only \$1.65.

Giant Mixed Peonies

For people who wish a nice collection of Peonies at a reasonable price our mixture will please. The colors are well balanced and the plants are all strong select divisions. At our low prices you can afford to plant them liberally. 3 for 75c.; 6 for \$1.25; 12 for \$2.25.

Iris and Peonies can be planted in the fall also. We can fill fall orders from August to November.

Mrs. E. E. Tobin, Wis.—My Peonies I ordered from you two years ago are the most beautiful ones in the whole neighborhood.

MEXICAN LILY

Mexican Lily or Tigridia

The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers 3 to 4 in. across in a wide range of colors from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. 3 for 30c.; 6 for 50c.; doz. 95c.

12 New Giant Flowered Iris

Wonderful improvements have been made in Iris in recent years. The varieties listed below will give you a truly grand collection of the newer varieties. Only a few years ago many of these sold for \$5.00 to \$10.00 each.

1—**BLACK WINGS**—Intense deep blue, almost black. Giant flowers, very fragrant, a real beauty.

2—**CLARA NOYES**—A fine blend of apricot, orange and peach. Something new and beautiful.

3—**DORE**—A new and beautiful color combination, standards light yellow, falls pure white.

4—**EROS**—A new color in Iris, being a solid salmon pink throughout. Large lovely flowers.

5—**FRIEDA MOHR**—A deep lilac and pink of giant size flowers, 6 to 7 in. across. The most fragrant of all Iris.

6—**GRACE STURTEVANT**—Strikingly showy, standard rich maroon, falls deep velvety red. Strong grower, large flowers.

7—**HEAVENLY BLUE**—Gigantic flowers of solid delphinium blue. An iris of beauty and charm.

8—**HAPPY DAYS**—Colossal in size and each stalk will carry 5 to 6 massive blooms. Bright clear yellow. Each 35c; 3 for \$1.00.

9—**KING JUBA**—A robust grower and prodigious bloomer. Large flowers, standard yellow, falls garnet red.

10—**PINK SATIN**—A large lovely pink with delightful ruffling. Orange beard gives added charm.

11—**RED RADIANCE**—A tall grower and one of the better "reds." You will like it. Each 30c; 3 for 75c.

12—**GIANT WHITE**—An excellent clear snow white. Immense flowers of good substance. Very fine bloomer.

PRICE OF ABOVE IRIS—Except where noted each 25c; 3 for 65c; 6 for \$1.25.

Special Iris Offer No. 1

One select plant of each of the above 12 Grand New Iris for only \$2.25. The greatest bargain ever made.

Jung's Giant Fancy IRIS

Here is an opportunity to get a grand assortment of Iris at very little cost. This selection is not made up of odds and ends but is put up from the best named varieties and whether you order three or a dozen no two will be alike. For beauty and delicate colors they fairly rival orchids. They are hardy, easy to grow and are not bothered by insects. Once planted they will bloom year after year. **Select plants: 3 for 30c; 6 for 50c; 12 for \$1.00; 25 for \$1.75.**

What our Customers Say;

Mrs. A. M. Weaver, Ohio—Am especially well pleased with the Iris ordered from you, they were the wonder of all who saw them in bloom.

Mrs. H. L. Lamb, Okla.—Am pleased with the Iris ordered from you. They all bloomed and such pretty new colors.

Mary Barlitt, Ky.—Was well pleased with my order, they were such nice plants that I just had to order more.

Henry J. Wilson, Wis.—Was very pleased with your seeds and shrubbery. Every one I ordered grew last year and every seed came up.

WM. MOHR

"The Royal Beauty" Improved Wm. Mohr

One of the most sensational and most pleasing ever originated. The flowers are truly mammoth in size, often 6 in. across, a beautiful shade of lilac. It makes rather small plants and roots but the flowers are about the largest of any. **Each 25c; 3 for 65c.**

GIANT FANCY IRIS

CHEERIO

TREASURE
ISLAND

MIDNITE

The Iris "Iristocrats"

Anyone wishing to have a collection of new and beautiful Iris that are outstanding for size and beauty will find it in this grand collection.

CHEERIO—One of the good "reds." Combination of lustrous tan and velvety red. Profuse bloomer.

ELKHART—Deep chestnut red with mahogany red falls. Large flowers and rich colors. Really superb.

JEAN CAYEUX—A Dykes Medal Winner and one of the most distinct and beautiful Iris. A marvelous blending of buff and Havana brown.

MARCO POLO—Standards lustrous rose with deep crimson falls. A truly grand Iris.

MIDNITE—Very large deep purple, almost black, color intensified by dark blue beard.

MARQUITA—Immense flowers, brilliant ivory yellow falls have bright ruby lines from apex to base. A true aristocrat.

MICHELANGELO—A new color in Iris best described as dove-gray. Flowers very large and showy.

SIERRA BLUE—Giant flowers of clear enamel-like blue. Very stately, grows 4 to 5 ft. tall.

SNOW KING—A superb new white Iris of huge size and beauty of form that makes it stand out in any planting.

TREASURE ISLAND—One of the very best new deep yellow Iris. Flowers very large, standards beautifully frilled and ruffled.

VIOLET BEAUTY—Deep violet-blue which does not fade. Large flowers are beautifully ruffled and produced in abundance.

John C. White, Ohio—The Gladioli purchased from you, last year were wonderful, none better even in florists' shops.

Nina Potter, Maine—I planted some of your Giant Gladioli last year and never expected to grow such lovely flowers.

JUNG'S RUFFLED GIANT GLADIOLI

Jung's Ruffled Giant Gladioli

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow. Sure to Bloom.

These bulbs are put out for people who want the very best of the new giant flowered "glads". Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 in. across. Large Select Bulbs: 6 for 35c.; 12 for 60c.; 50 for \$3.25, postpaid.

EXTRA EARLY PREMIER

DORSETT

Gem Everbearing Strawberry

This fine Everbearing Strawberry is sure to become popular. Plants set out this spring will bear one crop this fall, another next June and then again in the fall, or 3 crops in 18 months. "Gem" produces vigorous plants that soon form a wide fruiting row and bear abundantly. Berries are of good size, even and uniform in shape, deep red in color and are very sweet flavored. You will be pleased in every way with this "Gem." Strong, well rooted plants: 25 for 65c.; 50 for \$1.00; 100 for \$1.50, postpaid.

Spring or June Bearing Strawberries

EXTRA EARLY PREMIER—Extra Early. Finest Quality. Heavy Yields. Large Size Berries. Premier is the very best early Strawberry. However earliness is not its only good feature as the berries are of the finest quality, color and flavor and every berry is of large size and uniform shape. The plants are strong, vigorous growers and can be depended upon to produce a good crop even under unfavorable conditions. Whether wanted for the home or market garden it is the strawberry you should grow 25 for 50c.; 50 for 80c.; 100 for \$1.35.

DORSETT—This is a new Strawberry originated by the U. S. Dept. of Agriculture. Dorsett is one of the heaviest producing strawberries, berries are even larger than Premier. The berries are light red, average very large in size, very solid and always command top prices on all markets. It makes a strong sturdy plant full of life and vigor. You will be delighted with this wonderful new strawberry. 25 for 50c.; 50 for 75c.; 100 for \$1.25, postpaid.

Top
GEM EVERBEARING

JUNG'S WONDERBEARING

JUNG'S WONDERBEARING—A strawberry that will delight all growers who want a variety which combines fine quality and great productiveness. These plants are very vigorous growers and seem to succeed almost everywhere; they grow upright and carry the fruit well from the soil; it is medium early in ripening. The berries are of large size, some specimens 2 inches in diameter; of extra fine quality and handsome appearance. 25 for 45c.; 50 for 75c.; 100 for \$1.20, postpaid.

The Great Concord Grape

Concord is the most popular Grape. It is the one variety that is supreme for every purpose where Grapes are wanted. It grows on all soils, in all climates, is perfectly hardy and extremely productive.

The bunches are large and compact, berries large, bluish black over-spread with bloom. Flavor rich and superb, sweet and juicy. Fruit is produced annually in great abundance. Strong 2 yr plants: 3 for 45c.; 12 for \$1.25.

New Morrison Black Raspberry

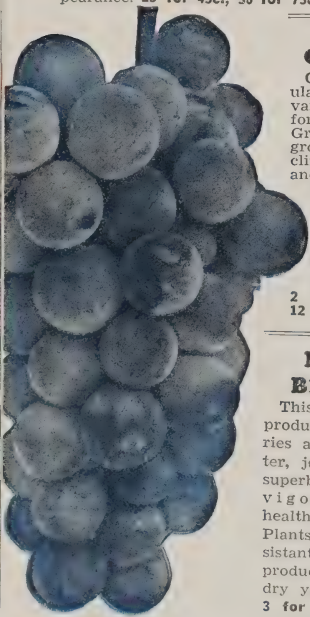

This grand new "blackcap" produces mammoth sized berries almost an inch in diameter, jet black in color and of superb quality. Grows strong, vigorous bushes that are healthy and disease resistant. Plants root deep so are resistant to drought and will produce a good crop even in dry years. Strong 2 yr plants: 3 for 40c.; 6 for 75c.; 12 for \$1.40; 25 for \$2.65, postpaid.

Wholesale Price on Berry Plants

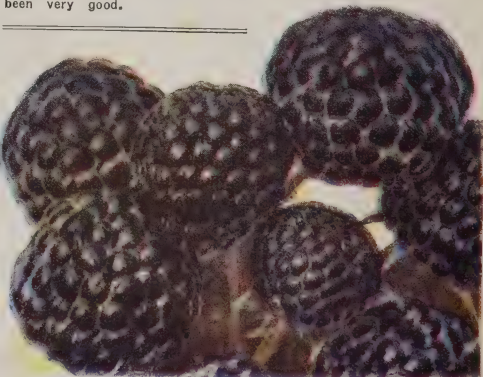

To those who require berry plants in large quantities we quote special prices below. At the prices quoted below plants are sent by freight or express not prepaid. Always state about what time you wish plants

Paul Hahn, Wis.—All seeds, berry bushes and shrubs from you have been very good.

CONCORD GRAPE

MORRISON

BOYSENBERRY

SODUS

CUMBERLAND

Jung's Select Berry Plants

New Giant Thornless BOYSENBERRY—This sensational new berry is about the finest berry we know of. Unlike the ordinary variety the vines have no thorns and is even hardier. The berries are of immense size and their sweet delicious flavor is unsurpassed; they are a deep maroon red when ripe and almost seedless. **We offer heavy 2-yr. plants** as the 1-yr. plants are very fragile and hard to get started. Please bear this in mind when comparing prices. **Each 35c; 3 for 90c.; 12 for \$3.25 postpaid.**

SODUS, The Best Purple Raspberry—Far superior to Columbian as the berries are larger, of better quality and the plants are hardier. Plants are vigorous and bear an unusually large crop. Will not spread from roots or shoots. **Strong 2 yr. plants: 12 for 1.00; 25 for \$1.75; 100 for \$6.75.**

CUMBERLAND, The Giant Black Raspberry—This is offered with assurance as a most desirable variety because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor of growth and is as hardy as any variety grown. Fruit is jet black and of extra fine quality. **By far the best results in grow-Black Raspberries have been obtained from 2 yr. or transplanted plants. We are now offering 2 yr. old plants at prices very little more than was formerly charged for inferior 1 yr. plants. Please bear this in mind when comparing prices. Heavy 2 yr. Plants: 6 for 50c.; 12 for 95c.; 25 for \$1.65; 100 for \$6.25, postpaid.**

TAYLOR, A Most Promising New Red Raspberry—An excellent new variety from the New York Exp. Station. Taylor is a thrifty grower and a heavy yielder of large bright red berries. The large conic berries are firm, bright red in color, of excellent quality and attractive appearance. **Select plants: 12 for 85c.; 25 for \$1.35; 100 for \$4.50.**

Our Berry Plants are Certified

All of our raspberry plants have had double inspection by State Inspectors and are free from Mosaic and all other dangerous plant diseases and insects.

"Latham" The Giant Red Raspberry

By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily, together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either home or market garden. Many plants will bear fruit the first year they are set out. **Price of strong disease-free plants: 6 for 45c.; 12 for 75c.; 25 for \$1.25; 100 for \$3.50.**

LATHAM

Fredonia Grape

Considered the best grape for the northern states as it grows a vigorous hardy vine and ripens almost two weeks earlier than Concord. Clusters are good sized and compact, berries are large in size and of very fine quality. **Select 2 yr. plants: Each 25c.; 3 for 65c.; doz. \$2.25.**

FREDONIA

GROWING BERRIES

A great part of growing a profitable crop of berries depends on properly setting out and caring for the crop. Unless the right care is given, the best plants will not produce a satisfactory crop. To assist you in every way we have prepared a set of complete cultural instructions for small fruits and will send same with every order for plants.

Why Hundreds of Successful Farmers Plant Jung's Hybrid Corn

It is grown from approved crossing stocks produced by the University of Wisconsin.

The seed crop receives expert attention from the time it is planted until the seed is bagged and sealed.

That most important operation "detasseling" is under the care of experienced men.

We have modern equipment for drying and grading. You will find our seed to be uniform in size and shape.

Our Hybrid Corn is all treated with Semesan Jr., ready for planting.

Nothing has been left undone to assure you of getting as good Hybrid Seed Corn as can be produced. No matter what price you pay you cannot buy better Hybrid Corn.

**ORDER
YOUR CORN
EARLY**

Wis. Hybrid No. 525 as Grown on Our Farms.

Jung's Wisconsin Hybrid Corn

When you plant Jung's Hybrid Corn you may rest assured that you are getting seed corn of the highest quality. All of the Hybrid Seed Corn we offer was grown on our farms in Columbia Co., Wis., and you are dealing direct with the grower.

We were one of the first growers in Wis. to produce Hybrid Seed Corn, the planting, detasseling, drying, and grading is done by men who have had many years of experience in this work.

Our Hybrid Corn is grown from tested and proved crossing stocks produced by the University of Wisconsin.

Difference in Hybrid Corn!

The value of Hybrid Corn depends entirely on how the inbreds were selected and crossed and how carefully the detasseling was done in the crossing fields. Unless this work is properly done poor results will be had from planting such seed. All of the Hybrid Corn we offer was grown here on our seed farms by experienced men who know how to grow and take care of this work properly. All of our Hybrid Corn meets the strict requirements of our State regulations for detasseling, grading, and germination.

1943 Hybrid Corn Prices

Good Hybrid Seed Corn, especially early maturities, are in short supply. Order early.

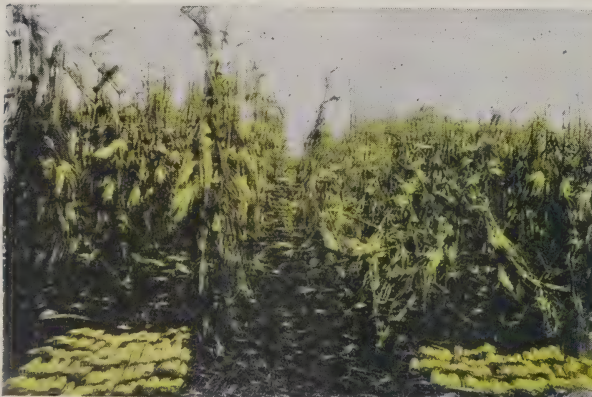

STATE BLUE TAG CERTIFIED

The following prices are for any variety.

| | Pk. | Bu. | 5 Bu. |
|---------------------|--------|--------|---------|
| Large Flats | \$1.75 | \$6.50 | \$31.25 |
| Medium Flats | 1.70 | 6.40 | 30.75 |
| Small Flats | | 5.50 | 26.25 |
| Medium Rounds | | 4.75 | 22.50 |
| Large Rounds | | 4.00 | 19.25 |

BY PARCEL POST PREPAID: Lb. 40c.; 3 lbs. 90c.; 7 lbs. (enough for 1 acre) \$1.60. All prices subject to change.

Do not make the mistake of planting Hybrid Corn too thick. You will get larger ears and more bu. per acre if planted 3 kernels in a hill. You can plant 8 to 9 acres with a bu. of this corn so the cost per acre is very little compared to the crop it will produce.

Hybrid Corn (left) and ordinary corn (right). Note difference in yield and how Hybrid Corn stands up. Photo courtesy Wis. College of Agr.

Jung's Select Wisconsin Hybrid Corn

WIS. HYBRID 330-90 DAY—Although this is the earliest maturing Hybrid Corn it is a high yielding strain. In comparison to early strains of open pollinated varieties, over a three-year period, it outyielded them by over 25 per cent. Grows a good strong medium height stalk and "stands up." Ears 7 to 8 in. long and contain 14 to 16 rows of deep yellow kernels. A remarkable extra early yellow dent corn.

WIS. HYBRID 404-95 DAY—Here is another unusually fine Wis. Hybrid suited for sections that must have an early maturing corn, or in many cases there are fields where for some reason planting is delayed until late in the season an early variety must be used. It is one of the best early maturing hybrids, ears are deep yellow, fine in appearance and remarkably large for so early a corn. Stalks grow 7 to 8 ft. tall, are very leafy and like all good hybrids stand up straight.

WIS. HYBRID 455-100 DAY—This Hybrid is about the same maturity as early strains of Golden Glow and is especially suited for central Wis., Minn., and similar latitudes. If you wish to shred your corn you will find this variety will mature early and the stalks will cure out properly. Even though it ripens early it is a remarkably heavy yielder. Ears are $7\frac{1}{2}$ to $8\frac{1}{2}$ in. long, deep golden color and have 14 to 15 rows of deep kernels. It grows a strong vigorous stalk, 8 to 9 ft. tall, well supplied with foliage and has a strong root system, it will stand up and produce a fine crop even in hot dry seasons. We consider this the most suitable Hybrid for central Wis. and Minn. Made some wonderful record yields this past season.

WIS. HYBRID 525-105 DAY (In color on page 64)—This remarkably fine yellow dent was grown on our farms from seed stock obtained direct from the Wis. Experiment Station. It will ripen at the same time as regular Golden Glow. Ears are fully as large as Golden Glow, symmetrical in shape, uniform and handsome in appearance. Stalks grow 8-9 ft. tall, stand up straight and practically every stalk bears a large ear. This is the most popular and widely used Hybrid for central Wis. and Minn. Many of our customers have had yields of 80 to 90 bu. per acre. We sell more of this than any other Hybrid.

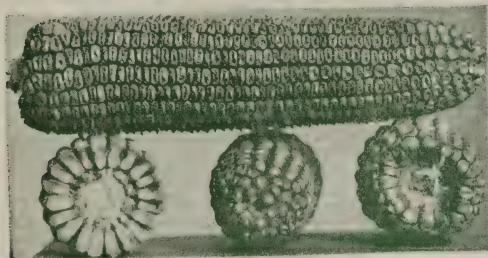

WIS. HYBRID 606-110 DAY—This is one of the most popular 110 day Hybrids and well deserves its popularity. Produces beautiful ears, 8 to 9 in. long, always solidly filled with deep yellow kernels. Grows a very strong vigorous stalk, 8 to 10 ft. tall, well supplied with wide leaves and stands up about the best of any Hybrids. We have some extra fine seed of this Hybrid which was grown here in Columbia Co., on our own farms.

WIS. HYBRID 606

WIS. HYBRID 570

WIS. HYBRID 570-110 DAY—An excellent 110 day Hybrid suitable for Southern Wis., Southern Minn., Northern Ill., Iowa and similar latitudes. Produces large long ears well filled with deep yellow kernels, in fact one of our most beautiful Hybrid Corns. The heavy yield of large handsome and symmetrical ears will delight every farmer who plants this corn. Grows a strong heavily leaved stalk 8 to 10 ft. tall and always stands up. This seed was grown on our own farms.

WIS. HYBRID 645-115 DAY—This is our largest and heaviest yielding Hybrid. It grows a strong tall stalk, 9 to 10 ft. high, well supplied with heavy leaves. Each stalk will produce a large handsome ear and it does not take many of them to fill a bushel basket. Especially suitable for southern Wis., Minn., and all parts of Ill., Iowa and similar latitudes. This seed was grown on our farms here in Wis., and made a yield of 65 bu. per acre.

WIS. HYBRID NO. 645

Jung's Wis. Hybrid Ensilage Blend

Will Fill Your Silo With Less Acres. Giant Sized Ears. Tall Leafy Stalks. Stands Up.

This is a special blend of several Hybrids that mature over a period of 10 days so that even if weather during pollination is very hot you will have well filled ears and tall leafy stalks. Stalks will be 9 to 10 ft. high and each stalk will produce a large, well developed ear. The stalks and leaves remain green for a long time thus making a fine quality of ensilage. Those who had lodged corn the past season will appreciate a corn that stands up under adverse conditions like this corn did. Ears are 8 to 10 in. long and a rich golden yellow color. Yields of 60 to 75 bu. per acre have been frequent. **Thick Medium Flat Kernels:** Bu. \$5.75; 5 bu. \$27.50. **Select Graded Large Rounds:** Bu. \$4.00; 5 bu. \$19.25; **Small Flats:** Bu. (enough for 9 to 10 acres) \$5.50; 5 bu. \$26.00.

"Large rounds" can be as accurately planted as any grade by using proper plates. They come up as stronger plants than any other size kernel.

C. C. Hilliard, Pa.—We have planted your Hybrid Corn for two years with great success, yielded 35 to 40 bu. more per acre than common corn.

G. B. Pfeil, Minn.—Had an excellent corn crop from your Hybrid corn last year.

Wm. Seidl, Wis.—I got some of your seed corn last year and it was the envy of all my neighbors.

TYPICAL EARS OF HYBRID ENSILAGE BLEND

VICLAND OATS

Jung's Northern Grown Farm Seeds

No other article will bring a farmer greater returns on his investment than planting the best seeds it is possible to purchase. It costs just as much to raise a poor crop as a good one and without good seeds the best land and cultivation cannot produce a good crop. The Farm Seeds which we offer are uniformly of the **VERY BEST GRADE**, free from foul weeds and of high germination. The Earliness and Tremendous Productiveness of Northern Grown Seeds need no comment, they stand at the head of the list. No charge for bags, remember this when comparing prices. All prices subject to change.

WIS. NO. 38 BARLEY

Wis. No. 38 Smooth Bearded Barley

The Coming Barley. Smooth Beards. Easy to Handle as Oats. Large Plump Kernels. Heavy Yields. Why Grow the Old Bearded Barley any Longer? This New Barley is Pleasant to Handle and Will Also Yield More.

The beards are smooth and will not cling like the ordinary barley and for this reason will soon displace the rough bearded varieties. However, the smooth beards are not its only good characteristic; in a test conducted at the Wis. Exp. Station over a period of four years the Wis. 38 average yield was 54.6 bu. per acre. We have some very choice seed to offer this year. It was all grown on our own farms, is high in germination and free from foul weeds. Blue Tag Certified Seed: Lb. 30c.; 3 lbs. 60c., postpaid. Not prepaid: Bu. \$1.90; 10 bu. \$18.25. State Approved Seed: Bu. \$1.60; 10 bu. \$15.00. All of our seed barley is put up in cotton grain bags for which no charge is made.

"VICLAND" The Famous Rust-Proof Oats

Resistant to Rust and Smut. Stiff Straw. Immense Yields.

Another season has added to the fame of Vicland Oats as they produced large yields and heavy oats where other varieties were only fair and often poor in quality, yields of 100 bu. per acre were nothing unusual. Vicland Oats were originated at the Wis. Experiment Station and have proved to be one of the best varieties ever sent out. It has a short stiff straw and is especially suited for rich soils where other varieties lodge; it is resistant to both rust and smut. The kernels are medium in size, yellow in color, have a thin hull and usually weigh 36 to 38 lbs. per measured bushel. It will stand in the shock for a long time without sprouting, a distinct advantage in rainy weather such as we had the past year. Do not sow too thick, 7 to 8 pks. per acre is enough for a good crop. We have some very nice Vicland Oats, all grown on our own farms, and prices are very reasonable this year. State Certified Blue Tag: Lb. 30c.; 3 lbs. 80c., postpaid. Not prepaid, 3 bu. (1 lb bag) \$5.10; 5 bags or more at \$4.90 per bag. State Approved Seed: Bu. \$1.40; 10 bu. \$13.75; 25 bu. \$33.00. All our Vicland Oats is put up in cotton grain bags for which no extra charge is made.

Wis. No. 5 - Bumper Crop Oats

A Pedigree Oats originated at the Wis. Experiment Station. Wis. Ped. No. 5 has a very thick white kernel, medium in length, heavy and very attractive, in fact the finest looking oats we have; big fat kernels fairly bursting with life and energy. It grows a strong rank straw and is especially adapted for heavy clay and light soils where other varieties would be too short. Has made splendid yield records. Select State Inspected seed of our own growing: Lb. 25c.; 3 lbs. 50c., postpaid. Not prepaid: Bu. 95c.; 10 bu. \$9.40; 25 bu. \$23.00. Bags Free.

Order Early This Year

Order early so as to be sure of having your seeds on hand when spring opens. Remember that transportation is not normal, shipments which before would reach you in 5 to 6 days may require two to three times as long to reach you this spring. You will avoid disappointment by ordering early.

WIS. NO. 5 OATS

EARS 12 TO 15 INCHES LONG.

SMUT NOSE FLINT

Wis. No. 15 Flint Corn

Extra Early. Enormously Productive.
Ears Often 15 Inches Long.

This variety was developed, improved and first set out by the Wisconsin Agricultural Association. It is more prolific than any other flint corn and also has a stronger stalk being especially well adapted to Wisconsin conditions. The ears are long, often 14 in., and have eight rows of large yellow kernels which shade to deep red towards the tip. The stalks grow from 6 to 7 feet tall and make excellent corn to plant for "hogging down" as it matures so early. We have an excellent lot of seed of our own growing. Lb. 30c.; 3 lbs. 75c., postpaid. Not prepaid: Pk. \$1.25; bu. \$4.50.

Soy Beans

Soy Beans are rapidly becoming one of our major crops as they can be used in so many ways. They are grown for hay, silage and the cured beans. They are the only legume crop that can be grown on acid soil and build up the fertility. Prices are subject to market changes.

WIS. MANCHU NO. 3A selection of Manchu made by the Wis. Exp. Station. It is earlier and an even heavier yielder than the old variety. It ranks as the best variety for southern Wis., Minn., and similar latitudes. Fancy seed grown on our own farms: Lb. 25c.; 3 lbs. 60c., postpaid. Not prepaid: Bu. \$2.95; 10 bu. \$29.00.

MANCHU NO. 3

BUCKWHEAT

Giant American Buckwheat

Heavy Yields. Vigorous Grower. Large Kernels. A new variety of great merit, it grows a stronger plant and yields much larger crops than the older strains. Seed dark brown, almost black, extra large in size and will command an extra price on the market. An excellent crop to kill out quack grass. Extra choice seed of our own growing: 3 lbs. 60c., postpaid. Not prepaid: Bu. \$1.90; 5 bu. \$9.00.

SUGAR CANE

Sorghum or Sugar Cane

WACONIA—A great improvement over the old Amber Cane having been selected over a period of years for strong plants and a high yield of better quality syrup. Sow 4 to 5 lbs. per acre. Lb. 30c.; 3 lbs. 70c., postpaid. Not prepaid: 10 lbs. \$1.25; 100 lbs. \$9.00.

WIS. ROX ORANGE—Probably the best sorghum or sugar cane of them all. Developed at the Wis. Experiment Station. Produces the best quality syrup and also more of it per acre. Seed very scarce this year. Lb. \$1.95; 5 bu. \$9.50; 10 bu. \$18.50. Bags Free.

Atlas Sorgo

A new strain of cane that will produce remarkably heavy crops of succulent feed and is excellent for silage. It grows rapidly, stalks reach a height of 7 to 10 ft.; they are very leafy and remarkably sweet and juicy. Also an excellent green feed for hogs. Lb. 25c.; 3 lbs. 60c., postpaid. Not prepaid: 10 lbs. 80c.; 100 lbs. \$6.00.

Sudan Grass

Sudan Grass, although comparatively a new plant is becoming very popular. It is far more valuable for hay than millet or any of the sorghums as it is just as easy to grow and will produce more and better hay. It makes a heavy yield, 3 to 5 tons of cured hay per acre, usually two cuttings per season can be made for it will grow again like alfalfa. The hay is of excellent quality and all kinds of stock eat it readily. An excellent crop to sow after peas as it can be sown as late as July 10th and still make a crop. Sow broadcast like oats, 20 to 25 lbs. per acre, from May 20th to July 10th. Try some we know you will like it Lb. 25c.; 3 lbs. 50c., postpaid. Not prepaid: 25 lbs. \$1.35; 100 lbs. \$7.75; 500 lbs. \$34.50. Prices subject to change.

THATCHER WHEAT

Thatcher Spring Wheat

Rust Resistant. Ripens Early. Yields Heavy.

We have tried out many different varieties of Spring Wheat on our farms and have had the best results with Thatcher. It was originated by the Minn. Exp. Station and has given the best yields of any variety. It is beardless, early maturing and stands up well. Tests have proved it to be the equal to Marquis for milling and baking qualities. Sow not over 1½ bu. per acre as it stools out heavily. We have some nice seed to offer this year, it was grown on our own farms and made a yield of 41 bu. per acre. State Inspected Seed: Lb. 30c.; 3 lbs. 65c., postpaid. Not prepaid: Bu. \$1.95; 5 bu. \$9.50; 10 bu. \$18.50. Bags Free.

SUDAN GRASS

Why You Should Grow

ALFALFA

It is always advisable to inoculate Alfalfa.

It contains as much protein as wheat bran.

It does not exhaust but enriches the soil.

It produces from three to eight tons of hay to the acre.

One acre will pasture 20 hogs for 6 months.

Thirty-five pounds makes a full feed for fattening steers.

A lamb will winter and thrive on three lbs. a day.

There is no state in the Union where Alfalfa cannot be successfully grown.

A SECOND CUTTING OF GRIMM ALFALFA

ALFALFA THE GREAT HAY CROP FOR AMERICA

A clover-like leguminous plant of great importance as a hay crop, nutritious and rich in protein elements. It grows from 2 to 5 feet high and roots 8 to 12 ft. deep. It needs one season to become established; after that it yields enormous crops annually for years. Two to six cuttings per season, aggregating three to eight tons of cured hay are harvested, according to conditions and locality. It should be grown by every farmer and dairyman.

NOTE—All of the Alfalfa seed we offer is strictly select quality seed of the highest grade. It is plump, of high germination and free from foul weeds. Do not confuse this seed with second or screening grade often offered at "bargain prices."

BLUE TAG GRIMM—There is no longer any question as to the hardiness of Grimm Alfalfa. It succeeds where other varieties fail and produces a good crop of fine stemmed and heavily leaved hay. Our seed is "Blue Tag", high in germination, pure and free from foul weeds.

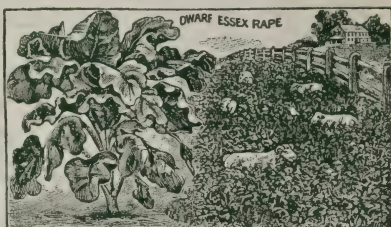

HARDY CANADIAN ALFALFA—This is probably one of the most hardy strains of Alfalfa, the seed we offer was grown in Ontario, Canada, and should, therefore, survive any Wisconsin winters. You will find this strain to compare very favorably with the regular Grimm and it does not cost as much.

RED TAG COSSACK—This fine newer Alfalfa is fully as hardy as Grimm and will make even a nicer quality of hay as it is very fine stemmed and unusually leafy. In addition it has proved much more resistant to alfalfa wilt. Our seed is "Blue Tag" or strictly first quality seed for purity and germination.

DRY LAND DAKOTA No. 12—This strain is practically as hardy as Grimm and is very popular here in the north where winters are severe. The seed we offer is of very high quality and was grown on dry land in the "Blackhills" region where winters are even more severe than in Wisconsin.

Alfalfa Prices for 1943

| | Postpaid | Not Prepaid | |
|----------------------|----------------|--------------|---------|

Dwarf Essex Rape

It is ideal for sheep pasture and is now largely sown for cattle and hogs. It furnishes an immense amount of green feed on a small area. Under favorable conditions it is ready for pasturing in 6 weeks from the time of sowing and furnishes excellent feed throughout the summer and fall. Dwarf Essex Rape thrives best on good soil, rich in vegetable matter. We handle the **VERY BEST SEED** which is always sure to give satisfaction. **Lb. 30c; 3 lbs. 70c.; post-paid. Not prepaid: 10 lbs. \$1.75; 25 lbs. \$3.50; 100 lbs. \$12.50.**

REED CANARY GRASS

Reed Canary Grass

A very valuable pasture and hay crop suitable for low wet ground. Such land is almost worthless for ordinary farm crops but it can be made into some of your most productive land by sowing it to this crop. After once started it remains for many years; it will produce two cuttings of 3 to 4 tons of excellent hay, or may be pastured. It is very hardy, never freezes out and has successfully come through the recent drought years. It makes a very high quality hay, much better than Timothy. It is highly relished by horses and cattle. **Requires 5 to 6 lbs. seed per acre, full planting instructions will be sent with every order. Lb. 50c; 5 lbs. \$2.25, post-paid. Not prepaid: 10 lbs. \$4.00; 25 lbs. \$9.00; 100 lbs. \$36.00.**

New Improved Hansen White Proso

The Great Emergency Grain Crop. Matures in 60-70 Days. Excellent Poultry and Hog Feed.

This is a great improvement over the common hog millets as it has a larger kernel, is whiter in color and yields more. Makes an unusually good poultry feed and is equal to grain for hogs and live stock. Well suited for dry areas where barley and oats will not succeed; here in the middle west it can be sown at the end of June and still mature a crop. **The seed we offer was grown here on our own farms and yielded 48 bu. per acre. Sow 18 to 25 lbs. per acre. Lb. 30c; 3 lbs. 60c. Not prepaid: 25 lbs. \$1.25; 50 lbs. \$2.35; 100 lbs. \$4.50.**

Jung's Fancy Recleaned Clover Seed

Clover is without any question the most popular and widely grown crop for hay, pasture and also for building up or enriching the soil. This season the price of the seed is very reasonable and every farmer should sow clover liberally. In sowing clover nothing is more important than that the seed be pure and free from foul weeds.

Fancy Wis. Medium or Red Clover

We have an unusually fine stock of Medium Clover Seed. It is bright, pure, of high germination and free from foul weeds. This is the standard Red Clover and a dependable all-around variety for farmers and stockmen. It makes two crops a year. The first is usually cut when in bloom for hay; the second crop may be cut for hay, harvested for seed or plowed under to add fertility to the soil. It pays always to buy the best grade of CLOVER SEED that can be obtained. Even though the first crop cost is more than the cheaper grade, it will be found in the long run that inferior seed is the most expensive, not only on account of less hay or seed produced from it but from the fact that one's land is liable to become infested with weed seeds. **Sow GOOD CLOVER SEED and plenty of it. Fancy Seed: Lb. 40c.; 3 lbs. \$1.00, postpaid; not prepaid: Pk. \$4.60; bu. \$17.75; 2½ bu. \$43.90.**

MEDIUM OR RED CLOVER

SWEET CLOVER

Sweet Clover belongs to the family of leguminous plants and adds greatly to the fertility of the soil on which it is grown. Sweet Clover will grow and make a crop on soil where other clovers and grasses would perish. Is excellent pasture for hogs, being the first to start in the spring and the last to be killed by frost in the fall. It is coming into popular favor more every year as its good qualities are being recognized.

FANCY WHITE BLOSSOM—A very popular and widely used variety for pasture and soil enriching; largely sown for all purposes. **Fancy Seed: Lb. 35c.; 3 lbs. \$1.00, postpaid. Not prepaid: Pk. \$2.40; bu. \$8.75; 2½ bu. \$21.00.**

FANCY YELLOW BLOSSOM—This is the large strain of Yellow Sweet Clover very similar to White Blossom except for color of flowers. Some farmers like it better for pasture as they say it stays green longer. **Fancy Seed: Lb. 35c.; 3 lbs. \$1.00, postpaid. Not prepaid: Pk. \$2.40; bu. \$9.00.**

Our Sweet Clover seed is all scarified to improve germination.

KENTUCKY BLUE GRASS

Alsike Clover

The advantage of Alsike over Red Clover is its true perennial character and great hardiness. It will adapt itself to extremes of either wet or drought and will flourish on soils where red clover would not grow; it is also more leafy and does not have heavy stalks and for this reason makes a much finer hay especially when sown with Timothy. Also excellent for pasture as it is very hardy and seldom winter-kills. Alsike is the only clover that will thrive and not kill out on low places. **Fancy Seed: Lb. 40c.; 3 lbs. \$1.00, postpaid. Not prepaid: Pk. \$4.90; bu. \$18.75.**

ALSIKE CLOVER

Mammoth Clover

This is well known for its enormous yield and is largely used as a fertilizer to plow under green. It is very hardy and hardly ever freezes out. Also excellent for pasture as it produces so much forage. It produces very large crops of hay 3 to 5 tons per acre. As a fertilizer to plow under green it has no equal; also excellent to sow with small grain for fall pasture, using from 4 to 6 lbs. per acre. **Lb. 40c.; 3 lbs. \$1.00, postpaid; not prepaid: Pk. \$4.75; bu. \$18.00. Bags free.**

Fancy Recleaned Timothy

As a crop for hay TIMOTHY is probably unsurpassed by any other grass. It is highly relished by all kinds of stock, especially horses. It yields more nutritive matter than any other grass or forage plant. It is not suited for a permanent pasture as it will run out in the course of a few years. The largest crops of hay are raised on rich land. It is not suited for light, sandy soil as well as some other grasses. The most important point in the growing of TIMOTHY is the selection of GOOD SEED. **POOR SEED, besides containing weed seeds WILL NOT ALL GROW.** Extra Fancy Seed: **Lb. 30c.; 3 lbs. 80c.; postpaid; not prepaid: Pk. \$1.30; bu. \$4.50; 2½ bu. \$11.00. Bags free.**

TIMOTHY

Fancy Kentucky Blue Grass

Also known as June Grass. A very valuable grass for sowing down pastures and also the standard grass for lawns. We offer fancy heavy seed and price is very reasonable this year. **Lb. 40c.; 3 lbs. \$1.10, postpaid; not prepaid: 10 lbs. \$2.90; 25 lbs. \$6.00; 100 lbs. \$23.00.**

Fancy Hulled Red Top

A suitable grass for moist, rich soils where it thrives most luxuriantly. It is a good variety to sow with Timothy or clover for meadow or pasture and is more permanent than either of the other two. **Lb. 35c.; 3 lbs. \$1.00, postpaid. Not prepaid: 10 lbs. \$2.25; 25 lbs. \$4.25; 100 lbs. \$16.00.**

New Improved Semesan Jr. increased the yield on the average 3.55 bushels per acre. Only 4 ears, or $\frac{3}{2}$ pounds of corn required to pay for this increase in yield.

Treat Your Seed Corn With New Improved SEMESAN JR.

Diseases of corn, such as Ear, Root and Stalk Rots, that attack corn cause millions of dollars loss every year to the American farmer. Semesan Jr., not only holds these diseases in control but it also increased the yields from 5 to 10 per cent. We have found it extremely valuable for treating all of the corn we plant, especially when the soil is wet and cold, as it will prevent rotting of the seed. It is easy to apply to the seed by dusting, using $\frac{1}{2}$ oz. to a bushel of seed. It only costs 3 to 5 cents per acre to treat your seed corn and we believe is one of the best paying investments any farmer can make. Ask for booklet on Treating Corn with Semesan Jr. $\frac{1}{2}$ oz. pkt. 15c; 2 for 25c; 1 lb. can 85c; 5 lb. can \$3.50.

Only 0.4 of a bushel of the average yield increase of 35.4 bushels was required to pay for the Improved Semesan Bel, leaving a return on money invested of 9830 per cent. Easy to Apply. Costs only 2c per Bu. Prevents Scab and Rot.

TREAT YOUR POTATOES WITH New Improved SEMESAN BEL

Treat your seed potatoes with New Improved Semesan Bel. The quick dip treatment will take care of potato disease, especially rot and scab. One pound will treat from 60 to 80 bushels, which makes the cost of treating from $\frac{1}{2}$ to 3 cents per bushel. Full instructions on every can. 2 oz. pkg. 25c; 1 lb. can \$1.60; 5 lb. can \$6.75.

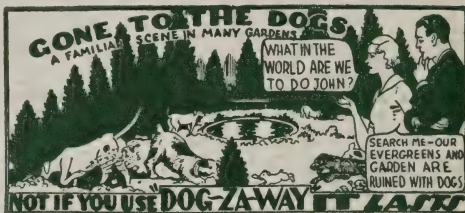

TREAT WITH QUICK, EASY
SEMESAN BEL
DIP FOR LARGER POTATO CROPS

New Improved Ceresan

Will Increase Your Grain Yields
PREVENTS SMUT. INCREASES YIELD. LOW COST.

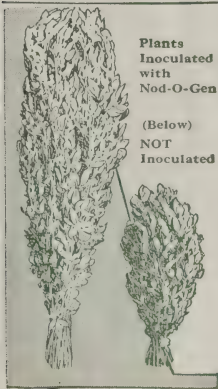

Why grow smutty grain, which greatly reduces your yield, when for 2 to 3c per bu. you can treat your seed and prevent a loss. Very effective in preventing bunt or stinking smut on wheat, covered smut and stripe disease on barley and smut on oats. Also improves the stand and will increase your yield from 3 to 5 bu. per acre. Easily and quickly applied, requires no water, and will not bother in sowing after it is treated. A pound can will treat 30 bu. of seed grain. Full instructions on every can. 1 lb. can 75c; 5 lb. can \$3.25.

"DOG-ZA-WAY"

PROTECT OUR SHRUBS AND PLANTS

This new repellent is guaranteed to be the most effective and efficient spray on the market. Especially prepared for use in gardens where one is bothered by dogs and other animals. It is non-poisonous and guaranteed not to injure dogs, plants or others coming in contact with it. Only a solution having a disagreeable odor offensive to animals with a keen sense of smell. Applied with a small hand sprayer and lasts several weeks. Indispensable around the home and garden. 3 oz. can 45c. 3 for \$1.25. Money refunded if not satisfactory.

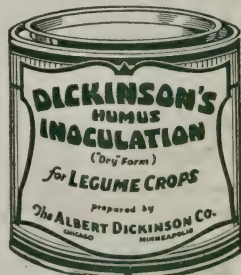

Dickinson's Humus Inoculation

Now you inoculate your alfalfa, clover, soybean or other legume seed without the use of water and still be sure of a growth of soil-improving root nodules as full and vigorous as was formerly possible to obtain only by the use of bottle or "jelly" type cultures.

Dickinson's New Humus Inoculation has been perfected after careful study and experiment in the country's largest commercial soil bacteriological laboratory. Each culture contains millions of vigorous root nodules bacteria living in a specially blended humus substance which can be mixed with the seed dry, just as it comes from the can. Every can contains plenty of culture material to fully inoculate the quantity of seed for which it is intended.

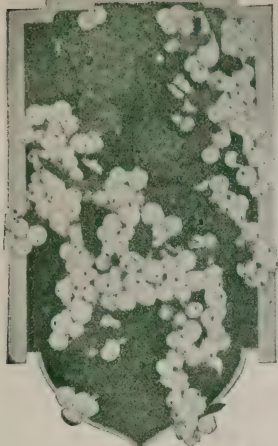

Full directions are printed on the label. No skill or experience is required to get good results with Dickinson's Humus Inoculation. It is safe and easy to use and produces sure results at a cost of only a few cents per acre. Only a few minutes are required to inoculate the seed which can then be sown immediately. Many growers now prefer Dickinson's Humus Inoculation because of the handy form and the ease with which it is used.

This inoculation is put up for Alfalfa, Clovers, Soy Beans, Field Peas and Beans. Always mention for what crop inoculation is wanted.

Special Prices for 1943

SNOWBERRY

A Shrub For Shady Places Snowberry

A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 2 to 3 ft. high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow **Strong bushy plants each 20c.; 3 for 60c.; 12 for \$2.00.**

LILY OF THE VALLEY

Grand New Peony

"Solange" The Regal Beauty

Its high rating of 9.7 should convince every flower lover that Solange is a choice Peony. The flowers are truly giant in size, often 6 to 7 in. across, double rose-type and are borne so profusely that a plant in full bloom is covered with flowers. Flowers are a delicate soft cream-pink. A rare beauty and the nearest "yellow" Peony to be had. **Strong Plants: Each 50c.; 3 for \$1.25.**

SOLANGE

Lily of the Valley

The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places, especially on the north or east side of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 6 to 8 weeks after planting. **6 for 40c.; 12 for 75c.; 50 for \$4.50.**

Mrs. J. L. Larson, Wis.—Your plants are always just excellent and your seeds are so reliable, they always produce first quality

HARDY FERNS

Free Seeds
See Page 16

Hardy Ferns

Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown and are especially adapted for shady places where other plants or shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U. S. Full cultural instructions sent with each order **Extra Large Plants: 3 for 60c.; 6 for \$1.00; doz. \$1.75, postpaid.**

Yucca

A tropical looking plant with long, narrow leaves which remain green almost the entire year. Grows in close clumps and throws up a flower stalk 4 to 5 ft. tall from which hang beautiful creamy-white bell-shaped flowers, often 50 to 100 on a spike. It remains in bloom a long time and may be classed as one of the best hardy ornamental plants. Does well even on poor, dry soil. **Each 25c.; 3 for 60c.**

Order Early! Order Early!

Many seeds and plants are scarce this year and will be sold out long before planting time. You will make no mistake in ordering early this year.

YUCCA

Plant Food

This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns, and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. **FEEDER** is sure to bring forth healthy plants and lots of flowers. **2 oz. pkt. makes 5 gal. 15c.; 8 oz. pkg. makes 20 gal. 40c.; 2 pkgs. 65c.**

Rainbow Flower Garden

We have made up a choice mixture of easily grown, free flowering and brightly colored flowers. Each packet contains sufficient seed to sow a row 30 to 40 ft. long or a bed 10 by 15 ft. Sow a packet of this seed, it will make a bright spot in your garden and also supply many beautiful bouquets. **Pkt. 8c.; 3 pkts. 20c.**

Shrubs will increase the Beauty and Value of your Home.

Jung's Grand Special Shrub Collection

10 Select 2 yr. Field Grown Shrubs for \$2.25 Postpaid

The past season has been unusually favorable for growing shrubs and we produced about the finest lot of shrubs we have had in many years. They are well branched and heavily rooted, ready to start a strong vigorous growth as soon as you set them out; You will be surprised how soon they will grow into mature shrubs and delight you with their beauty and flowers, many of these shrubs will bloom the same year they are set out. If you are not more than pleased when you receive these plants return them at our expense and your money will be refunded.

Frank A. Storious, Ohio—The shrubs that I ordered from you last year grew splendidly and seeds were very satisfactory.

This superb Collection consists of the fine shrubs listed below. All of them are sturdy plants, full of vigor and vitality.

- 1 Golden Bell Forsythia
- 1 Fern Leaved Privet
- 1 Graceful Persian Lilac
- 1 French Pussy Willow
- 1 Hugonis or Golden Rose of China
- 1 Hardy Dogwood
- 1 Pan. Grandiflora Hydrangea
- 1 Spirea V. H. or Bridal Wreath
- 1 Rosy Plume Spirea
- 1 Snowberry

RED IRIS

Scarlet Bush Maple

A distinctive and beautiful bush maple noted for its hardiness and the brilliant coloring of the foliage in the fall. It makes a rapid growth and in a few years will reach its normal height of 8 to 10 ft., a fine shrub for backgrounds and also used for hedges and wind-breaks. It colors up gorgeously in the fall. **Select 2 yr. plants: Each 30c.; 3 for 75c.; 12 for \$2.95.**

SCARLET MAPLE

We guarantee all our plants and shrubs to reach you in first class live condition.

BLEEDING HEART

Red Toned Iris

Not many people are aware of the wonderful progress that has been made with Iris in recent years especially in red shades. So that you may have a fine assortment of the red toned varieties we will send you a collection of

5 RED IRIS FOR \$1.00

These are large select plants, many of them sold for \$2.00 each only a few years ago. Each plant labeled.

NOTICE

Owing to the extra expense of filling and packing plants and shrubs we cannot accept orders for these items unless they amount to 75c or more.

CHINESE ELM

Chinese Elm

A new elm which is becoming very popular as it is one of the rapid growing shade trees. It is a fine shaped tree, extremely hardy and will thrive in dry sections. Well suited for either shade or street trees. Our trees are transplanted, with plenty roots, sturdy trees, no spindly seedlings as are often offered at low prices. **Strong transplanted 4 to 5 ft. trees. Each 35c.; 3 for \$1.00; 12 for \$3.50.**

With every order we include free a booklet of instructions on how to plant and care for Bulbs, Plants, and Shrubs.

Bleeding Heart

An improved type of the popular old fashioned favorite. The beautiful fine cut foliage and long showy branches of graceful heart-shaped pink flowers are always attractive. The plants are very hardy and may be used as borders or margins of shrubbery, also used quite extensively for cutting or bouquets. Does equally well in sun or shade. **Each 30c.; 3 for 75c.**

SCARLET CLIMBER ROSE

Scarlet Climber Rose

The size of flowers, profusion of bloom and dazzling red color make this one of our most gorgeous climbing roses. The flowers are large in size, very double and are borne in clusters of 5 to 8 flowers; as they are produced on long stems they are well suited for cutting and bouquets. **Strong 2 yr. field grown plants: Each 35c.; 3 for 90c.**

Except where noted we pay postage. Please remember this when comparing prices.

Jung's

Giant Red Peony

If you can have but one Peony plant let it be this grand variety. Flowers are very large, fully double and a bright live red with no trace of purple. Very free flowering and if cut when in bud will last a week or more indoors. A plant of this fine peony, when in full bloom, will make a grand sight on your lawn or in your garden. **Strong 3 to 5 eye plants. Each 35c.; 3 for 95c.**

JUNG'S GIANT RED PEONY

LAWN GRASS

Jung's Fairfield Special Mixture
ALWAYS GROWS, ALWAYS THRIVES, HARDY DEEP
VELVETY GREEN, SURE TO PLEASE

Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. The seed used is **PURE AND HEAVY**, and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. **Lb. 45c.; 5 lbs. \$2.00, postpaid. Not prepaid: 25 lbs. \$8.50; 50 lbs. \$16.65; 100 lbs. \$32.50.**

Shady Spot Lawn Grass

This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. **Lb. 50c.; 5 lbs. \$2.25, postpaid.**

Fancy Wisconsin White Clover

For some lawns especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. **Fancy Seed: 1/4 lb. 30c.; 1/2 lb. 50c.; 1 lb. 85c.; 5 lbs. \$4.00, postpaid.**

Jung's Giant Red Gladioli

There are so many beautiful Gladioli that it is hard to pick a single variety as being the best. However, the red ones seem to be the most popular and if you wish something out of the ordinary order some of these bulbs, they will produce flowers of giant size and beauty in many shades of "red." **Large Select Bulbs: 6 for 35c.; 12 for 65c.**

Hansen Bush CHERRY

A Beautiful and Useful Hardy Ornamental Shrub

A beautiful hardy shrub that is both useful and ornamental. The bushes grow 3 to 4 ft. tall and bear a fine crop of cherries that are especially fine for jellies or jam. Especially resistant to drought and makes a splendid ornamental shrub. Early in the spring they are a mass of white when in bloom, later they leaf out heavily with silvery green foliage which turns to red and gold in the fall. Strong 2 yr. field grown plants: **Each 30c.; 3 for 70c.; doz. \$2.25.**

BUSH CHERRY
